

U. S. WILL DEPORT ALL PLOTTING ENEMIES

WASHINGTON, March 4.—A vigorous policy for the suppression of anarchists and all who advocate sabotage and other forms of lawlessness was announced today by Secretary Wilson in orders to immigration officials in the northwest to proceed immediately to arrest aliens guilty of spreading such doctrines.

Even though they may not commit any overt act, they will be detained and deported.

The secretary's action was in answer to requests from employers and civic organizations of Seattle and other cities that the department undertake the wholesale internment of Industrial Workers of the World, who were blamed for industrial unrest, particularly in the logging camps.

MILL WORKER SUES OFFICERS OF LAW FOR BIG DAMAGES

CAMAS, Wash., March 4.—Suit for \$5000 damages has been brought against B. M. Faler, chief of police of Camas, and Special Police Officers Alex Jones and Frank Howes, by George Beetsch as a result of the strike of the paper mill workers. Beetsch, who was working in the mill, was arrested November 15. In making the arrest, the complaint states, Beetsch was severely beaten. He was acquitted of the charge of carrying a concealed weapon. The two special officers were strikers, who were appointed by the mayor at the beginning of the strike.

The officers say Beetsch resisted when arrested.

TOWNLEY ARRESTED UPON CHARGES OF SEDITION CONDUCT

ST. PAUL, Minn., Mar. 4.—A. C. Townley, president of the National Nonpartisan league, and Joseph Gilbert, manager of that farmers' organization, were arrested at league headquarters here today. A warrant was sworn out by Albert R. Allen, prosecuting attorney of Martin county, charging the two men with "combining to conspire seditiously to teach men not to enlist in the United States army to fight Germany."

ROY W. RITNER ASPIRANT FOR STATE SENATE

SALEM, Or., March 4.—Roy W. Ritner, of Pendleton, today filed with Secretary of State Olcott his declaration of intention to run for state senator from the 20th senatorial district. He is a Republican, and has served two terms in the lower house.

GOOD RETURNS FROM PEAS.

SPOKANE, Wash., March 4.—Spokane County ranch owners and seedmen who put out 30,000 acres of peas last year, have arranged to seed 50,000 acres this year.

This will mean a revenue of \$3,000,000,000 if crop conditions are favorable, according to County Farm Expert J. R. Shinn.

WILSON IS CHARGED WITH FOGGING MIND OF AMERICAN PEOPLE

NEW YORK, March 4.—James A. Beck, ex-assistant United States Attorney-General, in a speech before the Republican Club Saturday, charged that President Wilson, in laying down four principles as a basis for peace in his address to Congress, February 11, had "mystified the mind and paralyzed the will of the American people."

"Nothing more unfortunate has happened," said Mr. Beck, "since we entered the war."

"If the President," said Mr. Beck "will eliminate from his councils the intrigues, the pacifists, the doctrinaires and intellectual Bolsheviks, he will confirm the confidence which his countrymen have so fully and ungrudgingly given him."

"If the war is to be compromised by diplomatic finesse; if it is to be settled on the basis of four innocuous and almost meaningless principles, then all the dead will have died in vain."

"If tomorrow a peace were arranged on a concrete interpretation of these four proposals, millions of soldiers would leave the trenches, and backed up by millions of civilians, they would say to Germany:

"You've defied the world with your lust for power; you have mocked humanity; you have violated our women, ruined our lands, we will not treat with you; we will not trade with you so long as you stand, cynical and defiant, leaning at the civilized world."

SPECIAL RESTRICTION ON MEATLESS MEALS LIFTED TEMPORARILY

WASHINGTON, March 4.—Temporary suspension of the meatless meal and of the special restrictions against the use of pork on Saturday was announced by the Food Administration last night as a readjustment of its food conservation program. Increased meat production and the necessity for still greater saving in wheat, it was declared, make the change advisable.

The suspension is made effective for an indefinite period, and it probably will last for three months or longer.

Since all restrictions on consumption of mutton and lamb had been lifted previously, the Food Administration now asks the public for the time being to deny itself in meats only beef and pork on one day a week—Tuesday.

Increased meat consumption, Food Administration officials believe, will of itself curtail the use of wheat, and for the present there is no intention to add to the restrictions already in force against the use of flour.

In a statement setting forth the reasons for the change, Food Administrator Hoover said the allies have made further increased demands for breadstuffs, these enlarged demands being caused to some degree by shortage in arrivals from the Argentine.

FEDERAL OFFICIALS ARREST 29 BOOZE MEN

PORTLAND, March 5.—Operations of two extensive bootlegging rings in this state were disclosed yesterday in the arrest under two secret federal indictments of 29 men in San Francisco and Portland.

The men under arrest include wholesale liquor dealers in San Francisco and a number of bootleggers, together with expressmen and railroad employes whose services were necessary to the success of the conspiracy, which consisted of importing large quantities of liquor from San Francisco into this state.

