

SUFFRAGE BANNER FLOWN AS WILSON READS MESSAGE

WOMEN IN GALLERIES CARRY
OUT DEMONSTRATION BE-
FORE THE PRESIDENT.

COUP CAREFULLY TIMED TO FIT PORTO RICO RECOMMENDATIONS

Nevada Woman Smuggles Banner into
Capitol Building Under Her Coat
—Something More Startling
Promised by Suffragists.

WASHINGTON, Dec. 5.—President Wilson's address to congress today was marked by a woman suffrage coup in the galleries—the first real show of organized militancy in the capital—and by a great demonstration of constancy to the president upon his reelection in which many Republicans joined with the Democrats.

After acknowledging the prolonged cheers and applause which greeted his entry to the hall of the house, the president launched into his address, reviewing recommendations for railroad legislation, a corrupt practices act and had passed to his recommendations for a broader government for Porto Rico.

He was just about to begin a sentence—the present laws governing the island and regulating the rights and privileges of its people are not just—when, over the rail of the gallery, where sat a party of woman suffrage leaders, there fluttered down above the heads of an amazed assemblage of senators and representatives a silken banner of suffrage yellow, bearing in great black letters the inscription:

"President Wilson, what will you do for woman suffrage?"

As the banner rippled down, the suffragists sat smiling and unperturbed watching the effect. A diminutive page, raised on the arms of men directly under the gallery, grasped the edge of the banner and snatched it down.

Miss Mabel Vernon, of Nevada, who heckled the president here at his American Federation of Labor speech last July, smuggled the banner into the house gallery under her coat.

The coup, says the suffragists, worked well enough to suit them, even if it failed to draw any acknowledgment, and they plan something more startling the next time. Everybody around the Congressional Union who had anything to do with it was keen for another.

FORMAL OPENING OF BIG STORE SET FOR SATURDAY

BURMEISTER & ANDRESEN ES-
TABLISHMENT ONE OF BEST
OF KIND IN STATE.

The formal opening of the new store of Burmeister & Andersen has been set for Saturday evening, December 9, from 7 to 9 o'clock. The opening marks an epoch in the business history of Oregon City and adds to it an establishment that is of immeasurable value to the entire community.

Thirty-seven years of steady, conscientious effort in serving the people of Clackamas county has made possible the present success and the business activity the firm has shown in the past begets great confidence in the future.

One would hardly recognize in the present store any relationship to the former establishment. A department has been made a studio or music room for their musical instruments and records, and this department has been enlarged until it is one of the most commodious and handsomely equipped in the state. A lapidary has been installed for the grinding and polishing of agates, a work heretofore impossible to have done locally.

The optical department has been added to until they have succeeded in providing a wonderful addition, modernly equipped, in charge of registered optician. Then the sales rooms have been enlarged, provided with the most up-to-date of equipment and present a very attractive appearance, second to none in the state.

The entire store now occupies over 4000 square feet of floor space, making in all an establishment of unusual attractiveness and your visit will prove an enjoyable affair. On the occasion of the opening no goods will be sold, the store being thrown open strictly for inspection purposes. Besides the unusual display of jewelry and its kindred lines, souvenirs will be presented to every woman who attends, while an orchestra engaged specially for the event will play.

He was at the head of over 100 native but before the encounter ceased was driven out of the city. The report said that on the night of December 3 quiet again prevailed.

UMATILLA WOMEN ELECT A FULL CITY TICKET

MAYOR, IN RACE FOR RE-ELECTION, IS DEFEATED BY HIS OWN WIFE.

UMATILLA, Ore., Dec. 6.—The feminist administration-to-be of Umatilla, consisting of a woman mayor-elect, four councilwomen-elect, a woman recorder-elect and a woman treasurer-elect, all of whom were swept into office by an astounding campaign coup at yesterday's election, defeating an all-male ticket proposed to give Umatilla a business-and-economy administration.

Mayor E. E. Starcher whose wife ran against him and defeated him for re-election, declared tonight that the men candidates were taken completely by surprise, and were defeated almost before they knew any opposition campaign was under way.

"The women put it over on us," was the mayor's comment tonight.

