

GEORGE C. BROWNELL

Candidate for Republican Nomination

for

State Senator

Mr. Brownell did not wait until prohibition carried before he announced himself in favor of it but helped, with others in Clackamas county and elsewhere to carry it.

Will oppose any division of Clackamas county unless the people by a majority vote direct otherwise.

For 25 years he has always worked for women suffrage. While president of the senate signed resolution to submit it to the vote of the people of this state.

There are 36 counties in Oregon. Twenty-eight of them have no county recorder. Favors abolishment of the office in Clackamas county and less deputy hire.

Does support government in war. Has young son now over in France and naturally, if elected he will support war legislation and aid widows and orphans of soldiers and widowed mothers of soldiers.

We have more offices on the payroll than the state needs. Will work to abolish wherever possible and to consolidate others in the interest of economy and low taxation.

The millions of dollars worth of property of the Portland Railway Light & Power company, the pulp mills, railroads and big corporations about Oregon City are assessed by a tax commission in Salem. Will endeavor to amend this law and have all property in Oregon City and Clackamas county assessed by an assessor elected and controlled by the voters of the county.

Will do his best to establish a state board of arbitration with a representative of labor on the board to be elected by the people.

22 Million Families in the United States

IF EACH FAMILY saved one cup of wheat flour it would amount to 5,500,000 pounds, or more than 23,000 barrels. If this saving was made three times a week, it would amount to 858,000,000 pounds, or 4,377,000 barrels in a year. You can do your share in effecting this saving and really help to win the war by omitting white bread from one meal today and baking in its place muffins or corn bread made according to this recipe:

Corn Meal Muffins

- 1/2 cup corn meal
- 1 1/2 cups flour
- 1/2 teaspoon salt
- 4 teaspoons Royal Baking Powder
- 2 tablespoons sugar
- No eggs
- 1 cup milk
- 2 tablespoons shortening

Sift dry ingredients together into bowl; add milk and melted shortening and beat well. Bake in greased muffin tins in hot oven about 20 minutes. Same batter may be baked as corn bread in greased shallow pan.

GRAND JURY ENDS SESSION WITH THREE BILLS TO CREDIT

The Clackamas county grand jury closed up its business for the year, and were dismissed by Circuit Judge Campbell Wednesday. Three true bills were returned, one being a secret indictment.

Echoes of the early strike troubles were heard by the grand jurors, and Andy Fromong was indicted on charge of assault and battery upon Mahon Saldow. An indictment charging the same offense was also brought against Frank Hogan, the prosecuting witness being Frank Miller. Both cases grew out of the local labor troubles.

The grand jury recommended the construction of fireproof and burglar proof window on the clerk's and recorder's office; that a padded cell be provided for the care of insane patients while in detention here; that an extra door be provided at the jail entrance; and that the county assessor have a steel counter.

The grand jury made a further recommendation that the county court equip and maintain at least one company of home guards in Oregon City during the pendency of the war.

FUTURE OF GERMAN SHIPPING TRADE IS UNCERTAIN ONE

London, April 7.—The Birmingham Daily Post says that if statements in Hamburg newspapers are reliable, the prospect of German shipowners after the war are uncertain. It is considered probable that for some years they will have difficulty in again obtaining a foothold in several important trades which they at one time almost monopolized. This is apart from any restrictive measures adopted by the allied governments.

Commenting on the same subject the London correspondent of the Liverpool Daily Post says German mercantile marine, which aggregated 3,072,993 tons when the war began, has been depleted to the extent of nearly 3,000,000 tons.

QUARTETTE MAKING BIG HIT AT LIBERTY LOAN BOND MEETINGS

Chairman Mort Latourette's special attraction in the big county-wide Liberty Loan drive, are making a great hit in all parts of the county. In addition to the list of speakers, the Liberty Loan quartette, consisting of Thomas A. Burke, John Loder, Earle C. Latourette and Homer Hollowell, has been received everywhere with great enthusiasm. The Junior Quartette, four youngsters of the Barclay school, who sang with ukelele accompaniment, has been forced to respond to numerous encores at every appearance. As an added attraction Miss Marie Frederichs, with Mr. and Mrs. Frank Busch, Jr., on the violin and piano, has delightfully assisted in the various programs. The Moose band also has volunteered their services in the big drive, and each night sees the "extras" helping stir up enthusiasm in a different part of the county.

One of the best meetings of the drive was held at Estacada Sunday night, when a packed auditorium was on hand. Estacada, by the way, went over the top the first day, passing its quota in great style. From the enthusiasm present at the meeting, however, there is no intention to slack up in the work in the eastern part of the county.

Monday night another big crowd turned out at Molalla. The male quartette is billed for every night this week. Chairman Latourette is loud in his praise of the musical programs and attributes much of the enthusiasm and success of the drive to the volunteers in this work.

