

FISHERMEN TO FIGHT CLOSING OF RIVER BILL

SALEM, Or., July 30.—(Special to the Enterprise)—Escorting the Rod and Gun Club as an organization that cares for "nothing but their own pleasure," and declaring that passage of the act closing the Willamette to commercial fishing south of Oswego will throw 200 men out of employment at Oregon City and keep \$45,000 out of circulation each year, the Clackamas County Fisherman's Union, make a strong plea against passage of the act in the negative argument filed for the voters' pamphlet for the general election. The argument is submitted by Charles H. Gates, president and Andrew J. Naterlin, secretary of the union.

"Senate Bill No. 96 being Chapter 223 of the Laws of Oregon for 1917, proposes to close that part of the Willamette River in Clackamas County from the Suspension Bridge at Oregon City to a point approximately four and one-half miles below the bridge to commercial fishing for salmon. The river is already closed above the bridge. By this act all of the river where salmon can be caught will be closed, says the argument.

"In ordinary years about 200 tons of salmon are taken in this part of the stream and the passage of the bill means that two hundred men will be deprived of their spring employment and \$45,000 kept out of circulation each year, and the fish will die and add to the waste which all are trying to avoid, except the Rod and Gun Club, who are responsible for this act, and who care for nothing but their own pleasure. So many of the fish die below the falls that persons have to be hired to remove them before the hot weather comes to protect the health of the community.

"During July, 1918, at least seventy-five tons of salmon perished below the falls by reason of the river being closed between the suspension bridge and the falls, and this, in these war times, is an absolute crime. To add to this crime the destruction of an additional 200 tons should not be tolerated by the people of the state.

"The City of Portland has now equipped and sends out for deep sea fishing ashore for the purpose of setting fish to sell at a reasonable price to its people, and yet, its sportsmen are attempting by this act to cut off a supply from Portland's very door equal to more than can be caught by this boat in a whole season's fishing.

"All the salmon caught in the Columbia river are controlled by the Salmon Trust and the Willamette River is the only stream open to independent fishermen. With this Bill in force those who wish to eat salmon can whistle for them or buy them of the Trust.

"The hatcheries on the upper Willamette river have always had more salmon than they could spawn, and this measure has not come from any demand by the authorities in charge of salmon propagation. The natural spawn of the fish not taken care of by the hatcheries cannot return to the ocean because of the dam at the falls which forces them through the water wheels and are killed. The fish have been increasing year by year which demonstrates that this measure is not needed for their protection.

"This Bill was introduced by Senator Gill of Multnomah county, who especially looked after the interests of the Rod and Gun Club, and was passed at their behest. In addition to closing the river this act provides that no fish caught by hook and line may be sold and thus makes of the Willamette river a playground only and necessarily limits the fishing to those who can afford to fish for pleasure.

"The passage of this Bill demonstrates the hold the Rod and Gun Club has on the Legislature. A number of measures in regard to fish and game were before the Legislature, but none could pass or be amended except with the approval of the Club, and if matters continue to move along this line as in the past, an ordinary person will not be permitted to carry a gun or use a fish pole without asking leave of these monarchs.

"This is an opportunity to voice a protest against the Rod and Gun Club controlling legislation."

GOVERNOR'S SON RETURNS HOME TO RECOVER HEALTH

SALEM, Or., July 28.—Earl Withycombe, son of Governor Withycombe, arrived in Salem last night from Washington, where for nearly six months he has been ill in a government hospital. He suffered an attack of measles while in camp with a regiment of engineers in Virginia, and after going to the hospital pleurisy and then pneumonia developed. Several surgical operations were necessary to save his life. As soon as he has recuperated sufficiently, he expects to go to France. He was accompanied home by his sister, Miss Mabel Withycombe, who has been with him for the past five months.

GUSTAV KOBBE KILLED BABYLON, N. Y., July 27.—Gustav Kobbe, widely known author and a critic of music and the drama, was killed today when a naval seaplane swooping down to the surface of the Great South Bay, struck a small boat in which Mr. Kobbe was sitting.

SISTERS MAY GO WASHINGTON, July 30.—Lack of women war workers at the front has led the War Department to make a new ruling permitting sisters of soldiers to serve as workers in France under certain conditions.

Commander of Cruiser Sunk Off Long Island

Captain H. H. Christy was the commander of the United States cruiser San Diego, which was sunk off Fire Island, Long Island, N. Y. He gave it as his opinion in his report to the Navy Department that he had been sunk by the torpedo of a submarine. That opinion was to some extent confirmed by the later appearance of a German U-boat off the Massachusetts shore two days later.

LABOR CHAIRMAN URGES SOLDIERS TO HELP MOONEY

CHICAGO, July 29.—Sending of United States troops into California to insure the pardon of Thomas J. Mooney, sentenced to death as the San Francisco preparedness parade bomber, was proposed here by Frank P. Walsh, labor chairman of the war labor board. Walsh, speaking before 20,000 union men here Sunday, stated some such move would be necessary to preserve the morale of American workers. A resolution presented by Walsh branded the testimony against Mooney as "the lying testimony of a piratical crew of criminals, drug addicts, immoral women and professional perjurers."

"In the light of recent events," Walsh said, "it is easy to believe the bomb outrage was a part of German propaganda."

SAN FRANCISCO, July 29.—An unconditional pardon or a new trial for Thomas J. Mooney is the demand for labor unions and members of the International Workers' Defense league. Resolutions passed at the Mooney mass meeting Sunday expressed dissatisfaction with the reprieve granted Mooney Saturday by Governor Stephens.

MOONEY IS REPRIEVED LOS ANGELES, Cal., July 29.—Governor William D. Stephens announced Saturday he had decided to grant a reprieve to Thomas J. Mooney, which will operate as a stay of execution until October 13, 1918.

SEATTLE, July 29.—Shouts of "No" which produced in the aggregate a roar that could be heard for blocks went up from the throats of several thousand Seattle union men when asked in the Arena Sunday if they were satisfied with the five months' stay of execution which had been granted Thomas J. Mooney.

SWISS LABOR MAY STRIKE BASEL, Switzerland, July 29.—The internal situation in Switzerland is assuming a grave aspect as the result of a conflict between federal authorities and the labor organizations. Matters came to a head yesterday at a meeting of the Swiss workmen's congress, organized by a Socialist committee headed by Robert Grimm, which voted by a large majority that the federal council's reply to the workmen's claims was unsatisfactory and that if further prompt negotiations failed in obtaining concessions a general strike would be called. In official circles the situation is regarded as serious.
