LARGE CROWD ENJOYS CARD PARTY

SANDY, Ore., Jan. 10.—One of the most enjoyable social events of recent times was the card party and dance last Saturday evening in the I. O. O. F. hall, given by the young people of the Catholic church.

During the early part of the evening, progressive "500" and pedro were in "full swing" at the fourteen tables provided for the guests. Miss Harriet Kelly carried off the first prize in "500", while the consolation prize went to Miss Louise Fritz. In pedro, Mr. Dunn took first honors, while P. B. Gray found joy and comfort in the consolation prize.

A delicious lunch was served at 11 o'clock, after which the crowd adjourned to the lower floor of the lodge hall. This has been recently remodeled into a dance hall, and dancing was enjoyed for several hours. Miss Kate Junker and Miss Gertrude Meinig furnished the music.

The young people have almost \$20 to their credit. Everyone went home voting it a big success and hoping for a recurrence in the near future.

FROM ANOTHER OF OUR BOYS.

John McCormick writes from Fort Bliss, Texas, as follows:

"I'm stationed in the 'sunny south' and very glad to be spending the winter here. The weather is grand, and seems like one long beautiful summer. I'm doing scout work and enjoy it, as I get to travel about. I have to do some map drawing that I do not enjoy especially. I'm afraid this war will be over before I get my trip to France, so I've asked for a transfer to a company that expects to leave soon for France. The men of the company are all expert horsemen, and are going to break and train horses for the soldiers in France."

John has been promoted to the rank of corporal.

A CORRECTION IN LAST WEEK'S ITEM.

In the account of the New Year's dance given in the new I. O. O. F. hall at Sandy, it was made to appear that the dance was given by the Odd Fellows Lodge. This was the correspondent's mistake. The dance was given by a committee composed of B. H. Aaron, H. B. Reed and Otto Meinig. This same committee will give another dance in the near future.

FIRST SHIP TIMBER FROM SANDY

The first bow sprite gotten out by R. C. Spooner's crew was hauled through Sandy Tuesday morning. It was 120 feet long, 44 inches through at the butt-end and 14 inches at the smaller end. A. W. Shipley, with his four large horses, hauled it to Cottrell, where it will be shipped to the Portland ship yards, there to become a part of one of the many ships our country is building for our boys "over there."

WELL KNOWN PERCHERON STALLION CHANGES HANDS.

The black draft horse, "Decide," registered Percheron, originally imported by the Gresham Percheron Horse association, and sold by them for \$3,000; later owned by Commissioner W. A. Proctor, of Cottrell, was recently purchased by Pevey T. Shelley, of Sandy. "Decide" is the sire of hundreds of fine colts in this part of the county and is also well known in Multnomah. His many admirers will be glad to know that he will make Sandy his home the coming year.

SANDY'S CITY FATHERS WOULD AMEND CHARTER.

A special city election has been called by the common council of the City of Sandy for April 30, 1918, for the purpose of amending Chapters II and III of the charter of the city of Sandy. Its purpose, "Shall the city of Sandy amend Chaps. II and III of the charter of the city of Sandy to conform to the present constitution of the State of Oregon, so as to have a general bi-annual election; and providing for the election and appointment of its officers as proposed by said council." It would be well for all legal voters of this city to post themselves on the proposed measure before election.

A resolution by the council passed its first reading Monday night, with an emergency clause as follows:

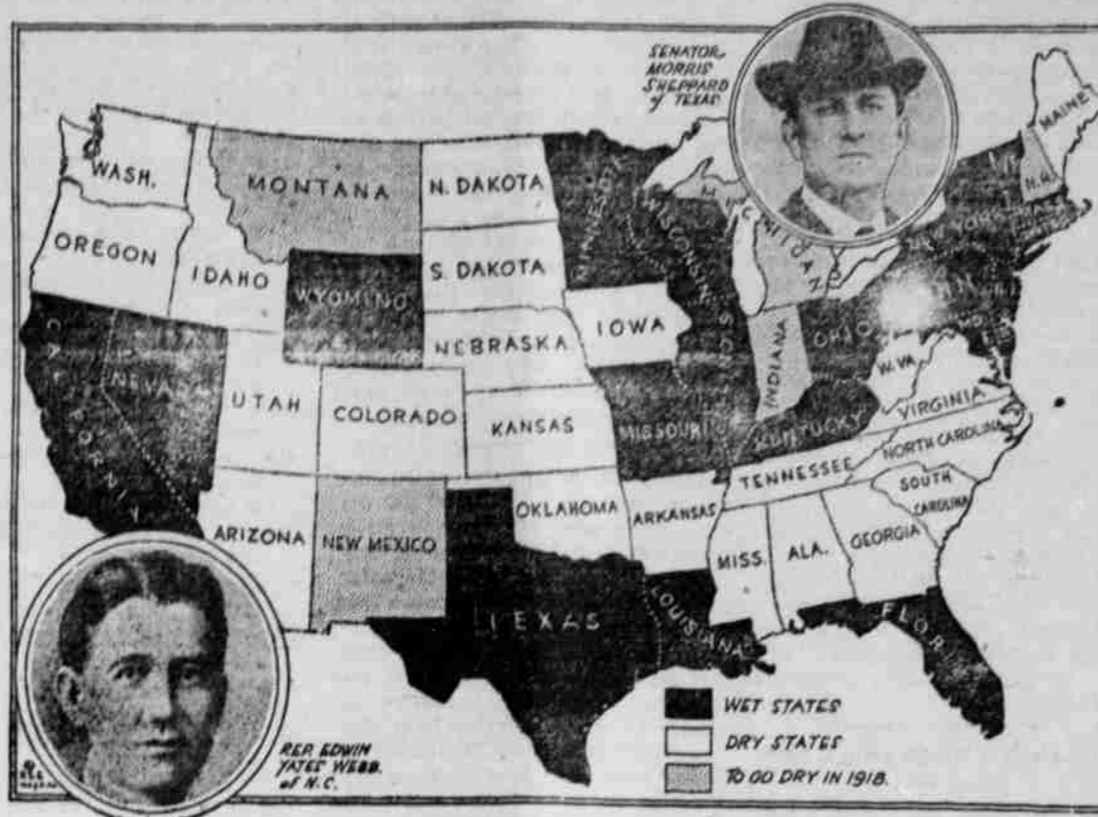

"Whereas it is necessary that the city of Sandy to amend its charter to make its provisions conform to the constitution of the State of Oregon, so that proper officers may be elected to represent and govern the same; and to raise the tax levy to ten mills, to raise sufficient funds for said city; now, therefore, in order to preserve the peace, health and safety of the city of Sandy and its citizens, an emergency is hereby declared, and this resolution to become immediately operative upon its passage by the council."

It is said the reason for the necessary increase in the city tax is due to the building of about 1000 feet of crushed rock road on Center street which cost the city approximately \$1,700.00. There are many of Sandy's citizens who believe the cost of this road excessive, and cite as their reason the half mile street of road construction by the Firwood District east of Sandy, and which is now in good condition, cost for grading and crushed rock being about \$600; the cost of the city road being about seven times greater, and the Firwood District having to haul their rock between one and a half and two miles further.

Can you read this type clearly and with the same pair of glasses see distant objects?

With KRYPTOK Glasses you can see far objects just as distinctly as you read the type on the printed page. They give you near and far vision in one solid lens.

KRYPTOKS (pronounced Crip-tok) are the better of removing your reading glasses or fusing with two pairs.