STRONG INDICTMENT AGAINST HUNS FROM WILLIAM F. WOODARD

The intent of the leaders of the German nation toward the rest of the world was vividly portrayed by William F. Woodard of Portland Tuesday at the noon-day luncheon of the Live Wires, who delivered an impassioned address, in which the conduct of the Hun was laid bare in all its ugliness. Mr. Woodard held his audience for 30 minutes, and made the strongest indictment against German militarism that has been heard in Oregon City.

By resolution the Governor was asked to use his influence to put to work every able-bodied man in the state between the ages of 18 and 60 years.

MEREDITH HELD OVER TO FEDERAL GRAND JURY

P. W. Meredith, former socialist candidate for the legislature from Clackamas county, was Friday bound over to the federal grand jury, by U. S. Commissioner Drake in Portland. Meredith, who is a prominent farmer living in the Mt. Pleasant country above Oregon City, was arrested a few days ago by government officials, charged with a violation of the espionage act. He is accused of having told the Osburn boys, neighbors of Meredith, that the Thrift stamp scheme was a plan to bleed the common people, devised by Wall Street. He is said to have talked to the lads, who are pupils of the Mt. Pleasant school, in an effort to dissuade them from selling war stamps, and is said to have made other remarks anti-American in nature at various times.

Meredith's bail was fixed at \$1000 pending action by the U. S. grand jury, which is expected to be made within the next few days. The defendant is out on bail.

MOSIER FIRST TO GO OVER TOP IN LIBERTY DRIVE

MOSIER, Or., April 6.—(Special.)—Off at the signal to charge, Mosier went over the top in a day with an impetus smashing through to victory. The allotted quota of \$5,000 was oversubscribed by many hundreds of dollars. For the efforts on the part of zealous citizens Mosier has won the first honor flag in the 12th Federal reserve district. At 12:01 Saturday morning a telegram was sent to James K. Lynch, at San Francisco, that Mosier had met its quota and oversubscribed 60 per cent, making a total of \$8000 for this district with over 75 bona fide subscribers.

NAME OMITTED BY MISTAKE

The name of John Kent, of Park Place, was unintentionally omitted from the list of workmen offering their services in erecting the Liberty Temple. Mr. Kent was one of the carpenters, who offered his services. He gave one and one-half days to the good cause. His son, Lowell Kent, is one of the boys from Clackamas county who enlisted at the call of Uncle Sam. He is stationed now at Cavite, P. L., and from letters received is proud to be in Uncle Sam's service.

In the Thrift and War Stamp contest in the Sandy high school, which closed last week, the seniors won out with \$349.22 to their credit. The juniors came right along with \$182.82 on their side of the balance sheet. Both sides worked valiantly, but the big box of candy that has been on display in the window of the Sandy Drug store, for the winning side, is being happily munching by the seniors with the feeling that they fought the good fight. The sophomore and juniors are to give them a dinner later on. Here's to Sandy high.

SANDY DISTRICT TURNS LOOSE ON THIRD LIBERTY LOAN.

Without the aid of a single speaker, minus the roll of the drums and the call of the bugles, lacking any of the outward incentives that usually accompany a demonstration, the people of the Sandy banking district went over the top with \$25,000 to its credit. The quota for this district was \$7200 at 12:01 Saturday a. m. its quota was complete. Sandy was the first town in the county to complete its quota, and one of the first in the state. Too much credit cannot be given to the various committees, who worked untiringly. This district comprises the following school districts: Cottrell, Orient (that part in Clackamas county), Borin, Keiso, Sandy Ridge, Sandy, Bull Run, Marmot, Alms, Welches, Hill Crest, Marmot, Dover, Firwood, Cherryville and Brightwood.

BAD ACCIDENT AT MILL

What might have been a fatal accident occurred Tuesday afternoon at the Mikleson-Nelson mill at Brightwood when Quin Metzger was severely hurt. The cable, in some manner, hit a vine maple and hit the young man on the back. He is badly bruised and it was deemed unadvisable to attempt to move him for a few days. Dr. Alfred Williams, of Sandy, and Dr. Hughes of Gresham, were in attendance.

SCHOOL GETS PRAISE FOR WORK.

The Lutheran Parochial school has ordered \$6.50 worth of towing material from the Junior Red Cross committee at Oregon City. Upon receiving the first work sent in by the school the secretary of the Red Cross wrote: "I am in receipt of your finished work which was very satisfactory. We are very much pleased with the good results from your school, this being the largest amount of work returned in this county." This work increased still more the children's enthusiasm for their work.

You are asked to spend wisely—to buy only the things honestly needed to maintain your health and efficiency. This is intelligent thrift. The Government asks it of you as a war measure : :

Bonds Are Not A Burden, But A Blessing

Thrift requires the exercise of restraint and self-denial — qualities without which you cannot achieve the success in life which it is your ambition to achieve and for the lack of which you are likely to suffer in later years.

The money you acquire by thrift you are asked to loan—not give—to your country. It will come back to you when you may need it far more than you do now, and you will be paid interest for its use.

This war is a frightful thing, but it may prove of inestimable benefit to you, if it teaches you the good habit of thrift.
