

Mount Hood Wild Man Caught
By Posse of 10 Mountaineers
After Chase Lasting 2 Days

Peter Jirevo, who has lived the life of a primitive man for the greater part of six years in the heart of the Cascades, and who was captured Sunday on the banks of the Little Sandy river after a two-day chase by a posse of 10 mountaineers through the rough country around the base of Mount Hood, was taken to the state hospital for the insane Monday. Records at the court house show that he was committed February 23, 1915, and that he eloped June 30, again July 3 and the last time September 18. After each escape he started for his wild home in the woods at the base of Mount Hood.

BORING GIRL, ACCUSING MAN, RETURNS TO HOME

PORTLAND, Ore., Nov. 14.—Henry McKamey, who was arrested for contributing to the delinquency of a minor, has been released from custody, it having been shown that Sarah Belle Adams, an inmate of the Louise home, had passed her eighteenth birthday.

Both McKamey and the girl told District Judge Jones that they expected to marry. When Judge Jones asked McKamey why he, a man of 54 years of age, wanted to marry a young girl just budding into womanhood, McKamey said: "I can't control my affections. I am willing, though, to wait a year and let the girl fully consider. I am not willing to wait indefinitely, though."

It was brought out that McKamey is a widower and has three children in the Frazier home.

The father of the girl, Elijah Adams of Boring, told the judge that he was not willing for the girl to marry, and had often notified McKamey to keep away from his home. He said that the girl had been a constant source of worry and trouble to him.

A temporary solution of the puzzling case was found in an arrangement whereby the girl returned home with her father for 30 days. McKamey promised not to see her in the meantime.

Suffered Great Pain!

Letter Tells of Long Suffering from Rheumatism. Dear Mr. Editor—I am making a personal appeal to your readers who are bothered with kidney and bladder trouble and rheumatism, to give up the use of harsh salts, or alcoholic kidney medicines and in their place take a short trial of "Anurie" and be convinced of its wonderful virtues as I was. I suffered great pain, had a great deal of irritation, water became foul, I tried everything advised but with no results. I was for a lot of "Anurie" Tablets and soon discovered that they brought relief. I have used them since, and now the water is natural, my health good, and appetite splendid. Some of the doctors pronounced my trouble enlarged prostate. Now I have no more trouble and I most assuredly feel that this latest discovery of Dr. Pierce's is the best remedy for bladder and kidney troubles that I know of. If I can induce anyone to give it a trial, I feel that he will thank me for calling attention to this great boon that relieves this seemingly worst of all troubles that human flesh can fall heir to.

NOTE: Up to this time, "Anurie" has not been on sale to the public, but by the persuasion of many patients and the increased demand for this wonderful healing tablet, Doctor Pierce has finally decided to put it into the drug stores of this country within immediate reach, or send 10 cents for large trial package. Simply ask for Doctor Pierce's Anurie Tablets. There can be no limitation. Every package of "Anurie" is sure to be Dr. Pierce's. You will find the signature on the package just as you do on Dr. Pierce's Favorite Prescription, the ever-famous friend to ailing women, and Dr. Pierce's Golden Medical Discovery, proven by years to be the greatest general tonic and reconstructer for any use. At any rate don't give up hope of being cured of your malady until just a few doses of "Anurie" have proven that it will make you feel like a different person.

OREGON MILITIA ON BORDER NOW MAY STAY THERE

SENATOR BORAH GIVES HINT AFTER CONFERENCE AT THE WAR DEPARTMENT.

UNITS OF GUARD SENT HOME MAY BE PUT BACK IN SERVICE

Belief Grows in Washington That Action is Probable Now That Re-election of President is Won— Situation is Worse.

WASHINGTON, Nov. 11.—Senator Borah, after a conference with officials of the war department today, expressed the belief that national guardsmen now on the Mexican border will be kept there for the remainder of the winter and possibly longer, and he added it is his opinion that before they get home they will likely see something more than mere border patrol duty.

Senator Borah's inference is in accord with a belief growing in Washington that the administration having "kept us out of war" long enough to win a re-election, is now preparing to make an active move against Mexico, and his belief also bears out reports, suppressed by the war department, that the Mexican situation is daily growing worse instead of better.

TWO MORE GAMES AHEAD FOR STATE UNIVERSITY

UNIVERSITY OF OREGON, Nov. 13.—Only two games remain on the University of Oregon football schedule this fall; the annual classic against the Oregon Agricultural college and the Thanksgiving game with the Multnomah Amateur Athletic club.

The game with O. A. C. will be played in Corvallis November 23. On the same day the university will compete with the college in soccer football and in a cross-country run.

The Thanksgiving game will be played on Multnomah field in Portland. Receipts from the Oregon-Washington game on November 4 were about \$2,500, and the expenses were about \$2,000. Some \$1,500 went to the University of Washington as its guarantee.

CITY OF TACOMA FIGHTS BAKERIES WITH OWN STORE

MAYOR FAWCETT ANNOUNCES STEP TO PUT STOP TO RISING COST OF BREAD.

EXECUTIVE CHARGES COMBINE WITH "PEOPLE PLAYING ROLE OF GOAT"

Appeal Made to Tacoma Housewives to Smash Trust, Which Mayor Says is "Combined Attack on Your Pocketbook."

TACOMA, Wash., Nov. 14.—Aroused by the recent advances in the price of bread, Mayor Fawcett announced today that he would establish a municipal bread store in the city hall, where 20-ounce loaves will be sold at 8 cents each or two for 15 cents. At the same time he issued an appeal to Tacoma housewives to smash what he terms the "bakers' trust" which is "simply a combined attack on your pocketbook."

Contracts have been made, the mayor said, with local bakers to furnish as many as 4000 loaves of bread daily, which the city will offer for sale at cost. These bakers, the mayor declares, have offered him 15 20-ounce loaves for \$1 and 20 16-ounce loaves for \$1. The present prices quoted by Tacoma bakers are 10 cents for 16-ounce loaves and 15 cents for 20-ounce loaves.

"I'll either break up this Tacoma combine or I'll provide the working people of the city with bread at a reasonable price," Mayor Fawcett said. "One or two big fellows control the situation and the whole thing is a big steal with the people playing the role of the goat. A pound of flour will make a full pound of bread, and there is absolutely no excuse for this cry of the big bakers that they cannot make a 5-cent loaf or a 10-cent loaf and live."
