

MOOSE PREPARE A STAMPEDE FOR T. R. AT CHICAGO

LEADERS OF PARTY ARE MAKING ELABORATE PREPARATIONS AND ROOMS ENGAGED.

COLONEL'S SUPPORTERS TO MAKE EFFORT AT REPUBLICAN CONVENTION

Hughes Statement Discountenancing Use of Name in Selection of Delegates Spurs Roosevelt's Men to Activity.

CHICAGO, Feb. 16.—Belief that an effort will be made by Roosevelt men to stampede the Republican national convention for the colonel was expressed in Republican circles today, following the announcement by Justice Hughes that he is opposed to the use of his name in connection with the nomination of delegates to the convention.

Roosevelt men are coming to Chicago in large numbers the week of the Republican and Progressive conventions, both of which are to begin June 7.

Reservations of rooms in nearly every hotel have been made, including the principal suite for the use of the colonel and seven floors for Mooseers in the La Salle. Efforts have been made by Progressives to obtain tickets to the Republican convention in the Coliseum, according to reports in political circles.

Several thousand Roosevelt men will be in the convention, it was said, at the time the cry for the colonel is started, and they will join in the bedlam that is expected to follow.

In addition to the rooms for 500 Progressive party leaders and delegates and the suite for the colonel himself at the La Salle, 200 are to be taken care of in the Auditorium hotel and more than 100 in the Congress.

George W. Perkins, a financial backer of the Bull Moose party, has engaged the Florentine room in the Congress and other rooms there.

That the colonel is coming to Chicago convention week no one doubts. He has said that he would come if there were a chance of amalgamating the Moose and the Republicans. Those who know Colonel Roosevelt realize that he would insist on using his own brand of soldering material in forming the amalgamation.

A report spread today that agents of Mr. Perkins had negotiated with managers of theaters in Michigan avenue for noontime Progressive meetings.

GIRL SENT TO JAIL.

PORTLAND, Ore., Feb. 11.—Because she sought to lead another girl toward the path of peril, Judge Langguth sentenced Florence Benton, aged 18 years, to ten days in jail. The specific charge was vagrancy.

"You are a menace to society," the judge informed her. "You are worse than a housebreaker. If you appear again you may be certain that sentence will not be light, as in this case."

Several days ago Florence Benton was told by the Women's Protective division to cease her attempt at leading an Oak Grove girl into questionable society.

After the reprimand she wrote letters to the other girl, aged 16, bidding her come to this city without delay.

"The fellows want to see you," is the significant sentence she penned, it is said.

POISON IN SOUP TRACED TO CHEF OF CHICAGO CLUB

ANARCHISTIC LITERATURE LOCATED IN THE ROOM OF DEPARTED COOK.

POLICE OF MANY CITIES SEEK MAN WHO PREPARED DINNER

Discovery of Radical Books, Together with Violent Poison in Private Laboratory, Gives New Clue to Officers.

CHICAGO, Feb. 12.—Virulent poison was found today by city chemists in samples of the soup served at the banquet in honor of Archbishop Mundelein at the University club Thursday night.

Today's discovery, coupled with the disappearance of a kitchen employe of the club and the finding of similar poison in a private laboratory in his room, together with literature classed as anarchistic, led the police to believe that the illness which overcame more than 100 of the diners was the result of a deliberate attempt to poison the guests.

Dr. John D. Robertson, issued a warning to all who attended the banquet to place themselves immediately under the care of a physician.

Several of the distinguished guests were so affected that they have not yet recovered. Two are still confined to their beds and others today said they still felt the effects of the poisonous soup.

Archbishop Mundelein was not affected by the poison. He ate sparingly of the soup and said today that he had not felt any ill effects.

The absence of Jean Crones, assistant chef at the club, was noted by the manager, H. J. Doherty, and his suspicions were aroused. With a policeman he went to Crones' room and there discovered the laboratory and found poison flasks.

Crones, according to the club officials, was employed last September. He was fond of discussing economic questions and was said to have inveighed often against the present order of society, with its strata of rich and poor.

In the room which he had occupied the police say they found many volumes of anarchistic authors, explosives and weapons in addition to the poison vials.

His description was sent to various cities.

Among the guests at the banquet who were affected by the poison were prelates, judges, bankers, noted physicians, representative business men and manufacturers prominent in the affairs of city and nation.

GLADSTONE BOY HAS FULLY QUALIFIED AS A MARINE MARKSMAN

PERCY WILSON IS STATIONED AT GUAM—HIS RECORD CONSIDERED REMARKABLE.

