Do You Want Your Kidneys Experimented On?

Kidney troubles are getting more common every day. Government health bureau figures say deaths from this cause are 72 per cent more than 20 years ago.

Anybody who suffers constant backache, who feels blue, nervous and irritable; who has dizzy spells, headache and urinary disorders should suspect kidney weakness. Overworked kidneys must have a rest. Take things easier; live more carefully. Take a good kidney remedy to build up the kidneys again.

But be sure to get Doan's Kidney Pills—the oldest, the most widely used, the best recommended by all kidney pills, now in use all over the civilized world. Don't experiment with your kidneys. Thousands have already tested Doan's. You have their experience to go by. Plenty of cases right here in Oregon City. Here's one:

Mrs. M. Wormworth, 1204 Seventh St., Oregon City, says: "It has been several years since I have had to use a kidney medicine, but speaking from past experience I can conscientiously recommend Doan's Kidney Pills. Several years ago my back ached almost constantly. I had only to take a couple of Doan's Kidney Pills when I was cured of that awful backache."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wormworth had. Foster-Milburn Co., Props., Buffalo, N. Y.
