

May Vote \$20,000 Bonds for New School Building

MILWAUKIE SCHOOL BOARD ISSUES CALL FOR SPECIAL ELECTION APRIL 19.

MILWAUKIE, March 30.—(Special)—The agitation relative to a new school building for Milwaukie, which began about two weeks ago in a slight way, reached the point where, on Tuesday night, it appeared before the school board meeting in the form of a petition with about 44 signers, asking the board to call a special election to vote on bonds for the erection of the proposed new building.

The supporters of the bonding question expect to conduct a strenuous campaign of education to prove to the taxpayers that it would be very detrimental to the district to delay the erection of the building, that the present building is taxed to its capacity and with the added attendance that is sure to come next fall the building will be entirely inadequate to the needs.

It is pointed out that the issuance of the proposed bonds would mean only an additional levy of 1 1/2 mills each year for a period of 10 years. The present levy for school purposes is but 6.8 mills.

OLD PEOPLE'S KIDNEYS.

Many Elderly Oregon City Residents Suffer From Some Form of Kidney Trouble.

When past middle age, there frequently comes a noticeable weakening of the organs of the body, and resulting danger of quick decline. It is quite necessary to give prompt help to any part that first shows signs of wear. Healthy kidneys are necessary to a hale old age. Weak kidneys often bring constant backache, lame back, stitches and twinges of pain, annoying urinary troubles, and the danger of dropsy or Bright's disease. Doan's Kidney Pills are gratefully recommended by very many aged people. Read what an Oregon City resident says: "James Wilkinson, 261 Fourteenth St., Oregon City, says: 'Nothing gave me so much relief from pains in my back and other symptoms of kidney trouble as did Doan's Kidney Pills. I had to get up often at night and I couldn't sleep on account of the pains and aches all over. I was quite stiff in my limbs. Doan's Kidney Pills were finally recommended to me and I used some. I took several boxes and though I am in my seventies, I am now hale and hearty.' (Statement given March 29th, 1910). A Confirmed Statement Over Three Years Later. Mr. Wilkinson said: 'All I have said in praise of Doan's Kidney Pills still holds good.' Price 50c at all dealers. Don't get cheap for a kidney remedy - get Doan's Kidney Pills - the same that Mr. Wilkinson has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y. (Adv.)

SOMEONE PLEASE ANSWER

(1) The present District Attorney, drawing from the taxpayers a \$2100 salary, requires a deputy at the additional public expense of \$900. Meanwhile he engages in private practice. Would it not be in good taste, (also good morals) to "cut out" the private practice—likewise the deputy?

(2) What did the county get for the \$2500, and more, squandered on the Harry Levings detective job?

(3) Why didn't the District Attorney defend the county against the Harry Levings suit? Is it true that two special counsel fees paid by the county amounted to substantially \$500?

(4) An Oregon City aspirant for the Republican nomination says he will not ask the county to pay his deputy, but may require "Special counsel to help out;" and that further expenditures may be necessary "For the purpose of hiring detectives." Is he deliberately leaving the way open for a repetition of the Levings affair?

(5) Do both of these gentlemen, by their continued silence, wish it to be understood that the Public has no right to an explanation—that it is none of the Public's business?
