USE OF THE TOOTHBRUSH.

It Was Unknown In England In Lord Chesterfield's Time.

When did the English first adopt the toothbrush habit, which in recent times has been denounced by certain medical authorities? In "Esmond" Thackeray makes Lord Castlewood spend "a tenth part of his day in the brushing of his teeth and the oiling of dainty lunch at 4 p. m. his bair," and in doing so the novelist commits a double anachronism.

century all fine gentlemen wore wigs while the toothbrush was so late as Writing to his son. Chesterfield says:

"I hope you take great care of your mouth and teeth and that you clean present. them well every morning with a sponge and tepld water, with a few drops of arquebusade water dropped into it. 1 do insist upon your never using those sticks or any hard substance whatever, which always rub away the gums and destroy the varnish of the teeth."-London Saturday Review.

Poisoning as a Diversion.

Poisoning is never likely again to be come a fashionable diversion, as it was from time to time in ancient In B. C. 331, for instance. Rome. there was a mysterious pestilence to leading men. At inst a slave girl gave information to the authorities. W. D.
