ONCE IN 50 YEARS.

Only once in half a century does the United States witness an election such as was held Tuesday.

In the course of the evening, Republicans were certain that their nominee for the presidency was victorious.

The New York Herald, the Chicago Herald, the Portland Journal and other newspapers supporting the president issued extras announcing the election of Hughes.

Hundreds of thousands of voters, anxious watchers of election bulletins throughout the nation, went home early in the evening, confident that Hughes was the winner.

Then came the swing, Kentucky, with its decided early majority, swung back in the Democratic line.

If Wilson is re-elected to the presidency, the Democrats will have broken their own record.

MISSING OPPORTUNITIES

Report of the department of commerce shows that before the war American tonnage on the Pacific was 21 per cent British.

The European war and the La Follette shipping bill presented an unparalleled opportunity to Japan.

The Japanese pursue a national policy as a sea-faring people and are refusing all orders to build ships for other countries.

Their shipyards are working day and night constructing hundreds of vessels for their merchant marine and the yellow flag navy.

Instead of restrictive legislation dictated by Gompers, Furesteth et al, the American congress should have taken this historical opportunity, that may never come again, to plant our flag on the seven seas.

Medford—Large sawmill will be built here to operate about February 1, when electric line will tap large timber tract on Jackson creek.

PAPER SHORTAGE IN EAST MORE SERIOUS

UNHEARD OF ECONOMIES FAIL TO BRING DEMAND DOWN TO SUPPLY FOR YEAR.

NEW YORK, Nov. 7.—Recent developments in the white paper market indicate that the shortage which was predicted early this year, is an actual condition and that the prospects are not encouraging to the publishers.

The scarcity of print paper has in the last few weeks caused the newspapers to institute economies hitherto unknown to the business and to look around for additional methods of conserving the stock in hand.

Most of the mill owners realize that excessive prices will wipe out the smaller customers by the score, especially in the rural districts, and they are moderate in their demands.

In behalf of the manufacturers it is pointed out that little new production is provided for because of the cost of installing new machinery, not to mention the fact that it takes approximately two years to develop water power for a new plant.

BOY SCOUT FINDS GIRL RUNAWAY OF 10 YEARS

LITTLE MISS SEES ADVENTURE ON CITY STREETS FROM MONDAY TO THURSDAY.

REAL ESTATE TRANSFERS.

The following real estate transfers were filed in the office of County Recorder Dedman Wednesday:

Fances Vandermeer to Ava O. Starr, land in Clackamas county; \$18.

Emma A. Holton to Justin Falvre, land in section 32, township 4 south range 4 east; \$190.

TEACHERS ADVISED BY SUPERINTENDENT TOOZE AT ESTACADA MEETING

OREGON CITY MAN TELLS INSTRUCTORS TO LOOK FOR GOOD IN HUMAN LIFE.

Start a bank account, save as much of the salary check as possible and check sparingly.

This was one of the points brought out by City School Superintendent F. J. Tooze, at a meeting of the teachers of the eastern part of Clackamas county at Estacada Saturday.

Superintendent Tooze advised the teachers to keep in constant touch with the good books of the day, and to read as much as possible.

F. K. Wells, assistant state superintendent of public instruction, discussed "The Preparation of the Lesson." Poor preparation, he said, was due to indefinite assignments, failure to tell the pupils how to study, the assignment of lessons which were too long and insufficient effort on the part of the pupil.

County School Superintendent Calavan made a short talk. Inclement weather cut the attendance, although schools of every part of the eastern half of the county were represented.

Several of the teachers visited the River mill plant of the Portland Railway, Light & Power company.

PARENT-TEACHER CLUB AT GLADSTONE IS ALIVE

ASSOCIATION SERVES SOUP TO PUPILS, FORMS SEWING CLUB, HOLDS SOCIAL MEETINGS.

The Parent-Teachers' association of Gladstone, organized one month ago is making great progress, with a membership of over 50, which is expected to increase to 100 before the next meeting.

