

TORREON NOW IS ISOLATED BY THE FORCES OF VILLA

RAILROAD IS REPORTED CUT ON BOTH SOUTH AND EAST OF TOWN

NINETY GARRISON AND 200 MEN TAKEN PRISONERS, JOIN BAND

Villistas Again Are Cutting Ears From Captured Carranza Soldiers and Send Them Back to Commands As Warning.

EL PASO, Tex., Nov. 2.—Torreon is now isolated, according to a report received here by government agents late today from semi-official sources in Juarez. The railroad is reported to have been cut between Jimenez and Torreon and also south and east of the coahuila metropolis.

From the source it was reported that Villa captured a large number of Carranza prisoners in Santa Rosalia when he occupied that town last Friday. The entire Santa Rosalia garrison is said to have joined the Villa bandits and also 200 men captured from General Fortunato Marcotte's Carranza command, which had been sent south from Chihuahua City.

Villa bandits again are cutting the ears from captured Carranza soldiers and sending them back to their commands as a warning to other Carranza soldiers, said a Mexican civilian refugee who reached here today from Jimenez, Chihuahua. He came to El Paso by way of Torreon, Coahuila, and from there to Eagle Pass, Tex., as the Mexican Central railroad was cut between Jimenez and Chihuahua City.

He said he had seen 16 Carranza soldiers at Jimenez with their ears severed from the heads. He said the sight was revolting as the ears had been cut off with military sabers and in many instances, the skin of the face had been mutilated, the wounds had become infected, and the soldiers were suffering great agony.

VAUX IS MOST HOTLY CONTESTED POINT IN FRANCO-GERMAN BATTLES AT VERDUN

FORT VAUX, VERDUN, FROM ONLY PICTURE "FORT IN AMERICA (NOTICE SHELL HOLES)"

The picture herewith was the first photograph of Fort Vaux, northeast of Verdun, to reach the United States. It shows the damage done by heavy shell fire to the fort captured by the Germans in the early weeks of the attempts to take Verdun and now assaulted violently by the French June

said that the Germans took the fort at a cost of 80,000 men. "For seven days we underwent the most terrible bombardment that any position was ever subjected to. Forty-eight heavy caliber guns at least, mostly eleven and twelve inch, concentrated a fire of hell upon our positions," said one of the defenders. Major Raynal was the

French commander of the fort, who was compelled to yield. The German official report of the taking of Fort Vaux said, "The armor of the position had long ceased to be any protection under the heavy artillery pounding." Fort Vaux crowns a height from which its possessor is able to sweep the heights of the Meuse to the east.

OWNER OF PLANT AND MUCH BOOZE IS PUT IN JAIL

THREE BARRELS AND KEG OF WINE AND COMPLETE PRESS FOUND IN MIDDLE OF TOWN

ANTON ZALETEL ARRESTED AFTER HE DRINKS TOO MUCH OWN LIQUOR

Fired by Home-made Mixture, Man Said to Have Beaten Wife and Driven His Young Daughter Out in Cold and Storm.

Had it not been that Anton Zaletel drank a bit too much of his own brew Thursday night, his primitive wine press in his workshop on VanBuren street between Ninth and Tenth and his supply of accumulated spirits, three barrels and a keg of wine, would be undisturbed. But Zaletel could not leave it alone and the liquor was such that it made him drive his daughter from their house and beat his wife. As it is, he is in the city jail facing a charge of disorderly conduct, his press is ruined and the three barrels and a keg of strong wine are reposing in a dark corner of the county jail under the custody of Sheriff W. J. Wilson.

Sheriff Wilson, Constable Frost and District Attorney Hedges are investigating the case and Zaletel will probably face a charge of selling intoxicating liquors. If conclusive evidence showing that he was engaged in the sale of liquor cannot be secured, he will be tried for manufacturing liquor.

It was a stormy night at the Zaletel home Thursday night. After drinking about a third of a quart bottle of his home-made wine, Zaletel drove his daughter, Helen out in the night and began to chase his wife with a stick of stove wood, according to statements made to District Attorney Hedges by Mrs. Zaletel and neighbors. The girl spent the night at the home of a neighbor. Mrs. Zaletel says that her husband threatened to take her life.

