There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

LIVE STOCK MARKET IS BRISK WITH A PERSISTENT DEMAND

The receipts of cattle were rather liberal in the yards Tuesday including a train load from California and a good shipment of grain fed stuff from Central Oregon. Buyers were plentiful and their tastes seemed to be in harmony, and leaning decidedly towards fat well finished steers which sold readily at \$10.25 to \$10.50.

The general tone of the hog market yesterday and today has been strong with an advance of 10 to 15 cents. Several carloads sold at \$15.75 while the bulk went at \$15.50 to \$15.75, with some light hogs going \$15.45. The feature of the day was a load of choice hogs from Joseph, Oregon, tipping the scales at a 260 pound mark and topping the market at \$15.90, these hogs showed extraordinary killing qualities and were considered some of the best hogs ever offered her.

The sheep market remains unchanged from conditions prevailing at the close of last week's market. The supply is very light with a falling tendency in most varieties. Lambs are being quoted at \$12.75; yearlings \$9.50; \$9.00; with very little demand for wethers \$8.50 to \$9.00; ewes \$7.00 to culls at \$5.00 to \$6.00.

There was only a single change in the livestock market at the Portland Union Stock Yards this forenoon, and that was in spring lambs and yearlings, both of which are weaker. Cattle and hogs held steady, with mighty little trading in any line, something very much out of the ordinary for Thursday.

Receipts were 139 cattle, 3 calves, 456 hogs and 490 sheep—a total of 14 carloads.

Shippers were: Hout & Snodgrass, Lebanon, Or., 1 car hogs and sheep; J. Johns, Grants Pass, 1 car cattle; S. Appleton, Deer Island, 1 car cattle and hogs; W. Givens, Estacada, 1 car of cattle and hogs; McMahon & Son, Halney, 1 car sheep; C. W. Edwards, Monroe, 1 car cattle, hogs and sheep; Patton & Falk, Halsey, 1 car cattle, calves and hogs; H. H. Earl, Junction City, 1 car cattle; Joe Kosgrove, Toledo, 1 car cattle and calves; W. A. Ayers, Lostine, 1 car hogs; D. E. Bebergall, Albany, 1 car hogs and sheep.

SMUGGLING RING IS RESPONSIBLE FOR THE ENTRANCE OF CHINESE

SAN FRANCISCO, July 9.—Detailed confessions, revealing more closely the ramifications of the international smuggling ring which in past years has illegally brought into this country, through the Angel Island immigration station here, thousands of Chinese, have been placed in the hands of Solicitor John B. Densmore, of the department of labor, according to investigators assisting him in exposing the ring.

The confessions, obtained from three of the 14 suspended immigration inspectors through Densmore's activities, will lead to suspension of five more employees of the immigration service here, according to investigators. China Again a Democracy Li Is To Return To Power Prince Polungpei Killed

President Li Yuan Hung

WASHINGTON, July 9.—A democracy has been re-established in China, according to state department dispatches today.

After a week of skirmishing during which Hsuan Tung, the young emperor, was set up at the head of a monarchy, official reports today indicated that the Manchu emperor had been driven out and the former vice president, Keng Kue Chang, established as president of a new provisional government at Nanking.

Dispatches stated the new democracy was restored July 7.

At the state department it was said all foreigners were probably safe. Both sides offered guarantees of their safety. All legation guards of British, French and American troops reached Peking.

Communication with Peking is interrupted and few official dispatches are reaching the United States.

Republican troops are reported converging toward Peking, to drive out the Manchu forces now in possession.

As part of their other war program, the republican troops under Nihai Chung and other generals propose to attack Chang Hsun's forces at Huchow, thereby isolating the monarchical war lord.

One of the peculiar developments of the Chinese internal situation was the formal permission, granted at Canton, for unrestricted gambling, under certain taxation rules. The funds thus raised will be used in the anti-monarchical campaign.

SPY SYSTEM IS MADE TARGET FOR EFFORTS OF FEDERAL OFFICERS

WASHINGTON, July 9.—The machinery to be set in motion to hunt down German spies was today put together by the heads of government departments. All branches of service will be co-ordinated to work under one head, instead of separately as formerly.

Operatives of the department of justice. Secret service proper. Customs inspectors. Internal revenue agents. Postoffice inspectors.

Working together, these units are expected to solve the spy problem once and for all. No chief has yet been selected for the new organization's spy drive. The new body will be similar to Scotland Yard in Great Britain.

Every German citizen in the United States is under surveillance today. United States troops have been landed in France and German spies have informed the German government of their sailing. More United States troops will go to France, and the United States government does not intend that Germany shall know of it until the men in khaki appear on the firing line opposite the German trenches.

Long lists of suspected Germans are in the hands of the department of justice and every agent available is today shadowing aliens.

In official quarters the situation is regarded as critical. Members of the cabinet have become aroused over the situation and it will be the subject of lengthy discussion at the cabinet meeting tomorrow.

AMERICAN HOUSEWIFE IN OPEN REBELLION OVER HOOVER CHARGES

WASHINGTON, July 11.—The American housewife today is in open rebellion against Herbert C. Hoover's food administration. She resents the open charge that she is wasteful. She objects to putting on a cheap calico apron and being told that she must save by the teapoonful and the half ounce.

She claims that she has a good reason for feeling surly and she—million of her—is writing in by every mail telling just why. She points out squarely that the men are the real wasters. Male consumers, wholesalers and retailers, all waste in enormous quantities. And the women point out that all of their efforts will be as naught so long as this condition is allowed to prevail.

The feminine protest already has been so successful that a sharp about-face in dealing with the housewives of the country has been taken by the Hoover office. Instead of laying stress on minor methods of saving, the food administration from this time forward will put emphasis on the necessity for saving in every branch of food consumption.

Some of the women have answered Hoover's urgings to a "wheatless day" and a "meatless day" by suggesting a "smokeless day." They have pointed out that vast areas now given over to the production of tobacco—statistics show the acreage exceeds a million and a half—could be planted to grain.
