"KILL BREWERS' BILL" PLEADS "DRY" SPEAKER

PROHIBITION CANDIDATE FOR PRESIDENT SPEAKS TO BIG THROUG IN PORTLAND.

PORTLAND, Ore., Sept. 15.—J. Frank Hanly, former governor of Indiana, and the prohibition party's candidate for president, spoke to several thousand people at the Ice Palace here Friday night, and made an impassioned plea for the defeat of the "brewers' amendment" to the Oregon prohibition law.

"Kill the brewers' bill," he shouted to the crowd. "Let no one be fooled by that measure. Don't believe the fiction that it is designed to protect home industry. As a rule we ought to beware when the Greeks come bearing gifts. The brewers' measure ought to be defeated.

"Instead of weakening the law we ought to strengthen it by adopting an absolute prohibition amendment. You have that kind of a measure on your ballot here this fall. Vote for it.

"The danger about adopting the brewers' bill is this: It makes the brewery a legal institution. If it is legalized it has political power. With this power once established, it will break down the existing prohibition law."

POLICE AND MOB ENGAGE IN FIGHT WHILE ON RUN

SEVERAL HUNDRED STRIKERS ATTACK FOUR SURFACE CARS; MANY ARRESTED.

BRICK HURLED FROM BUILDING KILLS SIX-YEAR-OLD LAD

Hope of Averting Sympathetic Action by 700,000 Union Workers Diminishes When Transit Officials Decline to Act.

NEW YORK, Sept. 20.—Rioting was renewed tonight in connection with the car strike after efforts of Mayor Mitchell and others had failed to effect a settlement. Several hundred strikers who attacked four surface cars engaged in a running fight with police reserves, during which several persons, including a woman, were hurt. Many arrests were made.

What the police characterized as a conspiracy to use dynamite in the strike was frustrated by the arrest of a man who asserted he was a striking motorman.

When Police Commissioner Woods was told today that 6-year-old Louis Rodell was dying, a victim of a brick hurler, he redoubled his efforts at clearing roof tops contiguous to the traction lines and went into conference with District Attorney Swann to provide for the speedy punishment of such offenders.

Hope of averting the threatened strike of 700,000 union workers here in sympathy with the carmen was diminished. Mayor Mitchell announced that personal appeal to transit company heads to treat with the strikers was flatly refused. Preparations were continued by union leaders for the "walk-out" which would paralyze industry throughout the greater city.

The only chance now of averting the tie-up Monday, it was said, lies in a conference to be held tomorrow between a citizens' committee and the strike leaders. Samuel Gompers, president of the American Federation of Labor, and 25 presidents of international unions who arrived today, held a conference. No definite action was taken. They will meet again Friday.

Approximately 10,000 women, wives of strikers and members of trade unions, it was announced, will act as pickets beginning tomorrow. They contemplate riding on trains in efforts to induce the motormen and guards to join the union.

EXISTENCE OF CEMENT TRUST STRONGLY DENIED

MANY AFFIDAVITS INTRODUCED IN CASE BROUGHT BY OSWEGO MILL OFFICIAL.

PORTLAND, Ore., Sept. 18.—Affidavits in sheafs and bundles—15 of them in all, some containing several thousand words—were filed in the United States district court late today, by both sides in the so-called cement trust case.

Various of the affidavits air the affairs of the Oregon Portland Cement company, of Oswego, which is the storm center of charges of the existence of a gigantic cement trust that is attempting to control or ruin the Oregon company, from its organization in 1909.

Denial in toto of all the "trust" and conspiracy in restraint of trade allegations brought by Amos C. Moore, vice-president and treasurer of the Oregon Portland Cement company—charges which a federal grand jury that was drawn today is to investigate—in a suit filed August 28, in which, as allowed by the federal anti-trust law, he asked in behalf of the company triple damages of \$1,500,000 from 14 cement concerns declared to constitute the "trust," is made by officers and directors of the Oregon company made co-defendants in that action.

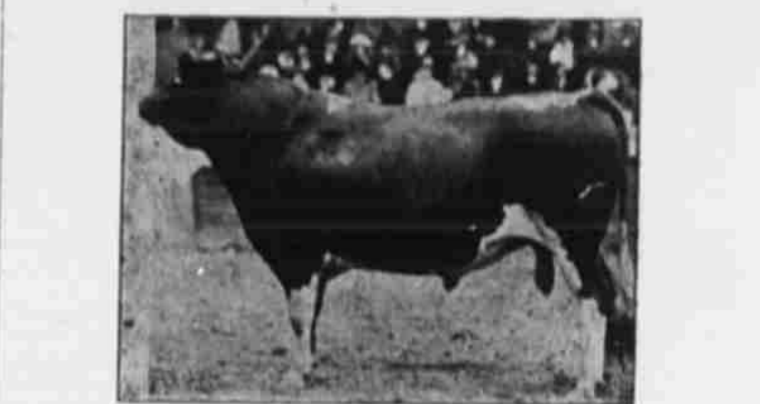

STATE SUES LAUNDRY FOR INSPECTION FEES

The state of Oregon in relation of Ben W. Olcott, secretary of state, filed a suit in the circuit court against M. L. Gram, an inspector working under State Labor Commissioner Hoff, inspected the laundry several times, the complaint alleges. District Attorney Gilbert L. Heddes appears for the state in the case.

