WILL NEED FIVE DAYS TO MOVE MEN TO THE CAMPS AFTER CALLED the station to entrain.

Crowder. They map out in detail the whole program to be followed until every soldier of the selective draft army has been accepted by the adjutantgeneral of the training cantonment to which he is assigned.

Two hundred thousand of the first 687,000 men will be called up September 1 and forwarded to their camps before September 5. The whole business of assembling the levies at entraining points, providing them with shelter, food and transportation and giving them their actual introduction into military life is entrusted to the civilian local boards which selected them for adjutant-general of the army as a de-

Until the men reach the camps they will not be in contact with uniformed officers. The civilian control is carried forward through every stage of the draft to the very gates of the military camps, where the making of soldiers will begin, to be completed within sound of the guns in France.

The actual call for men will go on in each case from the provost marshalgeneral to the state adjutant-general, plied at a specified time by the state. Each local board will be promptly informed of its proportion in the call and the adjutant-general will fix the date ruins. when men from his state shall entrain for the camps.

Immediately the local board will at the list of men to fill the call from the roll of accepted men, and it wil lalso fix the place of entraining and the exact time of departure.

Orders to the men will be posted and also be sent them by mail. They will be directed to report to the local \$200,000 and it is known that the inboard at its headquarters not less than surance carried is comparatively small. 12 hours or more than 24 hours before the time of departure for camp.
