# GERMAN REVOLUTION PREDICTED BY COHN IN REICHSTAG TALK

AMSTERDAM, Feb. 25 .- A revolution in Germany was predicted by Dr. Cohn, Independent Socialist Deputy, in an address to the Reichstag Friday, the Volks Zeitung of Cologne says, Dr. Cohn's address, made during the debate on the peace treaty with Ukraine, MAJOR MITCHEL threw the Reichstag into an uproar.

"It is not correct to say that the people of Russia's Baltic provinces are longing for German rule," he declared.

"The treaty with Ukraine is not the first step toward general peace. I see the day coming when revolution will reach Germany and the people will take the fate of their rulers into their own hands."

The Independent Socialists cheered the speaker. From other parts of the house came shouts of "traitor."
