

COUNCIL REACHES AGREEMENT WITH BUSCH FOR DOCK

CITY WILL HOLD FIVE-YEAR OPTION ON PIER TO BE BUILT BY MERCHANT.

WAY NOW OPEN FOR IMMEDIATE CONSTRUCTION OF MODERN DOCK

Only One Change Is Made by Council in Application As Submitted by Mr. Busch—Two Ordinances Are Passed.

The council at a special meeting Wednesday night opened the way for immediate construction on the dock which will be built by Frank Busch on Water street between Eleventh and Twelfth by ratifying an agreement between the city and Mr. Busch under which the city gives him the right to construct a roadway from Twelfth street to the dock and to build a part of the dock across Water street, which at the present time is not opened up. In return for this Mr. Busch gives the city the right to buy the property at any time within the next five years for the actual cost of construction, plus \$1000 for the site.

In the absence of John W. Loder, J. David Olson, newspaperman, acted as recorder.

The council made only one change in Mr. Busch's application, and it was a minor one. Instead of 17 feet, the roadway which will connect the pier with the foot of Twelfth street will be 14 feet wide.

Mr. Busch's application reads, in part:

I propose to keep an accurate account of all bills for labor, material or other expenses included in the construction of said dock and to file the same with the city recorder of Oregon City, Oregon, and to give the said Oregon City the right and option to purchase the same from me, my heirs, executors, administrators or assigns within five (5) years from date hereof, by paying the actual cost of the construction of said dock as shown by the bills so filed, and in case of the exercise of such option and the purchase thereof by said city within the said specified time, I further agree and bind myself, my heirs, executors, administrators and assigns in addition to convey to the said Oregon City all of the land occupied by said dock lying westerly of said Water street and extending from the westerly line of said street to low water line in the Willamette river for the consideration of \$1000 and no more, and I will furnish to Oregon City an abstract of title showing title in fee simple and free from all incumbrance.

In case this application is accepted by the mayor and city council of said city of Oregon City it shall be with the understanding that said city obligates itself that in case a railway line is constructed along said Water street Twelfth and Water streets across that portion of Water street upon which it is herein proposed to construct said dock or in case of the improvement of said street, that the said Oregon City will not permit the construction of such railway or street improvement in such manner as to in any way obstruct the maintenance and operation of such dock or in any way interfere with the public use of the same.

Material for the construction of the dock is now here and work will be rushed now that the city has accepted the offer.

The council Wednesday night passed two ordinances on first reading, one granting to the Portland Railway & Light company the right to put up a high tension, overhead wire across Main at Third, and the other allowing the Hawley Pulp & Paper company to install another high tension wire across Main street near the basin.

WILSON'S PICTURE FALLS AS HUSTON BEGINS TO SPEAK

INCIDENT AMUSES BIG CROWD AT EAST CLACKAMAS FAIR ON POLITICAL DAY.

POLICIES OF ADMINISTRATION BOTH CRITICIZED AND DEFENDED

Politics Even Extends to Baseball Game in Which Hughes' Team Defeats Democrats—Exhibits Attractive.

ESTACADA, Ore., Oct. 12.—(Special)—Politicians were out in force at the Eastern Clackamas fair here today. Senator S. B. Huston, of Portland, talked for Hughes and Mark V. Weatherford, of Albany, Democratic nominee for congress, was the Woodrow Wilson spellbinder.

George C. Brownell, William M. Stone, Gilbert L. Hedges, J. E. Jack, G. F. Johnson and other local candidates occupied seats on the platform. Last but not least of these was P. W. Meredith, Socialist candidate for representative, who seemed to be able to hold his own. H. C. Stephens, of George, president of the fair association, and Republican candidate for the legislature, presided.

Mr. Weatherford defended the administration, and Senator Huston came back with criticisms of Democratic policies. Just as the senator started to talk, a large picture of Mr. Wilson, that was pasted to a frame in front of the platform, toppled over and fell to the ground.

The politicians gushed around over the grounds and Hughes and Wilson buttons adorned the garments of several hundred men and women. The partisanship even extended to the ball players, who picked out Republicans and Democratic teams and played a fast and furious game, that ended in a victory for the Hughes forces. Dr. Adix and Walter Givens staged a fake fight between two ball players that was so realistic that people rushed from the side lines into the field.

The exhibits are much better arranged than before, and the attendance today exceeded that of Wednesday. Many of the awards have been made and blue ribbons were much in evidence throughout the exhibits. The displays of vegetables were especially good, and the women's exhibits were of a high order.

The fair will end tomorrow afternoon, and among the attractions will be a football game between the Estacada high school team and the Franklin high school of Portland. The fans of Estacada anticipate a fast game.

All unpaid taxes on Clackamas county property are delinquent today. If still unpaid on November 5, a penalty of five per cent will be attached, in addition to the charge of one per cent a month interest. Friday brought a flood of mail into Sheriff Wilson's office, and it will be several days before Tax Collector George Harrington and his aides can catch up on the last-minute rush of business. Until then, the exact amount of delinquent taxes will not be known.

POLICE FIRE AT MOB OF STRIKERS AND KILL WOMAN

TWO MEN WILL PROBABLY DIE AND MANY MORE ARE INJURED BY SHOTS.