ANGLERS WILL DEBATE CLOSING OF WILLAMETTE

ASSOCIATION HAS MEMBERS
BOTH FAVORING AND OPPOS-
ING NET FISHING.

The Clackamas County Anglers' association, at a meeting to be held in the Commercial club parlors, will debate resolutions favoring the closing of the Willamette river to net fishing. In the club are members both favoring and opposing the plan.

An effort has been before each legislature for several years to close the river to net fishing, and in 1915 a compromise bill, closing the river from the falls to the suspension bridge was passed.

A resolution from Oregon City favoring the closing of the river would be a powerful argument in the fight to close the river.

SISTERS OF MERCY THANK THOSE HELPING ORPHANS

The Sisters of Mercy, in charge of St. Agnes baby home at Parkplace, Tuesday issued the following statement, thanking those who helped the home on Thanksgiving day:

The little orphans at St. Agnes' baby home, Parkplace, will long remember the fine big turkeys they disposed of on Thanksgiving day. Each little tot old enough to enjoy a piece of the noble bird, together sauce, celery, and potatoes were generously served, many of them were also able to digest some pumpkin pie.

All the good things for dinner did not spoil their appetites for supper. A large box of mixed cookies sent by the kind benefactors of the American Bakery was greatly enjoyed and disposed of on short notice.

The Sisters wish to thank most sincerely all their charitable friends for what sent. It certainly helped in a great measure towards making the little tots happy and contented, and the prayers of the little ones will surely bring many blessings on their kind benefactors.

Particular mention should be made of J. Petty, of Seaside, Ore., and the manager of the Seventh Street Market, Oregon City, the former sent no less than six fine turkeys and the latter a goose weighing twenty pounds.

The county court Tuesday rendered a bill of \$416.10 to Marion county as that county's share of the cost of improving the Barlow road.

DR. MILLIKEN DEPLORES DELAY IN BOOZE TRIAL

JULIUS WILBUR AND ASSOCIATES
SHOULD BE TRIED AT ONCE.
HE BELIEVES.

OREGON CITY, Dec. 6.—(Editor of The Enterprise.)—I have been informed that the case of the notorious Julius Wilbur has been postponed again for ten days. This man was arrested October 1, and was bound over, together with three of his employees, for trial on November 9-10. Now he comes up with the baby-act, and has his trial set over for ten days because he has some sort of an inflamed arm. The writer is representative of a large class in Clackamas county who believe that our county attorney and sheriff deserve all the support we can give them in their honest attempts to enforce our laws. They have done valiant service under adverse circumstances, and have succeeded in bringing these lawbreakers to the court. What we would like to know is why some ex-actor, or ex-something else shall be permitted to pull the strings and secure these indefinite postponements of the execution of justice simply because their client gets a natural weakening in the pit-of-the-stomach as the day of trial draws near, or manages (fortunately) to contract an inflamed scratch upon his arm?

If Julius Wilbur were a poor man who ran the risk of getting caught selling booze in order that he might support his family I would say, look well at all mitigating circumstances and give him as easy a punishment as possible. But when a silk-stocking kid-glove offender is caught, who has no excuse under heaven for his law-breaking except innate depravity and the fact that he has more money, or more friends with money than brains, I believe he should get the limit without mercy.

We have a judge who has been eminently fair in all his decisions to which I have listened. Judge Campbell is a master jurist. And we are sure that he will see to it that the sheriff and district attorney are supported in this case by the speedy, impartial, and positive administration of justice to the offender. And nothing has so salutary an effect upon a criminal of the blue-stocking class as a term of reflection in jail, and if the evidence proves that Mr. Wilbur is guilty, let him take his medicine—money or no money—with every other offender of his class.

Penalties ranging from fines of \$1000 to \$50,000 and imprisonment of not more than 10 years would be provided by the measure.

"EGG-KING" SUMMONED BEFORE GRAND JURY

INFORMATION BOUGHT CONCERN-
ING VAST HOLDINGS, PRICES
AND HIS BACKING.

