At the same time all are aiming toward a larger scope for securing the benefits to be obtained from the soil in years to come.

The entire community was shocked Monday morning by the sudden death of Mrs. Ernest Klar, who was struck by a south-bound train on the Southern Pacific and instantly killed. No blame was placed on the management or to any of the train crew for the accident.

The warning signal was given as soon as the danger was perceived, but Mrs. Klar, who was almost totally deaf, was unaware of the approach of the train until it was too late. Mrs. Klar was the daughter of Mr. and Mrs. Wallace, of Multnomah, who, for several years, were residents of Macksburg, and who left behind them many sympathetic friends who are deeply concerned for them in this trouble. Mrs. Klar leaves beside her husband, two young daughters. The people of Macksburg wish to convey through the Enterprise, heartfelt sympathy to the relatives and friends in their irreparable loss.

## WAR UPON PAIN!

Pain is a visitor to every home and usually it comes quite unexpectedly. But you are prepared for every emergency if you keep a small bottle of Sloan's Liniment handy. It is the greatest pain killer ever discovered. Simply laid on the skin—no rubbing required—it drives the pain away. It is really wonderful.

Mervin H. Solister, Berkeley, Cal., writes: "Last Saturday, after tramping around the Panama Exposition with wet feet, I came home with my neck so stiff that I couldn't turn. I applied Sloan's Liniment freely and went to bed. To my surprise, next morning the stiffness had almost disappeared, four hours after the second application I was as good as new." March, 1915.