OFFICERS ATTACK CROWD BUSY DEMOLISHING FIRE ENGINE

Plants at Bayonne Are Heavily Barricaded and Protected by Authorities—Repeating Rifles and Shotguns Are Used.

BAYONNE, N. J., Oct. 11.—A woman was killed, two men probably mortally wounded, a half dozen other persons less seriously hurt when the police fired a volley into a crowd of Standard Oil strikers and their sympathizers which was demolishing a fire engine tonight.

The engine had responded to an alarm and had been held up by a barricade thrown across the street by the strikers.

Police today prior to the clash were on guard about the plants of the Standard Oil company, the Tidewater Oil company, Bergen Point chemical works and Vacuum Oil company, at Constance Hook, where four policemen and nine rioters were wounded yesterday in a fight between the police and 1000 strikers. Two of those strikers are not expected to recover. The policemen were not dangerously hurt.

The police today were armed with repeating rifles and saved-off shotguns, and most of them were entrenched before the yards of the Tidewater Oil company, while the strikers and their sympathizers gathered a block away.

The republicans of Clackamas county opened the second week of their campaign Tuesday night at Macksburg in Scramlin's hall. Senator S. B. Huston, of Portland, discussed national issues, and pointed out the fallacies of the Wilsonian policies in Mexico. He showed that the European war is responsible for the feverish prosperity that prevails in some sections of the country and said that under the Underwood tariff law, the United States would return to soup houses after the war ends. He was enthusiastically received.

George C. Brownell, candidate for representative, urged a reduction in taxation and read from the records of the last legislature to show the amount of some of the appropriations and the purposes for which they were made. William M. Stone, nominee for district attorney, criticized the official record of the district attorney's office and renewed his pledge to save the taxpayers \$1500 a year in the administration of the office. G. W. Scramlin, county central committee man, presided.

Oak Grove will be the scene of a republican rally tonight, with Senator Huston talking in behalf of the national ticket. The republicans will go to Milwaukie Thursday night. Damascus on Friday and will close the week Saturday night at Sandy.

Foster, owner of the Portland house at Fifth and Main streets, asking for \$300 damages, that Mrs. Foster be compelled to make additional improvements on the property and that he be given undisputed possession of the building under terms of a lease, was tried before Circuit Judge Campbell Thursday. Charles T. Sievers and L. Stipp representing the plaintiffs and J. E. Hedges, the defendant. Mr. and Mrs. Mary Beck alleged that all the improvements outlined in the lease were not made, but the court held that the lease, to all practical purposes, had been complied with. The plaintiffs were declared to have a valid lease to the property. The court awarded no damages and each side will pay its own costs.

Grangers Oppose Land, Loan Bill

Clackamas county Pomona grange is opposed to the land and loan bill, on which the voters of Oregon will pass judgment November 7, and at the meeting of Pomona grange at Park place Wednesday, a resolution was passed in which the grangers expressed their views on the matter.

Chris Schuebel, former legislator and city attorney of the county seat, spoke on the bill. He termed the measure as vicious, and declared that it would ruin the state if passed. The grangers passed another resolution urging the opening up of time deposits in the state and the sale of time to the farmers at cost. They also encouraged the people of Oregon City in their efforts to secure adequate dock facilities.

The meeting of Pomona grange was an all-day session. Luncheon was served at noon and in the afternoon initiative bills were discussed. Charles E. Spence, state grange master, explained the rural credits bill. Practically every grange in the county was represented.

MACHINE TURNS TURTLE ON PARKPLACE HIGHWAY

MRS CLARENCE BRUNER AND MISS ELLA KRUMMEL HAVE MIRACULOUS ESCAPE.

Mrs. Clarence Bruner and sister, Miss Ella Krummel, of this city, had a miraculous escape on Sunday afternoon, when the car they were riding went over an embankment.

Mrs. Bruner was driving the roadster when the accident happened, and in turning to one side of the road in order to let another automobile pass her car, the roadway being narrow at this point, she drove her car too near the roadside. The fence along the roadway gave way, and the car pitched down a 12-foot embankment.

The young women were thrown from the car, but were pinned beneath when the car struck the ground. What probably saved their lives was heavy pieces of timber lodged on top of the brush-heap into which the car plunged and this board held the car in such a position that the occupants were protected. Miss Krummel was the first to be extricated, and as soon as she was free she made an effort to release her sister.

Soon after the accident a large number of people gathered at the scene of the accident and assisted in "righting" the car and getting it up on the main road. The accident occurred on the new paved roadway near the Abernethy bridge in the northern part of the city.

BRITISH MAY QUIT AMERICAN TRADE BECAUSE OF SUB WAR

WASHINGTON, Oct. 9.—Unless instructed to do so by the London foreign office, the British embassy here does not intend to make any fresh representations to the state department, as it regards the representations already made in connection with the Deutschland as sufficiently settling the British view of international law on the subject.

From the British point of view only two courses are open: either to convey all British ships using American ports where the ship is not sufficiently armed to afford full protection, or to withdraw British ships from the American trade.

The latter contains the possibility of much injury to American commerce.