"CHICAGO, Dec. 6.—James E. Wetz, self-styled 'egg king,' today was subpoenaed to appear before the federal grand jury and tell all he knows about the vast holdings of eggs in his name, the fixing of egg prices and who is his backer. Government officials reportedly have expressed a belief that Wetz is merely a figurehead behind whom others are hiding.

Heads of all the large storage houses of the city and of the produce departments of the packing houses also have been summoned by the grand jury.

The grand jury is particularly anxious to learn if there is any relationship between the storage houses and the Chicago Butter and Egg Board and also will inquire into the financing of food supplies. Storage warehouses heads are said to be loaning to storers 85 per cent of the value of products which they have in storage. Some of these lenders are reported to have cashed in the notes of the storers for face value, thus making a profit of 15 per cent.

LIVE WIRES TO DEBATE NEW CONSTITUTION AT MEETING ON DEC. 19

COMMERCIAL CLUB BODY WILL
COLLECT DATA OF INTEREST
TO MANUFACTURERS.

The proposal that the entire state constitution be revised will be considered at a meeting of the Live Wires of the Commercial club December 19. A committee appointed several weeks ago to consider the matter reported at the weekly luncheon of the Wires Tuesday and an informal discussion followed. C. E. Spence, state grants master, was present and opposed the plan.

At the meeting of the Wires next Tuesday a report will be submitted showing the cost of power derived from the falls of the Willamette. This with other information relative to the manufacturing industries at the falls will be collected by the Wires.

The plan of adding Oswego and surrounding territory to Multnomah county, urged in a petition circulated in Oswego, was discussed and referred to the legislative committee by Main Trunk Schaeber.

Rev. J. W. McCallum, the new pastor of the Congregational church, told the Live Wires that he wanted to become associated with them and to take part in their activities. He complimented Oregon City on the town's industries and location and the spirit of its citizens.

BUTTER IMPORTING LAW IS NOT CONSTITUTIONAL

COURT HOLDS ACT IS DISCRIM-
ATORY AND APPEAL TO SU-
PREME COURT IS LIKELY

PORTLAND, Ore., Nov. 30.—The 1915 law, requiring all persons importing butter into Oregon to immediately report the same to the state dairy and food commissioner, has been declared unconstitutional by Circuit Judge Kavanaugh.

His decision was given yesterday when he sustained a demurrer to a complaint against Carl Schallinger, manager of Hulse Hazelwood company, who was charged with violating the law.

The court held the law was discriminatory and attempted to interfere with interstate commerce by putting a burden on interstate commerce, which is not borne by local commerce.

J. D. Mickle, dairy and food commissioner, said the case undoubtedly will be appealed to the supreme court. He said the law was enacted as a protection to Oregon butter manufacturer and consumers, and he could not accept the view that it is unjustly discriminatory.

NORTHWEST WINS POINT IN TOURIST RATE CASE

DIFFERENTIAL IS HELD UNFAIR
BY INTERSTATE COMMERCE
COMMISSION RULING.

WASHINGTON, Dec. 4.—Excursionists traveling from Chicago and the east to San Francisco may hereafter go in one direction over the northern routes, by way of Portland or Seattle, for the same fare they would pay if electing to travel by way of El Paso and New Orleans.

The \$15 differential which heretofore has been maintained against the northern routes via Portland and Seattle was today wiped out by the Interstate Commerce commission on complaint of public service commissions of Oregon and Washington, the Oregon Hotel association and the commercial clubs of Portland, Seattle, Medford, Newport, Hood River, Salem, Pendleton and Dayton.

BERLIN NEWSPAPER SEES WORLD PEACE NEARER

TAGISCHE RUNDSCHAU WARNS
GERMANS NOT TO EXPECT
MUCH FROM U. S.

BERLIN, Dec. 5.—(Via Sayville Wireless)—"We all feel by the events of the last week that the end of the war has been brought considerably nearer," says the Tagische Zeitung in discussing the international situation as affected by events in Roumania and developments in the entente nations.

This newspaper points out that peace has been discussed seriously in the United States only since England's "war plight" has become apparent. It insists that it was not an accidental coincidence but was caused by Anglo-American solidarity.

