LOCAL RED CROSS ASSISTS IN DRIVE FOR BELGIANS

Obeying a request from headquarters there was no meeting of the Sandy auxiliary last week, the members and friends bending all their energies towards collecting used clothing for the Belgians. About two hundred pounds were collected and sent into the packing room in Portland.

The auxiliary now has a work-room in the old Mt. Hood hotel and will meet there every Wednesday afternoon until further notice.

CONFIRMATION FESTIVAL IS WELL ATTENDED

With beautiful decorations of evergreens and spring flowers, the Lutheran church celebrated its annual confirmation festival on Palm Sunday when the following children were confirmed: Alexander Helm, Henry Schwartz, Henry Haselwander, Ruben Hoffman, Ruth Krebs, Emilie Krebs, Ella Finger, Frieda Schwartz, Bertha Jobs, and Dorothy Trubel. Rev. Döberfuhl preached on Math. 21-5. On the basis of this text, "Behold, Thy King cometh unto thee meek," he showed clearly that as long as his catechumens would remain in the three fold Kingdom of power, of grace and of glory of their dear Lord and Savior Jesus Christ, they would fare well in time and eternity. During this service which was attended by over 100 people, the ten catechumens, assisted by the choir, sang an appropriate song. During the examination about 250 questions were asked which were all answered in the best manner possible by the catechumens.

NEW CHURCH WILL SOON BE UNDER WAY.

Each adult who attends the meeting will be given a ballot which will be accepted as one vote in the contest. The grade rooms are working hard and it promises to be a spirited affair. Sandy seldom has an opportunity these times to listen to a good address, so come out Sunday evening and fill the church.

Protect Your Colors

Tattered Ensigns Fly

Flags Not Cared For

Two new flags adorn two public buildings of Oregon City, one being on the court house and the other on the postoffice building.

There are many dilapidated looking flags in this city which do not resemble our stars and stripes, which we all love and cherish. These are torn, tattered and faded, and many of the people of this city believe that it would be showing a greater respect to the national colors to have them down and placed away, and new flags in their places. The prices of flags are reasonable enough in Oregon City, and a handsome flag can be procured for a small amount. Many of the flags are taken down at sundown, and will last much longer

Old Folks Saved From Suffering

Mrs. Mary A. Dean, Taunton, Mass., in her 87th year, says: "I thought I was beyond the reach of medicine, but Foley's Kidney Pills have proven most beneficial in my case."

Mr. Sam A. Hoover, High Point, N. C., writes: "My kidney trouble was worse at night and I had to get up from five to seven times. Now I do not have to get up at night, and consider myself in a truly normal condition, which I attribute to Foley's Kidney Pills, as I have taken nothing else."

Mrs. M. A. Bridges, Robinson, Mass., says: "I suffered from kidney ailments for two years. I commenced taking Foley's Kidney Pills ten months ago, and though I am 61 years of age, I feel like a 35-year-old girl."

Foley's Kidney Pills are tonic, strengthening and up-building, and restore normal action to the kidneys and to a disordered and painful bladder. They act quickly and contain no dangerous or harmful drugs.

Announcement that he is a candidate for re-election should interest all who want honest and able service in the senate."

Some of these Americans were wounded in the fight at Cambrai.

Left, E. W. Darland; right J. C. Geiger

Some of these Americans were wounded in the fight at Cambrai. Censors have not permitted the battles in which others were wounded to be named. But the wounds were not so severe, despite the loss of legs, that the spirits of the Americans have been dampened. The lower picture shows two of the wounded men leaving a Paris hospital. J. C. Geiger's left leg was shattered by a German bullet at Cambrai. Darland was wounded and captured by Germans at Cambrai, but he was later rescued by the British.

FOOD WILL WIN THE WAR

BELGIAN RELIEF IS SUCCESSFUL

Clackamas Residents Donate 1000 Pairs of Shoes to Sufferers.

Clackamas county is on the map when it comes to donating toward the relief of the afflicted Belgians.

During the past week the women of the Red Cross and others who are patriotically inclined have worked diligently for this fund, and have gathered tons of clothing. There are 42 auxiliaries of the Red Cross society in this county who have taken an active interest in the work, and never in the history of Clackamas county have the people secured through their garrets, clothes closets and given to the needy. Not only did they give some of their cast-off clothing, but actually have given away some of their clothing that they well could wear. All the clothing is in excellent condition, and many new articles have been made by Clackamas county's patriots.

The men have done their part towards contributing toward the fund, and have spent much time packing the goods.

J. L. Lageson, manager of the Oregon City Shoe store, was placed in charge of the "shoe department" and under his supervision these shoes were carefully packed and labeled. He was assisted in wrapping the shoes by some of the boy students of the city schools.

In the collection were 1000 pairs of shoes, many of which were practically new, while others were slightly worn. There were tan-shoes, some of the finest white kid of the latest cut, black, brown and in fact every color that a shoe is found, was in this collection.

It was surprising to see the large number of people of Clackamas county volunteer their work in collecting, receiving and packing the goods. The women of this city have a warm spot in their hearts for the men who came to rescue and offered their services in packing these boxes. Nearly every store in the city has been appealed to for boxes. Men have been packing boxes for the past three days, and boys too who offered their services were engaged in this work.

Box after box will be shipped by the Southern Pacific for Portland, and from that city these will go on their way.

Cunard Line Goes to Texas for Ships

The War Mystery, the largest wooden ship ever built in the south, was launched at a Texas port the other day for the Cunard Line which is a British corporation. Every ship built for this old English line prior to the war was from ways in the United Kingdom. But the Texas people showed they could build great wooden vessels and they have just launched this one of 5,000 tons. Six more vessels like her are under construction.