Included in the two indictments are 34 men, but since five are mentioned in each indictment, the actual number implicated in the two conspiracies was 29. Those named in one of the indictments were:

H. R. Edmunds, known as the "Tillamook Kid";

J. Davidson, owner and proprietor of the Blue Ribbon Beer company, San Francisco.

J. Whitehurst, salesman for the Blue Ribbon Beer company, San Francisco.

Frank J. Lepic, owner of the Bohemian Liquor company, San Francisco.

Joe Cressens, porter of the Occidental hotel, San Francisco.

John J. McKenna, night baggageman of the Southern Pacific company, San Francisco.

Gus Temps, Conrad Temps and Eli Schumacher, operating express known as the City Transfer company, San Francisco.

Thomas Cook, Charles Sorensen, Joe Sagala, A. Clark, Harry Blackburn, F. Tibbets, Fred McKenna, George Ford and Donald W. Nix, bootleggers, operating between San Francisco and Portland.

H. N. Wysliger, negro porter on Southern Pacific.

Earl Thompson and George Smith, taxicab drivers, Salem, Oregon.

J. Kirkpatrick, expressman, Portland.

SWITZERLAND IS ISOLATED FROM EUROPE

GENEVA, Switzerland, March 4.—By the closing of her frontiers at midnight Switzerland again finds herself completely isolated in Europe. Meanwhile the food question, especially as it relates to bread, is becoming more serious daily.

The reserve stocks of wheat, even if the present small ration is still further reduced, will be exhausted within the next six or seven weeks.

GERMAN WAR POLICY HIT IN REICHSTAG BY HERR BOGTHERR

LONDON, March 4.—The German government's "infamous war policy" was assailed in the Reichstag in the course of Friday's debate by Herr Bogtherr, an Independent Socialist.

"The German ultimatum is not calculated to create conditions of peace and friendship with Russia," Herr Bogtherr declared. "In the case of Ukraine peace, Germany and Austria already are quarreling over the booty. The war we are now waging in defenseless Russia serves only the property classes of the disputed territory."

"In Lithuania we have made no moral conquest. The Lithuanians long to be back in Russia. We are not allowed to know the truth. The Fatherland party is pursuing a bloodthirsty propaganda against foreign countries—we are sold, body and soul, to the military caste. We are pursuing an infamous war policy."

ALL TRAIN SERVICE TO BE CUT TO MINIMUM

WASHINGTON, March 4.—Passenger train service in the west will be reduced one-third or more by a rearrangement of schedules to be announced shortly by Director-General McAdoo.

Scores of trains on competing lines leaving and arriving at terminals about the same time will be eliminated. Unnecessary trains on many western lines are to be taken off and the locomotives and crews used for essential freight service.

There is no thought, however, of making a few western lines the principal passenger carriers as contemplated in the east. Officials also stated that the reduction in schedules will not result in any serious inconveniences to passengers.

The curtailment, which has been under consideration for several weeks by Gerrit Fort, passenger traffic director for the railroad administration, will be effective from the Mississippi river to the Pacific coast.

NO SIBERIA DEAL WITH JAPAN SAYS SEN. LEWIS

WASHINGTON, March 5.—The United States is in agreement with Japan, Great Britain and the other co-belligerents on the principle of action in Siberia, but the details remain to be worked out.

This became known today, as the cabinet met with President Wilson to discuss the subject.

WASHINGTON, March 5.—Senator J. Hamilton Lewis of Illinois, the Democrat whip, informed the senate this afternoon that no compact or understanding of any nature has been entered into by the United States with Japan regarding Siberia.

He denied with emphasis that reports that negotiations were pending to allow Japan a free hand in the Philippines and a naval base on the Mexican west coast in return for her services in Russia.

"Whatever Japan is doing in regard to the war is in pursuit of her compact with Great Britain," said Senator Lewis.

Senator Lewis said he had received numerous telegrams today, largely from the Pacific coast, regarding the far eastern situation.

WOMAN ARE NOT FIT TO DO WORK OF STRONG MEN

WASHINGTON, Mar. 4.—A special session of the railroad wage commission was held today to hear Miss Pauline Goldmark, sister-in-law of Associate Justice Brandeis, tell of the employment of women on railroads.

In the course of her informal report she expressed an unfavorable opinion of the section gang as a place for women.

She gave figures to show that women are being hired in increasing numbers for heavy work, her statement contradicting in some instances the testimony of railroad executives.

Women were first employed in any numbers by the railroads about a year ago, Miss Goldmark said, at the instance of the railroad war board. They were put on the clerical positions experimentally, but their use has been extended until now they are in the freight yards, section gangs, shops and roundhouses.

While much of the work is suitable to them, many occupations involve heavy physical strain and other hazards. Miss Goldmark doubted the advisability of employing women on section gangs for work out of doors in all conditions of weather and without proper attention to their physical welfare.

