The Council Wednesday passed to second reading an ordinance calculated to eliminate picketing in Oregon City and is designed to prevent interference with workmen in the local mills. It will come up for final passage at a special meeting January 21.

A penalty of \$100 or 50 days in jail or both is fixed by the ordinance for any violation of its provisions. The ordinance recites that the public streets and places of Oregon City are now disturbed and unsafe, and for that reason the emergency clause has been attached, which will make it effective immediately upon its passage and approval by the mayor. It is understood Mayor Hackett will sign the ordinance.

EVERY DEPARTMENT OF PAPER MILL NOW IN OPERATION.

With resumption of operations at the east side pulp mill of the Crown Willamette Paper company, Tuesday, every department of that concern is now in operation. The east side mill was closed last summer on account of low water, and work was not resumed at the usual time because there was an ample supply of pulp on hand. High water necessitated the closing of the West Linn pulp mill recently and the pulp supply warranted the starting of the Oregon City mill, which will run indefinitely.

DARK PROSPECT FOR MURDERERS OF LUCY CARTER

PORTLAND, Jan. 9.—"I swear upon the day of my birth, that if you say anything about this I will kill you."

These were the parting words spoken by Domenico Aquino to Frank Gaudo, on the morning of the death of Lucy Carter, for whose murder both men are under arrest. Aquino was arrested by Detectives Joe Morak, John Moloney and Coleman, as the mysterious "Anderson," whom Gaudo said was in the room in the Cadillac hotel, 288 1/2 Third street, on the morning when Mrs. Carter met her death by falling from the window.

Gaudo who had maintained since his arrest that he had been in the room all night, changed his story when confronted by Aquino in the city jail. He says that after the tragedy he went to Aquino's room where Aquino swore to kill him if he told of the affair and then threw him out. Since Gaudo's arrest he has been indicted for first degree murder.

Aquino tells a story that the Carter woman became angry when they would give her no more wine in the room on the fatal night and attempted to slap both men. Aquino stopped her and pulled his gun on her, where at she ran to the window to call the police but he caught her and threw her on the bed. Then he says that he left and knew nothing of her death until Gaudo told him of it a half hour after.

The police take little stock in the stories of either man in as much as they conflict in several details and are not coherent. Captain of Detectives Baty said this morning that he thinks that both men threw the woman out of the window after she had become noisy and threatened to call the police.

Mrs. Carter was Miss Lucy Mosherberger, before her marriage to Alfred Carter. Her father is a resident of Canemah.

FEMALE STRIKE SYMPATHIZERS CAUSE TROUBLE

Special Agent R. L. Stewart stopped what might have been a serious encounter Wednesday evening, when 15 women strike sympathizers accosted seven of the women employees of the Hawley Pulp & Paper company as they were leaving the mill's finishing room to ring out. One of the women employees, Miss Layton, was shaken up, but was not seriously hurt, and no arrests were made. The employment of several women to do light work in the paper mill, where men were formerly employed, has been particularly distasteful to the strikers.

A Fight for Life

It has been fight or die for many of us in the past and the lucky people are those who have suffered, but who are now well because they heeded nature's warning signal in time to correct their trouble with that wonderful new discovery of Dr. Pierce's, called "Anurie." You should promptly heed these warnings, some of which are dizziness, backache, irregularity of the urine or the painful twinges of rheumatism, retention or lambling. To delay may mean the dangerous form of kidney disease, such as Bright's disease, diabetes or stone in the bladder.

To overcome these distressing conditions take plenty of exercise in the open air, avoid a heavy meat diet, drink freely of water and eat such meat, take Dr. Pierce's Anurie Tablets (double strength). You will, in a short time, find that you are one of the firm laborers of Anurie, as are thousands of neighbors.

Mr. A. W. Cummins says: "I suffered greatly with my back and kidneys. I called in doctors and they did me no good, but recommended an operation. I saw Anurie for kidneys and backache advertised so sent up to the drug store and got a package, and it cured me. This was one year ago. I was down in bed and had taken many different kinds of medicines but obtained no relief from them."

Mrs. Rosa Miklavc, of Getchell, Wash. says: "I was troubled with the backache for the last five years. I sent for a package of Dr. Pierce's Anurie Tablets, which cured me completely. I will recommend Anurie to all my friends who are troubled with backache."

Stop into the drug store and ask for Anurie, or send Dr. Pierce, Buffalo, N. Y., for trial package. Anurie—many times more potent than this, eliminates uric acid as hot water eliminates sugar.

Foley's Honey and Tar clears stopped air passages, removes phlegm, heals raw inflamed membranes, soothes sore chest, makes breathing easy, and relieves those deep-seated, racking coughs.—Jones Drug Co.—Adv.
