RECORD CROPS GROW ON MACKSBURG FARMS

FRUITS RIPE AND READY FOR CANNING—GRAIN ATTAINS UNUSUAL HEIGHT.

MACKSBURG, Ore., June 29.—(Special.)—Wonderful has been the work of those incomparable magicians, sunshine and moisture, during the past week. The growing grain has attained a height that would seem incredible in so short a time, while large tracts of ground where seed had lain so long that it had been given up are now bright with promising crops.

The fruit, too, has not been backward. Cherries and raspberries are ripe and the loganberries nearly ready for use.

Out-of-doors the fruit pickers are busy, and the summer's work of canning and jelly-making is well under way.

Ed Morris' place presented a stirring scene on Saturday afternoon when a group of neighbors came to shingle his new barn. For five or six hours the hammers rang busily, and then all were called to a most generously provided supper of which they partook with a relish which only homes of open-air-work can give. Besides Mr. Morris' own family, those present were: John Hepler, Otis and Charlie Morris, A. A. Baldwin, Ed Koch, Eric Boeche and Felix Stephain.

Ed Koch, Joe Wilson and Fred Lemons are about starting for Coleville.

CHAMPION

The Relief Rake prevents the grain from bunching between platform and elevator—keeps all grain, particularly short stuff, from gathering at the inner end of cutter bar and insures a steady flow of grain to the elevator. Invaluable when in tangled or badly lodged grain.

An exclusive CHAMPION feature.

Positive Force Feed Elevator insures a positive and continuous flow of grain to the packer arms. Eliminates bunching at the Binding Attachment by forcing the grain clear into the attachment. Works accurately on all weights of grain and under all conditions. This is an exclusive CHAMPION feature.

The Force Feed Elevator and the Relief Rake Make the Champion Binder the Best Machine You Can Buy

These two features alone should be sufficient to convince any careful buyer that the Champion Binder is the most serviceable machine in the field, but when you consider the many other advantages found on the Improved Champion Binder, among them the balancing sectors which keep the machine perfectly balanced in all heights of grain, the ball and roller bearings which make it light running and easy pulling and the simple, efficient driving mechanism, there remains no room for doubt of the superiority of the Champion. It represents the greatest possible binder value for the money.

Drop us a card for our big free Champion Catalog and testimonial circulars or pay the nearest Champion Agent a visit. It will be to your advantage.

BACKING UP PROOF.

The Kind That Oregon City People Cannot Deny.

Many an earnest Oregon City man or woman has publicly endorsed Doan's Kidney Pills.

Week after week, month after month you've read their statements.

Would these Oregon City people recommend any medicine if it were not good?

Would they confirm and repeat their statements after years had passed?

Local proof is good evidence. Testimony confirmed years after is better evidence.

The following Oregon City man's statement leaves no room for doubt. It must convince every kidney sufferer who reads it.

If your back aches—if your kidneys are weak, profit by Mr. Busch's experience:

F. H. Busch, 11 Eleventh St., Oregon City, says: "I suffered from an acute attack of kidney and bladder trouble and got no relief until I used Doan's Kidney Pills. They stopped the trouble after I had taken two boxes and I have had no return of it since."

(Statement given March, 1910.)

On April 17, 1916, Mr. Busch added: "I am permanently cured of my former trouble and Doan's Kidney Pills got the credit."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the name that Mr. Busch has twice publicly recommended. Foster-McMillan Co., Props., Buffalo, N. Y.
