BOLTON SCHOOL EMPTIED IN ONLY 54 SECONDS

TWO DIRECTORS MAKE UNEXPECTED VISIT AND SOUND THE FIRE GONG.

Two members of the board of directors of the West Linn district W. C. McDonald and C. F. Charles, visited the school at Bolton unexpectedly Tuesday afternoon at 1:15 o'clock, shortly after the pupils had become settled down for study after their noon hour, and sounded the fire gong, which is located near the main entrance.

At once the children dropped their books, took their places in the aisles and marched out of the building without confusion. All were out of the building in 54 seconds. The directors were at once convinced that the instructors had given the students the proper instruction in making their exit from a building in case of fire.

The teachers were taken as much by surprise as the students when the alarm was sounded. The instructors of the Bolton school are Professor J. B. Calavan, principal; Miss Stearnes, Miss Bess Warner, and Professor Turner, instructor of manual training.

The Human Jaw. The human jaw has only eight muscles, but these exercise a force of a quarter of a ton.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular free. F. J. CROSBY & CO., Toledo, Ohio. Sold by Druggists. Take Hall's Family Pills for constipation.

PROPOSED LEGISLATION AFFECTING NET FISHING IS DISCUSSED BY UNION

The Clackamas County Fishermen's union met last night and discussed proposed legislation affecting salmon fishing.

The union will probably make a fight to reopen the river to net fishing to the old dead line 600 feet below the falls, and will make a vigorous campaign against the attempt to close the Willamette entirely to commercial fishing.

The fishermen want it understood that they are opposed to the bill which would close every salmon stream in the state to traps, seines and fish-wheels. The report that the local union was in favor of this bill is said to have been spread in Portland.

RURAL ROUTES OUT OF OREGON CITY SHIFTED TO BETTER THE SERVICE

A general shifting of the system of serving rural districts with mail out of Oregon City will take place the first of the month.

Oregon City R. F. D. route No. 4 will be discontinued on February 1, and the territory will be served by route No. 1 out of Hoff, a station on the Willamette Valley Southern. Oregon City route No. 7 will thereafter be known as route No. 4.

The change affects Clarkes, Highland and part of Beaver Creek. Oregon City route No. 4 is a loop from Oregon City No. 3 and gets its mail late in the day but under the new arrangement the mail will go from Oregon City to Hoff and the carrier will leave from that postoffice. UNSIGNED NOTES LAID TO SUPERINTENDENT BY MR. & MRS. CARTLIDGE

COUPLE SUED BY F. J. TOOZE FOR \$20,000 FILE BIG AMENDED ANSWER.

Alleging that "each and every statement and imputation contained in said Bulletin No. 1" is true and substance and in fact," H. B. Cartledge and his wife, P. Gregory Cartledge, defendants in a \$20,000 libel suit brought by City School Superintendent Tooze, set out in an amended answer filed in the circuit court Monday alleged events to substantiate their claims.

The answer contains 14 pages, and includes newspaper clippings, letters and accounts of incidents which are said to prove the truth of imputations in Bulletin No. 1, which Mr. Cartledge and his wife published in an effort to secure a public hearing of charges against the city school superintendent. Bulletin No. 1, itself, is filed in comparison with the answer.

Among the points brought up by the answer is the intimation that Superintendent Tooze wrote the following anonymous letter, which was published in the Estacada Progress in the fall of 1915:

"Oregon City, Nov. 13, '15. Supt. schools, Estacada, Ore. How you like your school to play football with team having players six years in high school. You did this afternoon. Prin. here"

Mr. and Mrs. Cartledge also say that they have reason to believe that Superintendent Tooze wrote an anonymous letter received by Superintendent Warner of The Dalles schools in an effort to discredit H. P. Plingsten, who then was endeavoring to secure the position as principal of The Dalles high school.

Several instances are brought up by Mr. and Mrs. Cartledge in an effort to show that Superintendent Tooze's alleged unreliability and disregard for his word lost him the confidence and respect of teachers and pupils. Stories appearing in a local newspaper a year ago are quoted at length to prove that there was considerable opposition to the superintendent, and that there was a demand for an investigation into conditions in the schools.

Several prominent local men, including, in fact, one member of the school board, are alleged to have urged the publication of the Bulletin No. 1, the basis of the libel action. Dimick & Dimick and O. W. Eastham prepared the lengthy amended answer and filed it for Mr. and Mrs. Cartledge.