"We ought not to forget that the United States interest is to support England's position for her own sake at the end of this war," continues the Tagische Zeitung. "In the United States every one knows that it is only a matter of time until that country and Japan comes to a showdown as to the Pacific ocean."

The Tagische Rundschau warns Germans not to expect much from American peace mediation if the matter is taken up by Ambassador Gerard. It continues:

"More than a year ago we pointed out that such a peace could be only an Anglo-American peace and it took care of only British interests. It is improbable that it could be suddenly converted to impartiality."

TEUTONS CONTINUE TO ADVANCE ON BUCHAREST

DEFENDERS UNABLE TO CHECK
ADVANCE—20,000 REFUGEES
REACH JASSY.

PETROGRAD, via London, Dec. 5.—The Roumanians have been unsuccessful in attempts to check the Teutonic forces on the roads to Ploedchit and Bucharest, says the war office in today's official statement.

LONDON, Dec. 5.—A Reuter dispatch from Jassy, Roumania, under date of December 3, says:

"This sleepy university town has been stirred to the depths by the transfer of the government and the arrival of 20,000 refugees from Bucharest and elsewhere, many of them in affluent circumstances. They are much impressed by Russia's efforts to help Roumania. Russian soldiers are constantly marching to the front and this inspires confidence that they will save the situation."

GERMANS SAY ENEMY LOSS IS 15,100,000 MEN

BERLIN, Dec. 5.—(Via Sayville Wireless)—The association for research into the social consequences of the war, at Copenhagen, estimates the losses of the allies at 15,100,000, says a dispatch from the Danish capital to the Overseas News Agency today.

They are divided as follows:
England 1,200,000
Russia 8,500,000
France 3,700,000
Italian 800,000
Serbia 480,000
Belgium 220,000
Roumania 200,000

About half the British losses, the Overseas News Agency says, fell among the colonial and overseas dominions troops.

CONSUMERS PROPOSE TO CUT OUT MIDDLEMEN

SURVEY OF FARMING DISTRICTS
PLANNED IN PORTLAND—
DOCK SPACE BOUGHT.

PORTLAND, Ore., Dec. 4.—Elimination of the middleman in food buying, and dealing directly with the farmers, will be tried by persons interested in the solution of the food problem of Portland. I. D. Mahone, chairman of the meeting which considered the food problem Saturday evening in Library hall, is preparing a letter, to be sent to all women's organizations of the city, asking them to make surveys of the food situation in their various districts and drum up sentiment in favor of dealing directly with producers.

"I have had numerous telephone calls today," he said. "In one instance I was told that a whole carload of cabbage was dumped into the river here about a week ago. A farmer sent word that we could get all the apples we wanted in his district at 40 cents a box if we could make arrangements to get them to Portland and distribute them here. Others sent word that there is any amount of food at points up the Willamette which can be secured at much lower prices than we are forced to pay through middlemen."

"Most of this stuff can be brought in by water. What we want to do is to have the public dock commission allow us space where it can be landed and distributed to consumers without any cost other than the freight."

Mr. Mahone said that a committee will call on the federal authorities and on the state dairy and food commissioner to ascertain just how far cold storage plants and their contents can be investigated under present laws. This will be the first step in securing the data preliminary to asking the legislature for a comprehensive set of laws controlling such plants.

The two weeks' egg boycott, voted at the mass meeting, promises to be carried out by housewives all over the city in addition to those who actually attended the meeting, Mr. Mahone said.

KING GIVES UP GUNS FOLLOWING A BATTLE

REVOLUTION IN GREECE PRO-
DUCES TERROR IN ATHENS—
SEVERAL CITIZENS KILLED

LONDON, Dec. 2.—After a day of terror in Athens, in which Venizelists fought Royalists and Greek troops fired on entente forces which had been landed, according to Vice-Admiral Du Poutre to maintain order, a truce was arranged. King Constantine finally agreed to surrender the mountain guns demanded by the allies, and the latter are withdrawing their troops with the exception of a small guard.

A pitched battle between the opposing Greek forces occurred in Stadium street. The casualties have not been ascertained, but it is known several civilians were killed.