In an official bulletin issued by headquarters, United States marine corps, Washington, appears the name of Percy Wilson, of Gladstone, as having qualified as a marksman in that most interesting branch of the government service.

Percy, who is a son of Mrs. Bertha Wilson, of Gladstone, enlisted in the United States marine corps at its Portland recruiting station on May 22, 1915, and is now serving at the marine barracks, naval station, Guam, Ladrones island group, where he is having many interesting experiences and adventures.

Considering the fact that Wilson is scarcely more than a recruit, his performance in gunnery is considered by marine corps officials as little short of marvelous, and they expect him to break many marksmanship records before his enlistment expires.

100 ILL BECAUSE OF DIRTY KETTLE

CHICAGO, Feb. 11.—A tempest in and around the kettle which supplied the chicken broth that poisoned more than 100 guests at the banquet given in honor of Archbishop Mundelein at the University club last night was started today.

A statement was made by Dr. John Dill Robertson, commissioner of health, that thus far there is no evidence of ptomaine poisoning, but that the facts seemed to indicate that the trouble was due to copper or verdigris poisoning, because the kettle and other kitchen utensils were in bad condition.

BELGIAN SOLDIERS HUNGER FOR TOBACCO

COUNT ALEX. VAN DER STEGEN DE SCHRIECK

To all smokers, as well as to non-smokers, of the United States, an appeal is being made for money to supply tobacco to the soldiers of the Belgian army. Deprived of tobacco by the war the Belgians feel the need almost as much as they would a lack of food. The sense of loss is keen. Count Alex. van der Stegen de Schrieck, a refugee from Belgium, has come to America to solicit a tobacco fund, and J. P. Morgan & Co. of New York has consented to be the depository of the money raised.

OREGON COAST STORM SWEEPED SAID BEARD

FORMER OREGON CITY MAN RETURNS AFTER TRIP INTO TILLAMOOK COUNTRY.

Not in the history of the oldest pioneers of that section, has Tillamook beach been visited by so severe a snow and storm as the one that swept over that locality a short time ago, according to William Beard, a former resident of Oregon City, now living in Sellwood, who was here Friday for a visit to friends.

Mr. Beard has just returned from a trip to Tillamook beach, which he took during the recent severe storm, and he said that while en route there his train was delayed in tunnel No. 3, on the other side of the summit and the crew and passengers were compelled to remain in the tunnel 12 hours, owing to a tree having fallen across the track.

The people were not inconvenienced aside from the delay, and suffered no hardship. The express car contained a quantity of food and these were taken possession of, and the telegraph wire being tapped, the section crew ahead was advised of the trouble, and had a big meal ready for the 15 or 20 persons. The train was surrounded by snow four feet and one inch deep, and when Mr. Beard reached Tillamook beach he found six inches of snow that reached right down to the water's edge. Old timers at the beach say that no in their knowledge has the beach been visited by such a snow. Mr. Beard was at the beach two weeks and during that time only twice did mail reach the station.

JUDGE TERM RULING MADE.

SALEM, Ore., Feb. 14.—County judges who have been chosen at any general election since November 1912, hold office for six years, Attorney-General Brown declared in reply to an inquiry from District Attorney Johnson, of Curry county. Although the statute apparently is specific as to the length of time which county judges shall serve, Attorney-General Brown says he has received many inquiries from persons throughout the state.

Article 7 of the state constitution, the attorney general points out, plainly states the length of office of judges, reading that "Judges of the supreme court and other courts shall be elected for a term of six years."

Had Terrible Pains in Kidneys and Back.

Dear Mr. Editor—I want to write you about "Anurio." I was very sick, could hardly be up; I was in bed most of the time. Had terrible pains in my kidneys and back, so much so that I had to scream sometimes when I was sitting down and wanted to get up, the pain was so great. I had tried a well-known kidney medicine but it didn't help me. I heard of Dr. Pierce's Anurio Tablets so I thought I would try them. I took only one box of the Tablets, and my back is now free from pain and I can work and take care of my family. I feel I cannot say enough for this medicine. Sincerely, Mrs. Wm. Keller.

NOTE: This "Anurio" is adapted especially for kidney complaints and diseases arising from disorders of the kidneys and bladder, such as backache, weak back, rheumatism, droopy, congestion of the kidneys, inflammation of the bladder, scalding urine and urinary troubles. The physicians and specialists at Dr. Pierce's great institution, at Buffalo, N. Y., have thoroughly tested this prescription and have been with one accord successful in eradicating these troubles, and in most cases absolutely curing the diseased kidneys. Patients having once used "Anurio" at Dr. Pierce's Invalids' Hotel, have repeatedly sent back for more. Such a demand has been created that Dr. Pierce has decided to put "Anurio" in the drug stores of this country, in a ready-to-use form. If not obtainable send one dollar by mail to Dr. Pierce for trial package or 50 cents for full treatment.

