OREGON CITY ENTERPRISE, FRIDAY, JUNE 15, 1917.

PERSHING'S ARRIVAL IS JOYOUS OCCASION

PARIS, June 13.—Major General Pershing arrived in Paris late today. The general received a tumultuous welcome as he proceeded through the thronged boulevards. At the station he was welcomed by Marshal Joffre, Ambassador Sharp and Paul Painleve, Minister of War.

The channel steamer Invicta with Major-General Pershing and his staff on board steamed into port at 9:40 o'clock this morning. It was welcomed with cheers from French territorials and British sailors and soldiers on shore, to which British troops between decks replied lustily. British and French military bands struck up "The Star-Spangled Banner," as the ship came to the dock. General Pershing stood on the deck, surrounded by his staff.

British soldiers and marines lined up along the quays rendered military honors as the vessel flying the Stars and Stripes, preceded by destroyers and accompanied by hydroplanes and dirigible balloons, steamed up the channel.

After the representatives of the French authorities had been presented to the American officers, the party landed and reviewed the French territorials. The Americans then entered motorcars for a ride around the city. All along the route they were followed by crowds, who greeted General Pershing with the greatest enthusiasm. At 11 o'clock the general received a number of Americans and French newspaper correspondents. He then departed for Paris on a special train.

The scene in the harbor as General Pershing set foot on French soil was one of striking beauty and animation. The day was bright and sunny. The quays were crowded with townspeople and soldiers from all the entente allied armies, with French and English troops predominating. The shipping in the harbor was gay with bunting, many merchant craft hoisting American flags while along the crowded quays the American colors were everywhere in evidence.

A great wave of enthusiasm came from the crowds as the tall figure of General Pershing stepped upon the quay. As the band played "The Marseillaise," he and the members of his staff stood uncovered.

Rene Bonaud, under secretary for war, in behalf of the French government, said the Americans had come to France to combat with the allies for the same cause of right and civilization. General Pellatier extended a greeting in behalf of the French army.

General Dumas, commandant of the region in which Boulogne is located, said:

"Your coming opens a new area in the history of the world. The United States of America is now taking its part with the United States of Europe. Together they are about to found the United States of the World, which will definitely and finally end the war and give a peace which will be enduring and fruitful for humanity."

Baby of Missouri Banker Murdered

Mrs. J. H. Keet and Baby

SPRINGFIELD, Mo., June 9.—The body of Lloyd Keet, 14-months-old, son of J. Holland Keet, wealthy banker, and heir to his mother's \$2,000,000 fortune, was found in a well on the Crenshaw farm, near here today.

The report came by telephone from investigators who had gone to the farm in response to information, the source of which has not been revealed.

The body, wrapped in a woman's undershirt, was partly decomposed and apparently had been in the well two or three days, according to the report.

Paul O'Day, county prosecutor, later went to the farm and identified the body as that of the Keet child.

Fearing possible mob violence, seven prisoners held in connection with the abduction here, have been taken hurriedly out of the city, their destination not having been announced.

The Crenshaw farm, eight miles from here, recently was searched by authorities after it had been named in alleged statements given by the seven suspects. An old house there, deserted for several years, was said to have been chosen as the headquarters for the alleged "abduction syndicate," which planned to kidnap C. A. Clement, a wealthy jeweler here, and a St. Louis munitions manufacturer.

The Keet baby was stolen from the family home here the night of May 30. His parents had gone to a dance and the baby was left with a nurse and an older son. Three men were believed to be the abductors, and it is assumed they took the baby from his crib and escaped in an automobile.

NEW GREEK RULER IS WELCOMED BY ALLIES

PARIS, June 13.—The vigor with which the French senator, M. Jonnart, on special mission to Athens as the representative of France, Great Britain and Russia, began the settlement of the Greek problem in obtaining the abdication of King Constantine and Crown Prince George has caused much satisfaction.

That he will succeed in helping Greece to get on her feet again in the shortest possible time, notwithstanding many difficulties which still remain, is the unanimous opinion. The new Greek ruler, Prince Alexander, Constantine's second son, is expected to prove friendly to the allies.

The Saloniki expedition has been attacked by many in France as useless but every one is agreed that the force there ought to be given every opportunity to accomplish its purpose. It was admitted that with the perpetual menace of a stab in the back from the Greek royalist army, the expeditionary force was doomed to partial inaction.

Encouraged by the moderation of the entente allies, whose overpatient policy was attributed largely here to the opposition of the late Russian regime to strong measures, Constantine eluded most of the guarantees extracted from him during June and December of last year and continued his intrigue with Germany. The blockade alone kept him from active hostilities.

M. Jonnart, after a series of rapid consultations with the entente allied ministers and with the Greek premier, Alexander Zaimis, decided upon quick and drastic action and proceeded to Saloniki, where he arranged with General Sarraill for military assistance.

