

Newsy Briefs From All Over the County

Macksburg

MACKSBURG, Aug. 22.—Our entire community was shocked and grieved beyond measure on Thursday by the sudden death of a well known neighbor, Milo Lentz. Mr. Lentz, while unloading hay had failed to fasten the hay fork securely, with the result that it fell, striking him in the chest and penetrating the heart and lung, thus causing instant death.

Milo Lentz was one of a large family who came to this region from the east many years ago and who have won the esteem of all their associates to a marked degree. As an active member of the Smyrna church and superintendent of this Sunday school, he will be greatly missed and will leave a vacancy, by no means, easy to fill.

We wish to express, through the Enterprise, our sincere sympathy with Mrs. Lentz and with all of the afflicted friends.

Our crops are still thriving on the reserved moisture in the soil though it is over two months since the last rainfall. The weather is perfect, traveling would be ideal, but for the dust. This shows the pleasure in store for us, when we shall have had time to put our roads in the shape they have attained in older portions of the country, and when we have secured irrigation for one crop.

The Mother's club had a very pleasant session on Thursday last at the home of Mrs. Ben Drair. Mrs. Zweifel, Mrs. Miller and the Misses Louisa and Minnie Helz were present as visitors. REGULAR ARMY NOW HAS ENROLLMENT OF 7000 ABOVE USUAL

WASHINGTON, Aug. 20.—War volunteers for the regular army have reached a total of 190,347 men, bringing the roll to 7000 in excess of the authorized strength.

Since the total quota for the expanded army was filled, several days ago, recruits have continued to enlist at an average of more than 1000 men a day. They will be needed, and the recruiting service will not relax its efforts.

There still are 25 states that have not supplied their quota, but some of the other states have furnished their quota several times over.

YOU ARE ENTITLED TO AN EXTRA BUSHEL OF SPUDS THIS YEAR

WASHINGTON, Aug. 20.—The largest potato crop ever produced in this country is the promise of the monthly crop report just issued. Leon M. Estabrook, chief of the bureau of crop estimates, the United States department of agriculture, stated this morning that the average production for the previous five years (1911-1915) was 363,000,000 bushels, which represents a fair crop. This year the indications are that there will be a crop of 467,000,000 bushels, which is 100,000,000 above the average.

This is equal to one bushel extra for every man, woman and child in the country.

SHORTAGE OF FEED ON CAMAS PRAIRIE IS A SERIOUS PROBLEM

LEWISTON, Idaho, Aug. 20.—The stockmen of the Camas Prairie and river sections are selling their livestock as soon as it is in condition for the markets and some shipments have been made to outside points in order that the local feed may be saved for the cows and young stock. A trainload of 23 cars was sent from here a few days ago, the shipment being made up of 17 cars of cattle and six cars of hogs. This shipment was divided between Spokane and Puget Sound.

Last week cattle were shipped into the Yakima valley to be finished for the markets and it is stated a number of stockmen will ship outside to finish as soon as the cattle are brought from the mountain ranges.

The feed situation is the most serious ever known to the upper country, and the stockmen's only hope of saving their cows and young stock through the winter is to sell the marketable animals and conserve the feed for winter use.

WOMEN'S WOES.

Oregon City Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains, they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Keeping the kidneys well has spared thousands of women much misery. Read of a remedy for kidney ills only that is endorsed by people you know.

Mrs. A. Reddaway, 116 S. Center St., Oregon City, says: "My back ached most all the time. It was so weak and sore that when I got down to do anything it was all I could do to straighten up. Sharp catches shot through my kidneys and for a minute I could hardly move they were so severe. My kidneys also acted too freely. I felt tired all the time and could hardly drag myself around. After I had been taking Doan's Kidney Pills awhile my back felt stronger and my kidneys acted more regularly. I have taken Doan's off and on since and they have done fine work."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Reddaway had. Foster-McMillan Co., Mfrs., Buffalo, N. Y.
