Hearing by School Board of Charges Made by Mr. Miner Is Not Considered Likely for Several Different Reasons.

Fred J. Tooze, city superintendent of schools, Wednesday filed a \$20,000 OREGON CITY MILLMAN slander suit against Claude G. Miner. principal of the high school. There is little likelihood of these charges being heard by the board. Mr. Hedges, who is chairman, leaves Saturday for New Haven, Conn., to participate in the class reunion of Yale university, and Mr. Eby is out of the city on account of the death of his brother and will not return before the end of the week.

The matter is regarded as too portant to be acted upon except by the entire board, and it is understood that a majority of the board believes that the charges contain litt'e that would warrant an investigation, as a considerable part of the subject matter has been investigated at different times by individual members of the board.

Moreover, attorneys for Mr. Tooze and Mr. Miner are at loggerheads over the legal procedure to be followed, it being contended by Mr. Tooze's attorneys that the charges should be made more specific.

The complaint has a tendency to take the whole matter out of the hands of the school board and throw it into the courts.
