Morally Unfit For

As a claim for military exemption, William J. Black, an Estacada farmer, alleges that he is a "Pacifist and Constitutionalist who holds law unconstitutional and immoral."

Such was the answer on his questionnaire filed with the local board Saturday in answer to the question as to whether he belonged to any well ecognized religious sect whose creed forbad warfare. In addition to this claim Black claims that he is "morally ing: unfit for service.'

Black is a single man 28 years of age and lives on, a farm near Estacada. He Samuel B. The location of the ship was not given. the cause of the Texan's distress, but reports reaching shipping circles here from other sources were that the vessel had been rammed amidships in collision with another ship.

It was said a steamer which had picked up the Texan's S. O. S. calls was hurrying to her assistance and that the crew of 43 had taken to the boats. The Texan left here recently with a cargo of nitrates, bound for a French port, agents of the vessel

In the absence of definite word regarding the accident, shipping men expressed the opinion that the Texan may have encountered an iceberg.
