### NATION IS HORRIFIED AT TERROR IN RUSSIA

WASHINGTON, Sept. 21.—Horrorified by the bloody reign of terror in Russia, the United States today called on all allied and neutral nations to consider what they may do to impress upon the Bolsheviks the aversion with which the civilized world regards their wanton crimes.

By direction of President Wilson, Secretary Lansing dispatched instructions to all American diplomatic representatives in the foreign capitals, both allied and neutral.

The action aligns the United States with that of Great Britain and France in declaring the Bolsheviks responsible for the murders, crime and excesses which have shocked the world, outlaws and public enemies.

Whatever action may be decided on by the nations, separately, or in concert, it is made clear will be quite apart from the prosecution of the war against Germany.

The reported action of the Bolsheviks in effecting an alliance with Germany for offensive and defense is an added cause for the step.

Official reports from Russia, many coming through neutral countries, have recited revolting acts that have astounded and shocked the world.

The reign of terror has already greatly hindered the efforts of the United States to alleviate an impending famine in Russia, as it is impossible to furnish much-needed supplies to that part of the country under Bolshevik control without actually feeding the German army and the German populace.

It is conceded that there is enough food in Southeastern Russia and Western Siberia to feed all the Russian people if a means of distribution could be effected to keep the supplies from falling into German hands.

The alliance between the Bolsheviks and Germany presents a dangerous situation to the allies in that it may afford Germany an opportunity greatly to increase her waning manpower.

### WAR COSTS FOR 1919 ESTIMATED AT 24 BILLION

WASHINGTON, Sept. 19.—Congress was asked by the war department today to provide \$7,347,000,000 in addition to previous estimates for carrying out the enlarged American military program for the coming year.

The new estimate is based upon plans for having nearly 4,000,000 American soldiers in France next summer and another million in training at home. It brings the money sought for the army in the fiscal year 1919 up to more than \$24,000,000,000.

Increases asked for today indicate the possibility of a change in the pending war revenue bill when it reaches the senate. Consumption taxes, according to the congressional leaders, seem the most likely to be inserted for raising additional revenue.

### REVISION OF UNIFORM SHIPYARD WAGE SCALE ON COAST INDICATED

SAN FRANCISCO, Sept. 26.—Announcement of a revision of the uniform wage scale of employees in Pacific coast shipbuilding plants will be made in all probability before October 1, according to a telegram from the wage adjustment board of the United States shipping board received here last night by the Iron Trades council.

At a recent conference between representatives of the employers and workers on the Pacific coast, held in Philadelphia and Washington, it developed there was a possibility of a decision being rendered in the latter part of this month.
