

MILWAUKIE DEPARTMENT

FIRST TRAIN IS RUN OVER CARVER ROAD

REGULAR SERVICE, HOWEVER, IS NOT EXPECTED TO START FOR SOME TIME.

MILWAUKIE, Ore., Nov. 26.—(Special.)—While one steam train has already been run over the new line of the Oregon City & Portland Railway system, it is not expected that a regular schedule will be established for some days.

The first train to pass over the line was last Sunday. It can be said that as soon as the road is in shape for regular traffic that the people of Milwaukie will be given full notice so that a public celebration can be held, under the direction of the Commercial club of this place, this much having been promised by Stephen Carver, the owner and builder.

It was learned yesterday that the first schedule will provide for four trains daily to connect with the Etacada trains of the Portland Railway Light & Power company, but at just what hours has not been made known.

BIDS ARE SOUGHT ON NEW WATER PROJECT

ESTIMATED COST OF MILWAUKIE WORK IS \$24,000—MANY SEEK BULL RUN WATER.

MILWAUKIE, Ore., Nov. 26.—(Special.)—Now that the city council has accepted the plans of City Engineer Morris for the distribution system of the municipal water plant, bids will be received by the council on December 14 for the construction work. It is said that the estimated cost is \$24,000, or \$10,000 less than the amount of bonds voted. The standpipe is to be erected on the high grounds in the eastern part of town. About 60 residents of Milwaukie Heights have petitioned the council for water, but as they are outside the city limits and the plan would necessitate the laying of a special water main it is not likely that anything will be done in the matter for a time at least.

The new water system is to be supplied with Bull Run water furnished by the city of Portland at a stipulated price for each thousand gallons.

CHURCH PLANS BAZAAR

MILWAUKIE, Ore., Nov. 26.—(Special.)—Next Tuesday and Wednesday, November 30 and December 1, the women of the Catholic church will hold a bazaar in the Grange hall in Milwaukie. On each day there will be many useful articles on sale, and a chicken dinner will be served at noon each day. Tuesday evening there will be a short program of literary and musical numbers, while Wednesday evening the Christian Bros. College glee club from Portland, will be present and furnish the music. The affair promises to be one of the best attended and most successful in the history of the Milwaukie Catholic church.

GARAGE IS FOR LEASE

MILWAUKIE, Ore., Nov. 26.—(Special.)—The new garage on the main street of town, built by I. Gratton, at a cost of \$3500, is now completed. It is modern in every respect and is considered one of the best outside of Portland. It is the intention of Mr. Gratton to lease the garage as he does not care to run it himself.

REPORT OF THE CONDITION OF THE

First State Bank of Milwaukie

of Milwaukie, in the State of Oregon, at the close of business Nov. 10th, 1915.

SCHOOL TO TAKE PART IN DEBATING WORK

The Oregon City high school has joined the state debating league and preliminary work in debating is now being featured in all English classes. All of the students are being drilled in

MILWAUKIE DEPARTMENT

NEW FIRE STATION NEARING COMPLETION

MILWAUKIE, Ore., Nov. 26.—(Special.)—Milwaukie's new fire station, recently authorized by the council at an expenditure of \$500, is nearing completion on the property of Mrs. Llewellyn, adjoining the postoffice. The station, at the rear, has a high tower, which will hold the fire bell, while the station will serve as a home for the hose carts, hose and other apparatus. In addition to the new station the fire boys have been provided with 1800 feet of new hose and they will be better prepared than ever to fight fire. The new station is 24x30 feet and has a concrete floor. The rental of the land on which the building stands has been given to the city free by Mrs. Llewellyn.

MILWAUKIE HOME IS BURNED TO GROUND

FAMILY OF SEVEN LOSES ALL CLOTHING AND FURNITURE—LOSS \$1100.

Fire caused by defective wiring completely destroyed the home of John J. Meine on DeWitt street, Sellwood addition to Milwaukie, Tuesday afternoon. The total loss was \$1800, of which \$700 was covered by insurance. The house was a five-room structure and a story and a half high.

All the furniture and clothing of the Meine family were destroyed by the fire and Mr. and Mrs. Meine and their five children, the youngest of whom is only a few days old, are staying with neighbors until they are re-established. All efforts to save the house was useless. Milwaukie volunteer firemen responded to the alarm, but were unable to do much good owing to the fact that there was no hydrant close to the burning house. However, a chemical wagon was of some use.

CLUB HAS NEW HOME

MILWAUKIE, Ore., Nov. 26.—(Special.)—The next meeting of the Milwaukie Commercial club will probably be held in the new quarters of the organization, a building on Oak street, kindly donated by Mrs. Hays. Unless a special meeting is called the club will convene regularly on December 1, when one of the chief matters will be to lay plans for the celebration of the completion of the Oregon City & Portland Railway system.

MOVIES TO AID SCHOOL

MILWAUKIE, Ore., Nov. 26.—(Special.)—With a view to aiding in the purchase of playground apparatus for the Milwaukie school, the Milwaukie Parent-Teacher association will have charge of a moving picture entertainment at the moving picture theater to night. The proceeds will be used in the purchase of playground apparatus.

