How to Give Good Advice.

AURORA GROWERS WILL ABANDON HOP YARDS

AURORA, Ore., Sept. 4.—A number of growers here announced today that they will abandon their yards, leaving the hops unpicked on account of the mold.

This is by no means general, but most yards show traces of mold. The weather is very unfavorable and growers fear that moldy hops may be common this fall. Up to a week ago, the yards here had seldom promised a better quality of hops, but the mold appeared suddenly and may affect seriously even the yards that are being picked.

Pickers are wanted in a number of yards here. Several yards began picking today with short crews. Others will begin Monday with half crews.

Are You Looking Old?

Old age comes quick enough without inviting it. Some look old at forty. That is because they neglect the liver and bowels. Keep your bowels regular and your liver healthy and you will not only feel younger but look younger. When troubled with constipation or biliousness take Chamberlain's Tablets. They are intended especially for these ailments and are excellent. Easy to take and most agreeable in effect. Obtainable everywhere.—Adv.

Mrs. F. E. Hartmeister, Tea, Mo., writes: "I was affected with kidney trouble for two years. I was so bad this summer I could hardly do my cooking. I got Foley Kidney Pills and they helped me. I feel like a new person." Too many women neglect symptoms of kidney derangement. When the kidneys are not properly doing their work poisons left in the system cause weak back, dizziness, puffiness under eyes, swollen ankles, joints, and rheumatism. Jones Drug Co.—Adv.
