

### GEO. C. BROWNELL IS CANDIDATE FOR THE LEGISLATURE

Mr. Brownell was a member of the state senate from Clackamas county for 12 years, and his record was exceedingly good. The State Journal of 1901, at page 45, shows that he was the man who fought through the legislature what was known as the initiative resolution amending the constitution of the state, which changed our whole form and system of government. It was through his influence more than any one other man in Oregon, that the old political machine was destroyed and put out of business. Under this new system has come the popular election of United States senators at the ballot box, the primary nomination law and all other legislative reforms. All through his service in the senate he was a strong advocate of woman's suffrage.

To show the esteem that the people had of him, and the influence that he exercised, he was elected president of the senate in 1903. When President Roosevelt came here in 1903, he was selected by unanimous vote of both houses of the legislature to deliver the address of welcome to the president. He is a candidate in the Republican primaries for one of the representatives from Clackamas county to the legislature, which meets January 1917. The nominations occur in Clackamas county on the 19th day of May, 1916, in the primaries.

In his platform he favors good roads, lower taxation and he pledges himself to the people of this county that if elected, he will vote and work to abolish the numerous commissions that are costing this state about \$1,000,000 each year to maintain. He also favors and will introduce into the legislature and fight for to the bitter end, a law in favor of the people electing their own road supervisors in the different road districts of the county, and favoring three county commissioners for three districts, one commissioner to be in the north half, and one in the south and east halves, and the other in the west half on the west side of the Willamette river. On account of his large experience in the senate his services would be invaluable to the taxpayers and the people generally of this county, and for that reason, if for no other he ought to be nominated in the primaries on May 19th, 1916. He is an able man and should be nominated if the people want good service and want results, because it is generally conceded, by his enemies as well as his friends, that he knows how to do things and how to produce results.

### HARVEY GIBSON CANDIDATE FOR COMMISSIONER

Harvey Gibson has filed a declaration of his candidacy for county commissioner, on the Republican ticket. In announcing his candidacy for commissioner, Mr. Gibson says he has no interests to serve but the people's interest; that he goes into the contest

with the firm determination, if successful, to give his time and thought to the advancement of the public welfare, and that he considers the road problem the most important matter before the people today.

Mr. Gibson is a resident of Barton and has lived in Clackamas county 15 years. He is well known in that community as a successful farmer and has a large acquaintance throughout the county. Mr. Gibson's interest in public affairs is shown in the fact that his neighbors have retained him in the capacity of school clerk and school director continuously during the last 26 years.

If I am nominated and elected I will during my term of office at all times conscientiously and impartially work for the best interests of the taxpayers of Clackamas county, and will exercise my best endeavors in seeing that the money of the taxpayers is justly expended and that a dollar's services will be given for the dollar received.

### Expert on Values For Assessor

R. E. Woodward, republican candidate for the nomination for assessor, is especially well qualified to fill the position to the best interests of all taxpayers. His many years experience in the real estate business, his intimate association with the farmers and business public in buying and selling and city property all over the county have given him unlimited knowledge of values and local conditions surrounding each tract of land, farm or city property. This experience which has taken years to acquire gives Mr. Woodward most extraordinary qualifications for seeing that the people get a fair, square and impartial deal on their assessments, and his strong claims are—Impartiality, true and accurate valuations, absolute fairness, no favoritism and strict economy.

Along these lines he pledges to work and expects to increase the total tax income without placing any extra burden on the small taxpayer.

### C. I. STAFFORD

### Republican Candidate For County Assessor

Several years experience in office and corporation accounting, added to about eight years active business experience in Oregon, are good qualifications for the office I seek and should enable me to give excellent service in the Assessor's office if elected.

I believe in a period of exemption from "cleared land rates," for the resident owner of farm land who clears and puts it into cultivation as such is a benefit to the community and the state.

Your support in the primaries of May 19th, is respectfully solicited.

### TO THE VOTERS OF CLACKAMAS COUNTY

### Republican Candidate for Representative From Clackamas County.

As you all know, I am a candidate for the office of Representative in the Legislature and seek the nomination on the Republican ticket at the Primaries on May 19th, and I feel as though I am entitled to the nomination and election, but you all know that I am a poor man financially and not able to go all over Clackamas County, call meetings, rent halls and speak to you people for you all know the job does not pay much and therefore I cannot spend much money and time away from my bridge business as my family needs what little assistance I can give them. Voters, if you honor me with your vote, I will certainly go up to Salem and at all times work for your interests, introduce and work for passage of my road bill and introduce a bill to abolish all useless commissions. I will not promise to do all this and then go there and not do anything in its behalf and have the Oregonian come out and say like it did on April 24 that the last Legislators promised to abolish useless commissions and then not do a thing towards it.

Voters, I will at least try and God knows I cannot make things any worse than the last session was.

Thanking you in advance I remain yours for a good, clean and better government and less taxes.
