While in Mexico he visited many of the places of amusement, including several gambling houses. Not only were the Mexicans enjoying games of chance but Americans as well. Mr. Strebig, like the others entered into the games, and won \$10. Shortly afterward he visited the horse races, and feeling sure of winning again commenced betting pretty lively. His luck changed, and he lost the amount he had won a few minutes before. While at Colton, California, he was the guest of Walter Hunsaker, a business man of that place, who left this city some time ago. AUTO GOES OVER BANK; PASSENGERS SUE THE COUNTY Three suits aggregating \$4600 were brought against Clackamas county Wednesday in the circuit court by Amy, Alice Etta, and Frank E. Fish, as the result of an accident which occurred on the Pacific highway south of New Era August 10, 1916. Briefly, the complaint alleges that because the county allowed the roadway to be in such a state of disrepair as to skid a 10-foot precipice without any railing, the car operated by Mr. Fish, in attempting to avoid a collision, was hurled over the embankment. Ask Damages. The two girls ask damages of \$2000 each for injuries and nervous shock sustained and Mr. Fish wants \$400 for damages to the machine. The car, so the complaint states, was proceeding down the hill south of New Era when a big machine running at a high rate of speed encountered it from the other direction. In attempting to get out of the way of the big car, Mr. Fish drove over toward the edge of the roadway. Hid Edges. Because of weeds and undergrowth which concealed the ravine at the side of the road, the complaint alleges, Mr. Fish was trapped into driving so near the edge that the roadway crumbled under the weight of the car, and automobile and occupants were hurled into the ditch. The roadway at the point where the accident occurred, the plaintiffs charge, was only 16 feet wide. \$30,000 SUIT THROWN OUT OF COURT BY JUDGE Suit involving \$30,000 worth of farming lands in Clackamas county was thrown out of court Thursday by Circuit Judge Campbell when he dismissed the complaint of Kate Buchanan Chance and others against Robert B. Graham and others. The grounds for dismissal were the plaintiffs' failure to take proper procedure within a stipulated time after the court had reopened the case following a decision in which it sustained a demurrer to the complaint. LAW BARS BABE FROM GIRL AND REPENTANT FATHER PORTLAND, Mar. 10.—To have legally, but in the abandon of despair, renounced her nameless baby, then to have her world turned topsy-turvy again, in the return of the conscience-stricken father to make restitution, only to have its happiness shaken in the cold legality of the form which says that the child no longer belongs to the little mother and may not be returned to her, is the distraction of a Portland girl-mother today. In the meantime, however, the district attorney's office and the home placing department of the juvenile court are exerting every effort to find a means of annulment of the girl's relinquishment of the baby and its restoration to its prepared home. Three months ago the baby girl was born. Some months before that the father had become lost in the outside world. At the time of the birth the child was placed in the baby home and a week or so after was adopted by a family, the girl she relinquished all claim to her daughter. The story of the child reached the father and conscience aroused his manliness. A few days ago he returned to become the husband and father. Bursting with happiness the mother on her first impulse hastened to the baby home to regain what was her treasure. Grief however, met her in the realization that she had lost her baby and it was not within the power of the home authorities to grant the mother's desire. DYNAMITERS PLEAD GUILTY. NEW YORK, March 14.—The 10 to 20-year sentence meted out to Michael J. Herlihy, a local official of the street railway men's union, for dynamiting a subway station at the time of the transit strike last fall prompted James J. Murnagh and William Molsky, awaiting trial on the same charge, to plead guilty today with the hope, their counsel said, of receiving lesser sentences. The penalty will be imposed Monday. Two other strikers are awaiting trial in the case. DIVORCE SUIT DISMISSED. The divorce suit of William M. Tyler against Vina I. Tyler was dismissed by Circuit Judge Campbell Saturday as the result of a petition filed by Mr. Tyler.

The other boys were allowed to go home. Harry Dunmire will be required to either be in school or at work at the expiration of 30 days. Otherwise, he will be sent to the reform school. OREGON CITY MAN SHOCKS DOCTORS; GETS WELL OF PELLACRA Greatly to the surprise of physicians Fred McCarver, of Venice, Cal., but formerly of Oregon City, is recovering from the effects of pellagra, after suffering from that disease for almost a year. Babcock, the latter an aunt of Mr. McCarver. They will remain in Portland visiting relatives for some time but expect to return to California in April to resume his position. DESERTED, HE ASKS DIVORCE On the grounds that she had deserted him in May of 1911, Charles E. Dart Monday brought suit in the state court here against Mrs. Minnie E. Dart. He asks the annulment of the marriage contract which, according to the complaint, was entered into in July of 1901 in Prinsville. DECORATE AMERICAN. PARIS, March 13.—The American aviator, Sergeant Major Raoul Luby, has been decorated with the cross of the Legion of Honor.

TEST SHOWS THAT WATER WASTE OF CITY IS IMMENSE M. D. Latourette, secretary of the Board of Water commissioners, has obtained statistics of the flow of water through the South Fork pipe line that indicates that approximately 50 per cent of the water coming into Oregon City is wasted. With an estimated population of 6,000 persons, a generous allotment of water is 125 gallons per day per capita, or a total of 750,000 gallons. On a 24 hour test, the meter showed 1,640,000 gallons coming through the system and all of it being consumed. The municipal elevator requires 100,000 gallons a day. While the city has plenty of water to permit such a wholesale waste as the test indicates, subsequent growth and a greatly increased number of water consumers would probably necessitate the appointment of a plumbing inspector. On a one hour's test, with West Linn's supply shut off, the meter showed 2,781,000 gallons coming from the source in 24 hours, and after deducting the water coming into Oregon City in 24 hours, it is apparent that 1,144,000 gallons is going to West Linn, which is entitled to one-third of the total flow. The hour test was made with a seven inch opening in the 18 inch pipe at the headgate. HERMAN LEISMAN DIES IN WILLAMETTE AFTER LINGERING ILLNESS Herman Leiser, of Willamette, died at the family home today, after an illness of several months. The interment will be in the Mountain View cemetery. Born in 1862. Mr. Leisman was born at Harrisburg, Pa., December 22, 1862, and came to Oregon in 1887 from Fort Dodge, Iowa. For one year he was minister at Fort Dodge, and later came to Hillsboro, where he was pastor of the German Reformed church. He resided at that place for about ten years, and from there moved to Stafford, where he resided until moving to Willamette. Brother Here He married in 1889.