Dr. Pierce's Golden Medical Discovery is a blood cleanser and alterative that starts the liver and stomach into vigorous action of this country, in a ready-to-use form. It thus assists the body to make rich, red blood, which feeds the heart, nerves, brain and organs of the body. You feel clean, strong and strenuous.

A-1 IS FAILURE.

Failing to prove satisfactory, the gasoline launch A-1, a new type of vessel which was to have been operated in regular service between Portland and points on the upper Willamette river, has been tied up and dismantled. On her first trip she returned to Portland before reaching Oregon City. A-1 is a small carrier, and was fitted out with what is known as a tunnel propeller.

Until the freshest recedes there will be no water traffic out of Portland to Corvallis and way points. The steamers of the Yellowstone line have been obliged to tie up on account of the Oregon City locks being flooded. The Grahamons is idle at the Portland end of the route, while the Pomona was caught above the locks. This is the first time these steamers have been obliged to tie up this season.

Editor Standish of the Progress, Estacada, writes: Estacada is on the railroad 30 miles from Portland with cheap electric power and water to locate factories there. Business men willing to cooperate with parties looking for locations and offer some kind of bonus. Valuable clay deposits, much coal, fir, maple and other woods accessible. Editor Standish can give further information.

Portland Railway, Light & Power company employed 2000 extra men keeping its tracks clear in Portland during recent snow. City of Portland employed 1600.

EFFICIENCY NEED IN CHURCH WORK DECLARE LAYMEN

PLACES WHERE RELIGION MOST NEEDED OFTEN MISSED, SAYS SPEAKER.

INTER-DENOMINATIONAL BOARDS FOR CITIES EARNESTLY PROPOSED

Missionaries From Many Lands Tell of Progress Made in Spread of Christianity and Need For More Trained Men.

PORTLAND, Ore., Feb. 14.—Co-operation, the keynote of the Laymen's Missionary convention now in session in Portland, was sounded today in all the meetings and conferences held in the White Temple.

Herman F. Swartz, of the Congregational Board of Missions of New York, who was one of the afternoon speakers, voiced the dominant sentiment when he suggested that in every growing city should be established an inter-denominational board of reference to get the best out of the efforts of the various churches; to prevent overlapping; to solve many problems that now confront the church, and to correlate the working powers of the denominations.

His suggestion was greeted with rounds of applause. In all the addresses and activities of the convention the feeling that inspires the clergy and laymen appears to be a desire to make the church do practical everyday service.

"In the congested districts of the cities, where the need of the church is the greatest, there we seem to be the biggest failures," said Dr. Swartz.

The second day's meeting were well attended. At not the men filled the entire auditorium. The registration went over the 2100 mark.

Bishop J. W. Washford, of China, made a stirring address at the night session. "China Today and Tomorrow" was his subject. J. P. McNaughton spoke on "War Experiences in Turkey," and William M. Gilbert exhibited motion pictures demonstrating "The Dawn of a New Day" and "Around the World in Motion Picture." The evening meeting was prefaced by a song service led by the convention soloist, Ernest W. Neftzger.

SILVERTON SCHOOL GIRLS WIN SECOND GAME; SCORE 11-12

BASKETBALL GAME IS ONE OF FASTEST PLAYED HERE DURING SEASON.

In a game that rivals any played here this season in interest and speed, the Silverton high school girls' team defeated the Oregon City high girls' quintet, 11 to 12. A game played at Silverton early in the season, between the two teams resulted in a tie.

The game was played in the old armory hall, and the building was crowded. The Silverton team, accompanied by their coach, Miss Bea Cowden, will return today.

The first half ended 9 to 6 in favor of the visitors, while the locals were able to secure a larger number of points in the second. Miss Faye Benson, of Silverton, and Miss Gladys Green, of the local team, starred. The line-ups follow:

WORLD SALVATION IS FINANCIAL PROBLEM

PORTLAND, Ore., Feb. 16.—"Chicken pie suppers and socials and the like as a means of raising 'sinews of war' for the church do not appeal to Dr. J. B. Trimble, who was one of the speakers at the session of the Laymen's Missionary Movement convention now in session here.

"The trouble with the church is that our methods of financing it are ridiculous," he declared.

"What would you think of President Wilson if, after making his trip advocating preparedness, he had returned to Washington and told the secretary of the navy that we need dreadnaughts and cruisers, and for him to go out over the country and organize ladies' aid societies to give chicken dinners to raise the needed funds?"

