Long stretches of ground covered with yellow buttercups are lying like miniature seas of gold in the sunshine or brightening the landscape when it is shaded with clouds. The Indian arrow-wood is wearing its downy plumes in the fresh south wind, while the brightest and most varied of all is the Oregon grape, which makes the roadside a continuous pageant of the richest color. Its leaves are in every hue of the rainbow, except blue. The most vivid green, the deepest red and the gorgeous yellow are there. Its bright orange flowers come and depart early, but its foliage keeps the eye reveling in its wealth of color throughout the year.