"In order that there shall be no wasteful use of labor and to reduce the turnover," she recommended, "it is important to make an investigation and standardize the work for which women may be employed before their numbers increase. One railroad employs 400 on one division and another has a total of 1517 women workers."

Miss Goldmark declared white women were lifting weights as much as 50 pounds in work as drill press operators.

She told of investigating conditions at a factory in Zanesville, Ohio, where many women are employed.

"The majority of women at this plant," she said, "are engaged at hard labor, such as loading scrapiron, sorting scrapiron, wheeling iron castings in wheelbarrows, etc."

"The women loading scrap and sorting same work out in the yards, with no protection from intense rays of sun or weather. The women wear overalls and large-brim hats. They hand iron up from the ground to others in the cars, who pile it."

"The hours are nine hours a day, 54 hours a week, with one-half hour for lunch; wages 20 cents an hour and \$1.50 deducted each month for rail fares. Men are given 21 cents an hour for labor of the same class."

CHICAGO LABOR DOES NOT FAVOR GENERAL STRIKE

CHICAGO, March 4.—The Chicago Federation of Labor today defeated a resolution favoring a general strike of union men in the event of the death sentence over Thomas Mooney, San Francisco labor man, convicted of murder by bomb throwing, he carried out.

Instead, a telegram protesting against the execution, was sent to the American Federation of Labor.

TIMBERMEN CALL EIGHT HOUR-DAY STRIKE OFF

SEATTLE, Wash., March 4.—Formally calling off the strike for the eight-hour day that they declared nearly seven months ago, and joining forces to organize all workers in the timber industry under the banner of the American Federation of Labor, the International Union of Shingle Weavers and the International Union of Timber Workers formed a merger at a convention held in Seattle today. Delegates from Oregon, Washington and Idaho were present.

The convention adopted a declaration of principles, including a vigorous endorsement of the country's war aims and an intention to back the government in every way. One of the principles adopted was that although the right to strike will not be yielded, the members will not cease their work in the future until "every other means has been used to bring about justice."

SMALL DISTRICT AT LINN'S MILL IS ON WAR MAP

Linn's Mill, a little corner of Clackamas county, and within a few miles from Oregon City, is on the map when it comes to raising funds from the sale of war saving certificates. This is the smallest school district in Clackamas county, known as District No. 21, with 39 inhabitants, including men, women and children, and although but a few people making their homes there \$255.26 was raised in two afternoons by B. H. Stewart and E. L. Evanson, farmers of that place.

These men traveled from house to house selling stamps and their wives attended to the farms. Other farmers' wives at this little settlement are helping their husbands as well, in the way of plowing, and milking the cows. Mrs. Stewart, whose husband operates a dairy farm with 14 cows, finished the task of milking nine before the breakfast hour. Many of the women of the little settlement retire early and arise at 4 o'clock.

The women of Clackamas county are certainly doing their "bit," although many have never been required to do much heavy work on the farm.

RIVER WATER IS NOT FIT FOR USE SAYS DR. WELSH

The people of Gladstone are advised to boil the water they use for family consumption, in a report made to the Gladstone council Tuesday night by Dr. Orel A. Welsh, who says that a test of the water supply from the Clackamas river indicates that the water is not fit for human consumption. Dr. Welsh states that this test is being checked up further, and until such has been completed, it is his opinion that the users should boil what they use.

For some time the council has had before it the matter of securing a water supply from Oregon City, connecting up with the South Fork of the Clackamas system, but up to the present time the committee has been unable to get anywhere with its conferences with the Oregon City water commission. Dr. Welsh's report was referred to the fire and water committee of which Ireton Veder is chairman.

The council elected G. F. Nickerson as councilman to succeed F. E. Goodman, recently resigned on account of ill health.

The matter of a shelter station on the line of the Portland Railway, Light & Power company at Fero Ridge station was referred to the committee on public property with instructions to request the company to erect the station.

THIRD LIBERTY LOAN CAMPAIGN OPENS APRIL 6

WASHINGTON, March 1.—On April 6, the anniversary of the United States' entry into the war, the third Liberty loan will open. There will be a campaign of three or four weeks.

WOMEN WILL BE EMPLOYED FOR SMOKE CHASERS

MISSOULA, Mont., March 4.—Women will be employed as "smoke chasers" in the National forests throughout the Northwest this year, R. H. Rutledge, district United States forester, announced yesterday upon his return from an inspection trip over the state.

HAZEN TITUS QUILTS

SEATTLE, March 4.—Hazen J. Titus, superintendent of the dining car service of the Northern Pacific Railway, has resigned and will transfer his activity to the business of a restaurant company in Seattle.

AMERICAN SOLDIERS SERVING IN FRANCE FACE DEATH SENTENCE

WASHINGTON, Mar. 4.—Four American soldiers of the expeditionary forces have been sentenced to be shot—two for being found asleep while on duty in the front line trenches and two for refusing to obey orders of superior officers. The men were tried by a general court martial, the findings of which, and the sentence have been approved by General Pershing.