"Men will go to a chicken pie dinner and get a 50-cent meal for 25 cents and go away looking pious. Why, they have embroiled 25 cents from the Lord."

This was but one of the pointed thrusts that Dr. Trimble made at the prevailing methods of financing the church.

"The way we have been financing the church is a discredit to us and dishonor to God," he declared.

"I know a church in Missouri with 120 members, and 14 are paying all the bills. What do you think of that?"

"It is just like 'em," answered someone near the front row.

"If a man is covetous," continued the speaker, "that will shut him out of heaven as well as any other sin."

CHICAGO POLICE DISCOVER GREAT ANARCHIST PLOT

JOHN ALLEGRI NI FRIEND OF CHEF ALLEGED TO HAVE PUT POISON IN SOUP, IS HELD.

300 LETTERS WRITTEN IN ITALIAN REVEAL EXTENT OF ALLEGED PLOT

Aim of Scheming Was to Wipe Out Hierarchical Aristocracy of America—Papers Connect Mrs. Crones With Crones.

CHICAGO, Feb. 14.—Police are gathering evidence tending to show that the company attending the dinner in honor of Archbishop George W. Mundelein at the University club was only part of a nation-wide plot to wipe out the hierarchical aristocracy of America.

Shortly after Captain Nicholas Hunt announced yesterday he would book John Allegri ni, who assassinated King Humbert, Italian ruler, Deputy Superintendent of Police Schuetter declared the plot may lead investigators out of the country.

Allegri ni, union stonemason and friend of Jean Crones, anarchist, who sought to destroy 400 dinner guests, the police say, by drugging a kettle of soup with arsenic, was booked as his accomplice on a charge of conspiracy to commit murder and attempt murder. He made this declaration after he had questioned Allegri ni, believing that the Italian knows the present whereabouts of Crones. Allegri ni protested that he does not, that he is innocent of any wrongdoing and, although he is Crones' friend, he says he knows nothing of the anarchist's private career except that he spent much of his time in chemical experimentation.

Three hundred letters written to Allegri ni and other Italians in their native language, were seized by detectives and are being translated. These letters tend to prove, police say, that the plot to destroy guests at the dinner to Archbishop Mundelein reaches out along a maze of anarchistic plots.

Each of the letters sent to Allegri ni on March 3, 1915, unsigned, may throw some light on the plot insofar as it may have been aimed particularly at dignitaries of the Catholic church or some other religious institution.

The letter was preceded by a letter of a bomb, showing how the machine is constructed.

The writing beneath declared that this bomb required three months to construct.

LOS ANGELES FIREMAN DEFENDANT IN ONE ACTION—WIFE RIFLED POCKET, SAYS ONE.

May Kramer Nottley Tuesday filed a suit in the Clackamas county circuit court for divorce against Lester Lyle Nottley, 4437 Kingswell avenue, Los Angeles. The defendant is an employee in the Los Angeles fire department, stationed at Third and Hal streets in that city.

They were married in Los Angeles, August 29, 1913, and, she says, he deserted her December 29, 1914. Since that time has not contributed to her support, and she has been living with her parents in Oregon.

They were married September, 1903, at Notre Dam de Laurd, Manitoba, Canada, and have one child, Leon, aged 10 years. Stone and Moulton are his attorneys.

Johanna T. Smith, in a divorce suit filed Tuesday, says her husband, Wells Irving Smith, stopped work when they were married at Vancouver, September 22, 1915, and forced her to support them. J. Dean Butler appeared as Mrs. Smith's attorney.

ALASKA RAILROAD TRACKLAYERS STRIKE

SEWARD, Alaska, Feb. 11.—Tracklaying on the government's railroad from Anchorage to the Matanuska coal fields was stopped yesterday by a strike of the steel gang workers at Peters Creek.

The striking track layers demand 50 cents an hour. They have been receiving 27 1/2 cents an hour.

Lieutenant Frederick Mears, United States army, of the Alaska Engineering commission, today sent three Deputy United States marshals to the scene of the strike to preserve order.

BOOZE RAIDS IN PORTLAND.

PORTLAND, Ore., Feb. 11.—Two highly successful raids on alleged blind pigs, the conviction and sentencing of Robert E. Outfield for bootlegging, and the destruction of 85 gallons of homemade wine, were the main features today in District Attorney Walter H. Evans' crusade with the aid of Sheriff Harburt, on a dry law violators.

As Peter Juravich, bartender, was pouring drinks for Sam Nazarek and Vladimir Novikivik from a bottle of whiskey the deputy sheriffs descended upon the "soft" drink establishment at 32 North Second street, formerly known as Jim Sourapas' saloon.