MARSHFIELD, Ore., Sept. 14.—The Congress is still at anchor and not drifting, but it all in flames. The A. M. Simpson is still standing near, but the Tillamook is coming back.

MARSHFIELD, Ore., Sept. 14.—While en route from San Francisco with 253 passengers and a crew of 175, the Pacific Coast Steamship company's steel steamer Congress caught fire eight miles off this port late today.

A terrific race to save the lives aboard the steamer at once began. The Congress dashed for shore. In deep water off the harbor entrance she cast anchor, the flames creeping forward meanwhile from the after hold to a point midship. Boats were swung out and lowered and the work of taking off the passengers began.

As fast as a boat was loaded it proceeded to the bar dredge Colonel P. S. Michie, to which the passengers were transferred. When the work began the forward docks of the Congress were black with terrified men, women and children. As the work proceeded the passengers became calmer. The sea was smooth and the weather fine and there was little delay.

The gasoline scowner Tillamook, which was in harbor here, went out to aid the Michie and some passengers were placed on board that vessel.

When darkness came a persons had been taken off the Congress and the Michie and Tillamook headed for the harbor. The Congress by this time was wrapped in flames from stem to stern and was drifting. It was thought as the rescue ships left the doomed vessel that there had been no loss of life, but a complete check of passengers and crew has not yet been made.

The fire was discovered about 3 o'clock this afternoon. It broke out in the second hold in the stowage from an unknown cause.

He alleges that the stenographer in preparing the mortgage made a mistake in describing the property involved and asks that the court correct the error. Mr. Tooze also seeks \$250 attorneys' fees. L. A. Smith, through Will L. Mulvey, has instituted an action against D. Fairchild and W. Bluhm to collect a \$50 note signed in Oregon City August 19, 1916.

STREET SHOOTING IN PORTLAND MAY YET PROVE FATAL

J. L. LEE ATTACKS SLAYER OF HIS DIVORCED WIFE, EMPTYING SAWED-OFF GUN.

Police Passing on Streetcar Capture Murderous Assailant Wounded Man Taken to Hospital After Identifying Foe, and is in Precarious Condition From the Wounds Inflicted.

PORTLAND, Ore., Sept. 14.—The tragic death of his divorced wife by a rifle in the hands of Albert F. Gabel caused James L. Lee, a mechanic, of Kenton, to attempt the robbery-killing of Gabel Thursday afternoon at 4:15 o'clock. At close range Lee fired two loads from a shotgun at Gabel, inflicting wounds that may prove fatal. The shooting occurred before the Queen Bakery, 822 Alberta street.

Mrs. Lee was killed by the alleged accidental discharge of a rifle on January 9 last. Seated before the bakery, where he is employed as a delivery chauffeur by his brother, Henry Gabel, the victim, was reading a newspaper. Lee approached, carrying a sawed-off shotgun.

"Do you know who I am?" witnesses say he asked. "Well, I'm Mr. Lee." His next words were in a lower tone and unintelligible. Gabel glanced up from his paper as Lee fired. The first shot caught Gabel in the left shoulder, shattering it. A hail of buckshot smashed through the bakery windows, impaling those inside.

Gabel leaped to his feet, his shirt sleeves reddened with blood, and began to run. Lee fired at the fleeing man, dropping him on the sidewalk. The first shot was fired at a distance of about 12 feet, the second at 25 feet.

As the wounded man fell, Lee turned and ran nearly to the corner of Sixth and Alberta streets, striking into a vacant lot, where he threw the shotgun in some bushes behind a residence at 1015 Fifteenth street, near Wyzant street.

Patrolman Endicott, who was going home on an Alberta car, with Ex-Detective Constable H. H. Long, left the car and started in pursuit. Lee had secreted himself in the bushes. Patrolman Endicott, with drawn revolver, was a minute's pause, then the fugitive emerged, his hands held high. He was taken the police station at once by Patrolman Endicott in a volunteered automobile.

SAN JUAN, Porto Rico, Sept. 19.—The four-masted schooner J. Holmes Birdsall, of Philadelphia, laden with coal, was washed on the rocks at the entrance to the harbor here today by a ground swell and was abandoned by her crew.