Thursday morning Chief of Police Blanchard heard of the case, went to the Zaletel home and put him under arrest. Constable Frost, Chief Blanchard and Deputy District Attorney Burke went to the house Thursday afternoon, suspecting that they would find a stock of liquor. As they neared the place, a small boy darted into the woods, and the officers followed, preventing, they believe, the destruction of the wine press by the youth.

Zaletel was arrested early this year and before Recorder Loder promised to destroy the press at once. He said that he did not know it was unlawful to manufacture wine at home, and he claimed that his product was for home consumption alone.

SEATTLE, Wash., Nov. 6.—Announcement by Prosecuting Attorney O. T. Webb, of Snohomish county, that charges of murder would be filed against all members of the Industrial Workers of the World who could be identified as actually having participated in the gun fight at Everett yesterday, refusal of Judge King Dykeman, of the King county superior court, to release on writs of habeas corpus three women held in jail here in connection with the riot, and the statement of Secretary-Treasurer Herbert Mahler, of the Industrial Workers, that the organization would seek to prosecute the members of the Everett citizens' committee on murder charges, marked today's development in Seattle in the aftermath of the riot at Everett yesterday, in which seven men were killed and 50 wounded.

RESERVOIR COMPLETED AND PARTLY FILLED

DEPARTMENT AWAITS BIG MEET-TER BEFORE MAKING CONNECTION WITH LINE.

Oregon City's 5,000,000-gallon reservoir at Mountain View is completed and practically filled with water. The reservoir cost about \$30,000. The reservoir has not been connected with the main South Fork pipeline, owing to delay in receiving a big water meter from the east. As soon as the connection is completed and the meter put in place, the reservoir will be filled, the 25-mile pipe emptied and every joint between Mountain View and the intake carefully examined. All valves that appear weak or are broken will be repaired and exposed sections will be in condition to withstand the storms of the winter. The joint commission which has charge of the pipe are exercising every precaution to make certain that the line at the beginning of the rainy season is in condition to withstand the storms, as Oregon City, West Linn and surrounding communities are dependent on the line for their water supply. The big meter will also enable the board of water commissioners to determine exactly the daily capacity of the pipeline. It has been estimated that the pipe, which varies from 16 to 18 inches in diameter, will deliver to Oregon City about 4,000,000 gallons of water each 24 hours. The water in the new reservoir is overflow from the old reservoir.

Health for Sick Women

For Forty Years Lydia E. Pinkham's Vegetable Compound Has Been Woman's Most Reliable Medicine—Here is More Proof.

To women who are suffering from some form of woman's special ills, and have a constant fear of breaking down, the three following letters ought to bring hope:—

North Crandon, Wis.—"When I was 16 years old I got married and at 18 years I gave birth to twins and it left me with very poor health. I could not walk across the floor without having to sit down to rest and it was hard for me to keep about and do my work. I went to a doctor and he told me I had a displacement and there, and would have to have an operation. This frightened me so much that I did not know what to do. Having heard of Lydia E. Pinkham's Vegetable Compound I thought I would give it a trial and it made me as well as ever. I cannot say enough in favor of the Pinkham remedies."—Mrs. MAYME ASBACH, North Crandon, Wis.

Testimony from Oklahoma.

Lawton, Okla.—"When I began to take Lydia E. Pinkham's Vegetable Compound I seemed to be good for nothing. I tired easily and had headaches much of the time and was irregular. I took it again before my little child was born and it did me a wonderful amount of good at that time. I never fail to recommend Lydia E. Pinkham's Vegetable Compound to ailing women because it has done so much for me."—Mrs. A. L. McCASLAND, 509 Howe St., Lawton, Okla.

From a Grateful Massachusetts Woman.

Roxbury, Mass.—"I was suffering from inflammation and was examined by a physician who found that my trouble was caused by a displacement. My symptoms were bearing down pains, backache, and sluggish liver. I tried several kinds of medicine; then I was asked to try Lydia E. Pinkham's Vegetable Compound. It has cured me and I am pleased to be in my usual good health by using it and highly recommend it."—Mrs. B. M. OSOOGOOD, 1 Haynes Park, Roxbury, Mass. If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
