Mr. Hill, of Colton, Or., performed the ceremony and his daughter, Dorothy, played the wedding march. The newlyweds will make their future home in Portland.

## Plant Your Seeds With These Machines

### KEYSTONE PATATO PLANTER

This is a machine which does the work right and at the same time sell at a price so reasonable that every potato grower can afford it. The KEYSTONE opens the furrow to the proper depth, drops the potatoes and covers them uniformly. Does not bruise the potatoes, is easy to operate and above all is reliable.

### The Drill with the Feed that CAN'T Sow Wrong

The Feed that eliminates chance—that sows uniformly under all conditions, guaranteeing an even stand of grain—The Hoosier Feed can't sow wrong because it is

**A Positive Force Feed**

The ONLY Feed that sows evenly and continuously as long as there is grain in the hopper, other conditions making absolutely no difference.

### HOOSIER DRILLS

Not only have a Perfect Feed but they are perfect in even the smallest details of construction. Heavy tressed steel frame insures proper relation of all moving parts. Special heavy wood wheels made for Pacific Coast. Both wheels drive the feed. Balance spring lifts are used on Hoosier Drills larger than eight disc which make lifting the disc an easy matter.
