SECOND ADDITION TOHAWLEY PAPER MILL POSTPONED

CONSTRUCTION OF NEW PLANT DELAYED UNTIL WORK UND-ER WAY IS COMPLETED.

SLUMP IN PAPER BUSINESS NOT EXPECTED FOR AT LEAST 3 YEARS

Erection of Buildings Along Main Street to Alley Between Fourth and Fifth Will Probably Begin Early Next Year.

Postponement for a few months of the plans of the Hawley Pulp & Paper nounced Wednesday by Willard P. Hawley, Jr., assistant to his father who is president and general manager of the mills.

"We want it distinctly understood that we intend to build the second additional units," said Mr. Hawley. "We feel, however, that we had better wait until the additions now under way are completed before launching into the construction of the second new MRS. SARAH WARE, EARLY ORE

Mr. Hawley intimated that work on the second additional unit would begin soon after the first of the year Buildings comprising this unit will rua from Third street north to the alley between Fourth and Fifth streets on a daily capacity of 50 tons of paper.

The mill has taken a two-year lease on the James Tracy property, a half block bounded by Main, the Southern Pacific tracks, Fourth street and the alley between Fourth and Fifth, with an option to buy the property at any time within the next two years. The mill will withdraw for the time being its petition to vacate Fourth street from Main to the Southern Pacific

"If the war should end suddenly and the bottom drop out of the paper market we could not build this second addition at once, said Mr. Hawley, "However, we have the advice of the country's best known experts and they say that the present conditions in the paper market will last for the next three years at least."

The addition now under way will will come from the immense machine be completed a month ahead of the scheduled time.