MANY ATTEND DANCE

MILWAUKIE, Ore., Nov. 26.—(Special.)—The annual Thanksgiving dance of Ash camp, W. O. W., was held Wednesday night in the Milwaukie city hall, with a large attendance.

OAK GROVE CLUB MEETS

MILWAUKIE, Ore., Nov. 26.—(Special.)—The Oak Grove Social Service club, whose members comprise people of Oak Grove, Milwaukie and surrounding country, held a meeting Tuesday night in the Grange hall here, which was well attended and a splendid program was carried out.

HUMAN ASHES CAST UPON RIVER

CEMENT PLANT MAY RUN BY NEXT MARCH

OVER 100 MEN NOW EMPLOYED AND OSWEGO PLANT WILL SOON BE COMPLETE.

OSWEGO, Ore., Nov. 26.—(Special.)—No longer can there be any doubt in the minds of Oswego people that the Oregon Portland Cement company intends to resume operations, and, in fact, is doing some things just as fast as it is possible for a large crew of men to do them.

Some weeks ago the company started work upon the completion of its plant and the connection of the plant with the Southern Pacific line. At the present time no less than 100 workmen are employed in the yards and about the buildings of the cement company, completing the buildings upon which work was abandoned several years ago, erecting new buildings and constructing water and sewer systems.

While no definite announcement has been made by representatives of the company, still it is said that it is hoped to have the plant in operation by the middle of next March, when between 100 and 150 men will find steady employment manufacturing 1000 barrels of cement each day. Orders for the necessary machinery for the plant have been placed for some time with eastern factories, and if no delay is experienced from this source there is every reason to believe that the plant will be in operation on the date expected.

The work upon the extension of the spur to the property of the cement company near Dallas is waiting the supply of rails by the Southern Pacific, which, when furnished, will make possible the remaining mile of track, after which the limestone quarry will be opened and rock shipped to the Oswego plant. The four miles of track from the main line of the Southern Pacific several miles below Roseburg is also waiting for steel. Over three miles there have been graded, and the remaining mile will be finished soon.

DEVELOPMENTS MAKE ROUTE NECESSARY

OSWEGO, Ore., Nov. 25.—(Special.)—It is believed to be only a matter of a short time until Oswego will have its second rural free mail delivery route, the petition for which has been in the hands of the proper department in Washington, D. C., for over a month. Postmaster Davidson, in speaking of the matter, says that he expects a visit any day from the rural free mail delivery inspector, located in Spokane, whom it is believed will speedily recommend the establishment of the route.

The proposed route is within the area covered by the present route, but not on the same road traversed by the latter, which covers a distance of 27 miles in the round trip, and serves 350 families. The new route would furnish mail at the present time to 100 families and the distance traveled would be 12 miles. It will serve mail to the families living in the Lake Grove locality on Oswego lake which has practically built up the last season, 50 families alone living there at the present time. This tract of land has cleared and platted by the owners, the Oregon Iron & Steel company, which is fast disposing of it to Portland workers in lot and acre tracts.

Another tract of land which is fast being cleared by the Oregon Iron & Steel company so that it may be placed on the market is the Dunthorpe section. Here the company is spending a great many thousand dollars in clearing the land, making roadways and hard surfacing the roads and streets, laying water mains to be supplied with Bull Run water, and erecting an electric light line connecting up with the Portland plant.

Already several fine homes are being built in this section. It is predicted that within a few years at the most all the land between Oswego and Portland will be pretty well dotted with homes.

ALL FIND WORK IN OSWEGO ENTERPRISES

OSWEGO, Ore., Nov. 26.—(Special.)—The people of Oswego never before had as much cause to be thankful as this Thanksgiving day, for it finds practically every man in town with a job and drawing fairly good wages.

It has been no uncommon thing, at this time of the year, for the town council to have on file a number of petitions and requests for financial aid for several worthy families, but up to this time no requests have been made for assistance and none are likely because every family man has either been employed for some time past or has lately been by the Oregon-Portland Cement company in the work of preparing its plant for actual operation.

When the company announced the resumption of work some time ago it stated that preference would be given to Oswego men and preferably those having families. Since then no less than 100 employes have been put to work, and of this number were all the Oswego men that had been idle. With them and the odd jobs hereabouts every man is now employed, and Thanksgiving finds the larger well supplied and the families happy with the prospects bright for steady work for many months to come.

OSWEGO DEPARTMENT

WOMAN SEEKS PLACE ON OSWEGO COUNCIL

WARM ELECTION EXPECTED DECEMBER 6—MANY CANDIDATES ARE OUT.

OSWEGO, Ore., Nov. 26.—(Special.)—This town will have a warm election on December 6. Of the six candidates nominated for councilmen, which is the only office to be filled at this time, one is a woman, who has become quite active and will make a strong fight against her male opponents, so her friends and supporters say. This candidate is Mrs. Mary C. Smith, a well known resident of Oswego, and property owner.