Program of Chautauqua Session, July 10-22, Has A Wide Range of Interest

The 1917 Willamette Valley Chautauqua program, to be given in the big new auditorium at Gladstone Park July 10th to 22nd, was made public Saturday night by Secretary Thomas A. Burke. The schedule shows a wealth of high class lectures, musical attractions and other features, and while not complete in a detailed list of summer school and other morning programs, gives every promise of being the "best ever" in the 24 years of Chautauqua history at Gladstone Park.

Governor Carlson of Colorado, Montavilla Flowers, Elias Day, Dr. Andrew Johnson, Dr. James Whitcomb Broussard, Lee Francis Lybarger, Dr. Frank Bohn, Hon. W. I. Nolan, Wm. A. POLICE TO SEIZE ALL WHO HAVE NOT SIGNED

Telegram to Sheriff Wilson

"The period of leniency for those who have not registered is now past and hereafter you will bend every effort toward locating and arresting those who have failed to register. Every police officer and deputy sheriff in the county should be on the constant lookout for non-registrants."
ADJUTANT GENERAL

Unless the eligible men, liable to conscription under the national conscription law, who failed to register on June 5 file their registration cards with Sheriff Wilson or the county clerk immediately they will be arrested and held to the United States courts. This announcement was made Monday night by Sheriff Wilson, following the receipt of a telegram from the adjutant general, part of which is quoted above. The remainder of the telegram follows:
"Inasmuch as those who failed to register increased the obligation of those who have registered, every registrant and every person who has registered should join in a relentless search for those who have failed in this obligation.
"Widest publicity should be given to this search. This by direction of the federal authorities. Letter follows."
Nine o'clock Monday night was the last time allowed by the federal government. At that time all who had not registered became subject to arrest.
The names of several eligibles throughout the county are known to Sheriff Wilson and District Attorney Gilbert Hedges. Arrests will follow immediately unless these men put in an appearance at the proper place, says the sheriff.
Up to the present officials have had instructions to stretch a point and permit men of military age who neglected their action, to do so without asking them too many embarrassing questions.
No more leniency is to be shown. The period of grace has expired and those who for any reason failed to register face the probability of serving a sentence in jail of one year, without the option of paying a fine.
Official instructions from the Provost Marshal-General at Washington, D. C., were received yesterday by Governor Withycombe, and by him transmitted to Adjutant-General White, that the most vigorous enforcement of the penal clause of the law will be required against men who have not registered.
The Provost Marshal-General gave additional instruction to enlist all available forces in the effort to round up the shirkers.
ASTORIA, Or., June 11.—This morning 38 more men who failed to register under the conscription act last Tuesday appeared at the county clerk's office and were allowed to register in accordance with the instructions from United States Attorney Reames.

BASE BALL WILL PROVE A FEATURE OF WEEK AT COMING CHAUTAUQUA

Clackamas county baseball teams had better get into action quickly, says Secretary Thomas Burke, if they wish to participate in the annual Chautauqua series to be held at Gladstone Park during the coming assembly July 10-22, inclusive. Up to date Secretary Burke has received but one application for entrance into the league, that of the Oregon City Redmen lodge.

There will be five teams in the league and the baseball committee of the Chautauqua, of which C. Schuebel is chairman, prefers Clackamas county teams. The applications for membership should be sent in at once, either to the secretary or to Mr. Schuebel, as the schedule of games will be made out in the near future.

The teams will each play five games, the championship game to come off on Saturday, July 21st.

For the purpose of installing the recently elected officers of the newly formed paper makers' union, a meeting was held Monday afternoon in the parlors of the First Congregational church with State President Otto R. Hartwig, of the Oregon State Federation of Labor presiding. The meeting was well attended.

COMPLETE RETURNS OF U. S. CONSCRIPTION REGISTRATION FILED

The complete returns from the registration boards for the conscription registration held Tuesday have been filed with the state adjutant general by Sheriff W. J. Wilson, of Clackamas county. The totals are:

Total registration, 2642; white persons claiming exemption, 1507; white persons not claiming exemption, 973; one colored man registered and claimed no exemption. One hundred and twenty-four aliens registered and 37 alien enemies signed the cards.

Because many of the precincts failed to receive final instruction which were sent out Sunday, the day they were received by the local officials, a recount in about 20 precincts was necessary. This was done by Mabelle Albright, Ernestine Hart, Helen Mattley, Alma W. Moore and Flo Hewitt, members of the National Girls' Honor Guard, who volunteered their services.

Another group of girls have promised to assist today.

Oregon's total war registration is 62,985.

These figures were released by the war census bureau Friday morning and they indicate that Oregon registered within a comparatively small number of the estimated 10 per cent of the population. The ratio was based on the federal census of 1910 and not on the population estimates by the war department, which ran far in excess of the actual population of not only Oregon but the entire United States.

