Why Constipation Injures.
The bowels are the natural sewerage system of the body. When they become obstructed by constipation a part of the poisonous matter which they should carry off is absorbed into the system, making you feel dull and stupid, and interfering with the digestion and assimilation of food. This condition is quickly relieved by Chamberlain's Tablets. Obtainable everywhere. (Adv.)

COUNCILMEN OF GLADSTONE WILL BURY HATCHET

CITIZENS' COMMITTEE IS ABLE TO BRING DEADLOCKED FAC-TIONS TOGETHER.
CITY FATHERS OF TOWN ON THE CLACKAMAS MEET AGAIN TUESDAY
F. S. Baker and H. E. Cross interview Members on Both Sides of Controversy and Grievances Are Given an Airing.

Peace pacts have been signed by the warring factions of the Gladstone council. The deadlock has been ended, and the opposing members of the body will meet again, the first time in many weeks, next Tuesday night, all as the result of work on the part of a citizens' committee composed of H. E. Cross, F. S. Baker and H. E. Williams, following a quiet mass meeting last Monday night.
The Gladstone council is composed of six members, and four are necessary to constitute a quorum. Thors, Goodman, Parrish and Clyde, refused to attend a meeting, thereby preventing a session. The council was split over matters in connection with the management of the water department, and had not met since early in March.
Tuesday night the committee of citizens visited Reeves, Burdon and Niles, and Wednesday night they interviewed the insurgents, Goodman, Parrish and Clyde. Both sides promised to forget past differences and to attend the session next Tuesday night when matters of business, long neglected, will be taken up. Mr. Williams of the committee was unable to attend the Wednesday night conference.
Both sides aired the troubles of the committee of citizens. Goodman, who won his seat in the council after a contest in the courts, explained that the council did not receive him in the right way and Clyde sympathized with his views. Parrish believed that greater economy was needed in the conduct of city business.
The differences arising out of the operation of the city water system were not brought up Wednesday night, and at the meeting next Tuesday this matter will probably be threshed out.

Could Hardly Do Her Work.
Housework is trying on health and strength. Women are as much inclined to kidney and bladder trouble as men. Symptoms of aching back, stiff and sore joints and muscles, blurred vision, puffiness under eyes, should be given prompt attention before they lead to chronic or more serious ailment. Mrs. George Hauck, 955 Pearl St., Benton Harbor, Mich., writes: "I was awful bad, with such pain I could hardly do my work, and I am very thankful for Foley Kidney Pills." (Adv.)

SHE IKED CHILDREN, HE DIDN'T; NOW SHE APPLIES FOR DIVORCE

Birth control caused trouble in Thomas family—Other actions filed.
The principle and methods of birth control are blamed by Mrs. Emma M. Thomas, who Wednesday filed a suit for divorce from Harry H. Thomas, for the troubles between herself and husband. They were married in March on October 18, 1905, and have two children, of whom Mrs. Thomas seeks the custody.
Mrs. Thomas alleges that upon their marriage she was a strong woman, but her husband was opposed to children and insisted that she take drugs and treatment which did much to wreck her health. She asks for \$30 monthly for the support of their two children. Brownell & Sievers filed the complaint for Mrs. Thomas.
Claiming that his wife once said she was a fool for having married him, and that she often said that she wished that they were not married, Elmer A. Bly has filed a suit in the circuit court for a divorce from Alice B. Bly. They were married October 29, 1892, in Omaha, Neb.
Marie Tugie has filed a suit for divorce from Herman Henry Eske, alleging desertion and cruel and inhuman treatment. They were married March 1, 1911, in Eugene, and have one child.
Charging that her husband was addicted to the use of intoxicating liquors and imbibed alcohol too freely to suit her fancy, Mrs. Frankie Schofield has filed a suit in the circuit court for a divorce from Herbert Schofield. They were married in Seattle February 1, 1909.
N. E. Clark alleges desertion in his suit for a divorce from Emma Clark. They were married November 15, 1899, in San Francisco, and, he says, she left him in 1900.
Mina Illstrup charged desertion against Clement Hirst. They were married March 7, 1905, in Bertina, Minn., and have one child.

COUGHS AND COLDS Not to Be Neglected

Anyone who realizes the seriousness of neglecting a cold if he observes results of such neglect among his acquaintances. How often have you heard, "He caught cold, didn't do anything for it and it turned into"—then some dreaded disease is named.
Ordinary colds yield to prompt treatment at the beginning. That is why every family should be supplied with a reliable cough medicine—one that will heal raw and inflamed surfaces, loosen the phlegm, allay irritation, ease the hoarseness and stop the tickling sensation in the throat that does not permit one to sleep.
Foley's Honey and Tar Compound is invaluable for relief of coughs, colds, croup, whooping cough, tickling in throat, tightness or soreness, grippe or bronchial cough. It contains no harmful ingredients. It is healing, soothing, efficient and pleasing.

CAMPBELL HOLDS TOOZE DOES NOT NEED STATE PAPER

Following decision, school board reflects superintendent for next year.
Opponents of City School Superintendent F. J. Tooze failed in their attempt to oust him Tuesday when Circuit Judge Campbell upheld the demurrer filed by the district against A. L. Beattie's complaint, in which Beattie prayed for an injunction restraining the district from paying Tooze salary or giving him a contract for the school year 1916-17.
Following the decision of Judge Campbell, the school board held a special meeting and elected Mr. Tooze superintendent for the next year, commencing September 1916. His salary will be \$1900 a year.
Mr. Tooze does not hold a state certificate of any character whatsoever, and Mr. Beattie held, in his suit for an injunction, that this lack of state certificates prevented him from legally holding his position. Attorneys for the district showed a clause in the session laws of 1911, on which the plaintiff based his case, in which it was provided that no section of the law should be taken "to invalidate the rights and privileges granted by such certificate or diploma."
Judge Campbell's decision is important to the teachers of the state inasmuch as he is of the opinion that a teacher, who had properly filed a diploma from a college or university as was provided under the old law, prior to the enactment of the statute of 1911, is entitled to teach now without additional certificates.
Judge Grant B. Dimick, C. Schuebel and C. D. Latourette represented the district and Livy Stipp, Mr. Beattie.
The board will meet Saturday to elect teachers for the next school year.