This association has arranged to serve soup at the Gladstone school each day. Monday, the first day on which soup was served, 51 pupils of the Gladstone school partook of the luncheon.

In carrying out this plan, two of the members are selected each week to prepare and serve the soup.

MASS RIDES DONKEY UP AND DOWN MAIN

FEATURES OF RECENT DEMOCRATIC PARADE BROUGHT OUT LAST NIGHT.

Carrying out his pre-election threat that he would parade Main street on the same donkey on which he rode during the Democratic parade in campaign days, Ernest T. Mass, ex-sheriff and would-be postmaster of recent years, now restaurant and hotel proprietor, rode the beast down Main street Wednesday night, gaily bedecked with the national colors.

A crowd of a hundred boys and a few men followed Mass and the donkey, yelling defiance at all Hughes supporters.

In the pre-election parade the only bit of national colors carried by Mass and his mount was a scrap of bunting tied around the animal's neck.

The trial of Julius Wilbur, proprietor of the Friars' club, charged with violating the prohibition law, will be tried December 8 instead of today and his three aides, Casey Jones, Tommy Nisholka and Louis Rosenfeld, charged on a separate indictment with violating the dry statute, will be tried December 9.

The farmer brings his grain to market and the dealer grades it. He may grade it No. 1 and give the farmer top price; then again he may grade it No. 2 or No. 3 or No. 4 and the farmer gets a still smaller price, or he may grade it so low that the farmer gets only chicken-feed price for it.

Mr. Graham, of Oregon City, thought the body that of Chester Mason, his boyhood friend.

Coroner Hempstead also received Monday a letter from Mrs. J. Mason, mother of Chester Mason, asking for a complete description of the body.

Portland—Contracts for construction of six wooden motorships have been awarded to American Ship Building company.

EASTERN LUMBERMEN TO TOUR PACIFIC COAST

NATIONAL ADVERTISING CAMPAIGN PLANNED - PROMINENT MEN TO MAKE TRIP

CHICAGO, Ill., Nov. 5.—Formal announcement was made today of the detailed plans for the western tour of prominent eastern lumber manufacturers, under the auspices of the National Lumber Manufacturers' association.

It has long been felt that the coast manufacturers should be able to give valuable suggestions from their wide experience on best methods of promoting the use of wood, and the trip of the eastern directors of the association is with the two objects of getting these suggestions and of telling the westerners what is already being accomplished.

The schedule of the trip follows: Spokane—Monday and Tuesday, November 13 and 14.

Seattle—Wednesday and Thursday, November 15 and 16.

Tacoma—Friday and Saturday, November 17 and 18.

Portland—Monday and Tuesday, November 20 and 21.

San Francisco—Thursday and Friday, November 23 and 24.

The first day of each day's stay in a city will be devoted to conferences, the second day to completion of these conferences and to the inspection of logging and manufacturing in each locality.

AUGUST PERRY, PAROLED BOY ROBBER, IS TAKEN TO STATE PENITENTIARY

YOUTH IMPLICATED IN SERIES OF CRIMES WILL SERVE 2 TO 5 YEARS.

August Perry, confessed boy robber, was taken to the state penitentiary Saturday by Deputy Sheriff Frost, following a violation of a parole.

Perry was arrested early last summer by Sheriff Wilson and Deputy Frost along with Edgar Conboy and Ray Pletford, following a series of robberies through the northern part of the county.

This year's attendance at the Willamette school shows a good increase. While last year the largest attendance was 155, this year it numbers over 200.

The pleas of his mother for another trial for her boy were of no avail before the circuit court.

Which Do You Prefer? It is important for reasons of health and practical economy for every housekeeper to ask herself this question: "Do I prefer a pure baking powder like Royal, made of cream of tartar derived from grapes, or am I willing to use a baking powder made of alum or phosphate, both derived from mineral sources?"
