PARIS, July 4.-In a message to Field Marshal Sir Douglas Haig. commander-in-chief of the British armies in France, General Pershing said:

"My dear Sir Douglas: Independence day greetings from the British armies in France, extended by its distinguished commander-in-chief, are most deeply appreciated by all ranks of the American forces. The firm un ity of purpose that on the Fourth of ouly this year so strongly binds the great allied nations together, stands as a new declaration and a new guarantee that the sacred principles of liberty shall not perish, but shall be extended to all peoples.

"With the most earnest good wishes from myself and entire command to you and our brave British brothers

"Yours very sincerely "JOHN PERSHING."

Catarrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is

the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an infismed condition of the mucous lining of the Eustachian Tube. When this tube is infiamed you have a rumbling sound or imperfect hearing, and when it is entirely closed. Deafness is the result. Unless the infiammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an infiamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.