The totals from every county in the state were received by Thursday night.

The federal grand jury in Portland today is considering several cases which have been laid before it concerning actions of certain men who interfered with registration or who refused to register.

WASHINGTON, June 13.—The United States was not consulted about the allied coup which dethroned King Constantine, it was said at the state department today, and has not as yet taken any part in complex European diplomacy.

So far, it was explained, the United States is more of a military and economic than a diplomatic partner with the allies. But intimations were given today that as one object of the United States in entering the war was to secure a just and permanent peace founded on equitable principles, the United States will begin to exercise an increasing interest in all readjustments in Europe, especially in all the Balkans.

Great interest now centers in whether the allies, having dethroned Constantine, will urge Greece to actively enter the war or whether they will be content with her passive neutrality removing all threat from a rear attack on the forces at Saloniki. The allies have at least 650,000 men in the Balkans. This force, even without Greek aid, is capable of a strong offensive of which the prize would be the splitting of the central empires by the scrambling of Russian and Roumanian lation of Turkey and Bulgaria. The strength, however, has smashed the other jaw of the pincers and made an offensive problematical.

FOUR HUNDRED SHEEP DEAD AT BAKER OF COLD

BAKER, Or., June 12.—Nearly 400 ewes and young lambs owned by Robert Stanfield, died on the way or in stock pens, because of the sudden drop in temperature, while being shipped from Idaho points to the feeding ground in Auburn county near here. The ewes were closely clipped just before shipping. It is charged that they had not been fed for 48 hours of travel. Many dropped on the way from the train to the feeding ground and they were given to boys if they promised to save the lives of the sheep. There were several thousand animals in the shipment.

ALIEN ENEMIES IN EXCESS OF FOUR MILLIONS

WASHINGTON, June 12.—The number of German, Austro-Hungarian, Bulgarian and Turkish subjects in the United States is placed at 4,662,000, including about 964,000 males over 21, in a census bureau report. The Germans are estimated at 2,349,000; the Austro-Hungarians at 1,376,000; Turks at 188,000, and the Bulgarians at 11,000.

SECRETARY TO WITHYCOMBE IS TO LEAVE POST

SALEM, Or., June 13.—Governor Withycombe today announced that his private secretary, George Palmer Putnam, had resigned, and that for some time, at least, Miss Esther Carson, assistant private secretary, would fill the position. Mr. Putnam's resignation will become effective August 1, and Miss Carson will assume her duties as secretary then. She served as secretary to the governor when Mr. Putnam was on the Mexican border with the Oregon troops.

Mr. Putnam stated that it was necessary for him to make a trip east, probably in August. Although non-committal as to his subsequent plans, it is understood that he will probably return after the trip to Bend, where he owns a daily newspaper and other properties.

Japan is Hurt By American Note to China Which Seems To Forecast Further Action

TOKIO, June 9.—(Delayed.)—The American government's note to China expressing regret over the disensions in that country and a sincere desire that tranquillity and political co-ordination be forthwith established caused surprise and unfavorable criticism in Japan, where the action is regarded as ignoring Japan's special position in China.

The feeling as expressed in official circles is that the situation would have been better treated by exchanging views with the entente, and especially Japan, which is described as rigidly adhering to a policy of non-interference in Chinese domestic affairs.

The newspapers call the attention to the United States' glaring interference and warn the government that it is probably an epoch-making precursor of further activities.

Officials here expressed the opinion that the Chinese situation will be settled by a compromise.

A dispatch from Peking June 7 said Dr. Paul S. Reinsch, the American Minister, had that day delivered to the Chinese foreign office a communication from Washington regarding the disensions in China and expressing the desire that tranquillity be established. The note said that the entry of China into the war or China's continuance of the status quo with Germany were matters of secondary importance and that China's principal necessity was to resume and continue her political entity and proceed along the road to national development.

CORPORATIONS WILL PAY FEES TO STATE OF OVER \$200,000

SALEM, Or., June 12.—Corporation Commissioner Schuderman said today that he expected that the annual license fees of the department for the year would total more than \$200,000. They became due June 1st and more than \$40,000 has already been collected. They will become delinquent on August 15, and on licenses unpaid September 5 interest will have to be paid.

UNHITCHES WAR DOGS DON'T BARK AT U. S. SAUSAGE MAKER HELD

SAN FRANCISCO, June 13.—Joe Meyer, a German sausage maker, was arrested here early today while haranguing a crowd on the war and heaping maledictions upon President Wilson and the government.

Meyer will be turned over to the federal authorities for action.

CHERRY CROP DAMAGED

WHITE SALMON, Wash., June 12.—The local cherry crop, it is feared, will be a failure, owing to the rain and cold weather at the pollination period.