Others who candidacies have been announced are Matt Diddan, D. H. Fox and August Kempin, all present councilmen and up for re-election; J. W. Kling, in the employ of the General Electric company in Portland, and Elmer L. Shipley, employed by the Oregon Iron & Steel company in the Portland office. Three councilmen are to be elected for a term of two years each.

Up to this time Oswego women have taken little interest in Oswego town affairs, but this campaign is finding them busy in city politics.

The three councilmen up for election have given general satisfaction, and it is thought they stand a good show of re-election unless a change of sentiment should turn up at the last moment.

IMPORTANT POSITION WON BY OSWEGO MAN

OSWEGO, Ore., Nov. 26.—(Special.)—After a residence of several years in Oswego, during which time he has been in the employ of the General Electric company in Portland in the construction engineering department, S. B. Clark leaves Sunday with his family for Spokane, where he will be connected with the Merchants Central Heating company, which has a large contract in the eastern Washington metropolis. He will be general superintendent of the work. Mr. Clark's work is on the basis of a three years' contract, after which he will probably go to the Orient on a similar mission for another company, which has a large contract in China. The Clarks have many friends in Oswego, all of whom will regret their departure, but wish them well in their new home. They own their dwelling here, which has been leased.

DETECTIVES AT WORK ON FIRE MYSTERY

OSWEGO, Ore., Nov. 25.—(Special.)—For some time past detectives have been investigating the fire, which destroyed the three small dwellings of Mrs. M. C. Wells in Oswego early in September, and for the last two weeks the Board of Underwriters of the Pacific have been advertising that it would pay a reward of \$20 for the arrest and conviction of the person or persons who were thought to have set the fire. The properties were said to have been well insured. It is rumored that one man has already made a confession implicating others in the incendiarism, and it is believed that it is but a matter of a short time until the detectives will have brought the guilty persons to the bar of justice.

OSWEGO THEATRE IS NEARING COMPLETION

OSWEGO, Ore., Nov. 26.—(Special.)—A new frame structure, one story in height, is being erected on the corner of A avenue and First street by H. M. Williams, and when completed, within a few weeks, will be used for a moving picture theater. Already it has been leased to the proprietor of the present show house in Oswego. The new building is being erected with a view to its proposed use and will be modern with increased seating capacity over the present movie house.

200 VOTERS IN OSWEGO

OSWEGO, Ore., Nov. 26.—(Special.)—Voters have until Friday night of this week only to get their names enrolled with the city recorder, H. W. Koehler, at his office on Front street, if they wish to vote December 6. No little interest is being taken in the approaching election despite the fact that only three councilmen are to be elected. Counting those whose names had already been placed on the registration rolls and did not have to register again, it is thought that about 200 persons will have qualified to vote at the election.

OSWEGO HAS FIRE BELL

OSWEGO, Ore., Nov. 26.—(Special.)—Oswego now has a fire bell to summon volunteer fighters, and work is underway for the erection of a tower for the same with a station beneath for the hose cart. There is a good supply of buckets and ladders and with the added equipment the town will be fairly able to battle against the fire demon.

OSWEGO TURKEY SHOOT

OSWEGO, Ore., Nov. 26.—(Special.)—As a result of a turkey shoot and raffle held on the clearing back of the school building yesterday, several Oswego people will thoroughly enjoy their Thanksgiving dinner, for it cost them but a trifle.

PIPE PLANT WORK IS ON WITH VIM

CLUB GIVES SOCIAL

OSWEGO, Ore., Nov. 26.—(Special.)—While no announcement has come forth, still everything points to early resumption of work at the plant of the Oregon Iron & Steel company, on the river. Superintendent W. W. Todd and crew of carpenters and laborers are at work repairing the buildings and sheds, and while the former will not talk, still it is thought that the making of pipe is to be resumed very soon, or else the repair work would not be undertaken at this time. When this plant is in full operation between 50 and 60 men are employed.

OSWEGO, Ore., Nov. 26.—(Special.)—What is pronounced as one of the most enjoyable of the social events of the season was the masquerade dance and basket social held in Grange hall Wednesday night by the Oswego Commercial club. The members of the club vied with each other in seeing that their guests had a thoroughly good time, for which they were fully repaid by the compliments bestowed upon them during the evening by the women and men alike. The women brought well-filled baskets, enough for two, and these were raffled off to the highest bidder, and dancing was indulged in until the wee hours of the morning.

OSWEGO, Ore., Nov. 26.—(Special.)—The members of the Oswego County Veterans' Association, held their regular meeting at the home of Mrs. J. A. Avin, 116.00; A. J. Rosenthal, 20.00; Mary Buol (R. Trimble), 45.00; Sarah Gibbons, 20.00; Ella Payne, 10.00; Henry Spiess, (Mr. and Mrs. Chalk), 10.00; W. J. Moldenhauer, 10.00; Louise Ballou, 15.00; Mrs. Galbraith 15.00; Harry Cooper, 20.00; Kate Gardner, 15.00; Anna J. Snyder, 15.00; Mrs. G. W. Thompson, 10.00; Gustav Grebe, 10.00; A. C.
