KAISER JACKSON BADLY SKEERED

High Priest of Single Tax Has Soul Bared by Elbert Bede

(Cottage Grove Sentinel)

Somewhat amusing is the position of outraged virtue assumed by Kaiser C. S. Jackson, high priest of the single tax in Oregon, who accuses the country newspapers of abusing him because of the measures which he has initiated to do away with the publication of the delinquent tax list but to decrease the fee for legal publications.

Kaiser Jackson's verbal contortions are particularly amusing because of the fact that the editor of The Sentinel, who is secretary of the Willamette Valley Editorial Association, wrote Mr. Jackson on February 26 asking him to appear before the Editorial association for the purpose of discussing his proposed measures, which letter Kaiser Jackson haughtily ignored. The letter was as follows:

"I understand that you propose to put a measure upon the ballot to lower the legal rate for country newspapers, as well as changing the manner of advertising delinquent taxes. I do not know what has caused your uncalculated for interest in the country papers nor what your object may be in meddling in a thing like the legal rate which limits the rate so newspapers cannot overcharge but leaves a paper free to go as low as it pleases, but whatever your reasons may be or the source of your animus, I want to arrange to have you appear at either a meeting of the Willamette Valley Editorial Association or at a meeting of the state association to address the

editors upon these subjects. If we are wrong, we want to know it. If you are wrong, we may tell you so. I will do whatever I can to accommodate you as to dates and would like a reply by return mail to the effect that you will make an effort to be present at one meeting or the other."

Other representatives of Mr. Jackson's paper attended the recent meeting of the state association but to date Mr. Jackson has not given the editor of The Sentinel a reason for not wishing to meet the country newspaper men face to face.

The most plausible explanation is that Kaiser Jackson is too cowardly to adopt the suggestion, knowing that he would be badly worsted because of having almost no argument for his side of the case.

After having had this opportunity to face the editors, Jackson's charge of abuse at this time comes with might and main.

In connection with Jackson's legal rate bill, Editor Bede recalls an occurrence at the session at which the present legal rate bill was enacted. Jackson's man Friday, Attorney Hagood represented Jackson there. He admitted that the legal rate bill was a good one and a wise piece of legislation. "If you will allow our delinquent tax list bill to go through without a fight, I will go before the committee, which is considering your bill and tell them that it is one of the best pieces of legislation ever proposed to

JULIUS L. MEIER IS IN CHARGE OF ALL HIGHWAYS

WASHINGTON, Oct. 2.—Julius L. Meier of Portland, has returned here from New York before starting home to assume his new duties as regional chairman of the newly created region No. 10 of all highway matters of every mitten of the council of national defense. He will have charge of all highway matters of every kind in the states of Oregon, Washington and Idaho. Eleven regional districts have been formed.

a legislature," are the words Bede credits Hagood with using.

Before the committee which allowed but 10 minutes for the discussion of the bill Mr. Hagood used more than the allotted time. Mr. Bede asked permission to ask but one question as his part of the argument. He then asked Mr. Hagood if he had made the statement quoted above. Evidently thinking a trade in sight, Hagood admitted the fact. The committee was astounded by the admission and the legal rate bill was immediately reported out favorably.

This law, which Jackson's authorized representative once admitted to be one of the best pieces of legislation ever proposed to a legislature, is now held up to ridicule by the man who once endorsed it.

The voters would do well to get at the reason for such inconsistency.

COUNCIL TRANSACTS SEXTONS, SALARIES AND SEWER BUSINESS

Sewers, salaries and sexton's fees took up the time of the council at its regular meeting Wednesday night. The petition of William G. H. Kruger and others living on Washington street for the establishment of a sewer in the district where they live was referred to the committee on streets and public property.

The salary of Miss Dolly Pratt, clerk in the office of the city recorder, was increased from \$75 to \$90 per month, upon recommendation of the finance committee.

J. W. Currin, sexton of the city cemetery, declined to accept the remuneration fixed in an ordinance recently presented by the council, and the fees were therefore raised to a figure satisfactory to Currin. Another ordinance will be passed covering the increase. These fees are not paid by the city, but are charged for individual burials.

Canby

The Canby Co-Operative Cheese and Produce company, after a successful history, and with a desire to more nearly meet the demands of the public, has decided to increase its facilities and will soon be making butter, in addition to making cheese. This action was taken at a very interesting meeting of the stockholders last Saturday night when the capital stock was increased \$1500 with practically every cent subscribed and paid up, and arrangements will be made at once for installing a churn and other equipment necessary to the making of butter.

The company has one of the most complete plants in the state and has been able to put out a product that compares favorably with the best as is evidenced from the fact that it has readily disposed of the same. The increased demand for butter, from all sections was largely the factor that caused the stockholders to take the above action, and it will make possible a greater revenue to the dairying of this locality, many of whom were facing the problem of disposing of their herds if their returns were not heavier.

CANBY-OREGON CITY BUS LINE

Canby and Oregon City will have an automobile bus service that will be equal of any electric line service, which will accommodate workers in the mills at Oregon City, now living in Canby or nearby points. Plans are almost completed for the establishment of the line, which will start upon the completion of the paved highway between the two cities. A bus carrying 15 passengers will be operated, and the schedule proposed, which will be regular for every day, will be as follows: First bus leave Canby at 7 a. m.; second at 8 a. m. Another at 1 p. m., 2 p. m., 4 p. m., 8 p. m., reaching Oregon City one-half hour later and starting on the return trip at once. Each bus will connect with P. R. L. P. company cars to Portland at Oregon City. The last car at night will leave Oregon City at 11:50, which will permit Canby people attending theatres in Portland and getting home the same night. One bus will leave Oregon City at 5 p. m., which will particularly accommodate the mill workers when they go off shift.

Special trips will be made upon proper arrangements.

M. J. Lee, the well known citizen of Canby, is behind the bus line movement.

COLUMBUS DAY TO BE OBSERVED AS LIBERTY

Clackamas county is to observe Columbus day, October 12, in a patriotic manner, when the various banking districts are taking an active part in preparing a program in their districts. The school children of the county, through the efforts of Superintendent Calavan, will co-operate and make this day eventful.

M. D. Latourette, chairman of the Liberty Loan drive of Clackamas county, and Mrs. H. B. Carlidge, county chairman of the Women's Fourth Liberty Loan drive, are to give their valuable assistance to make the affair a successful one. T. A. Burke, chairman of the banking district of Oregon City, has appointed the following to act as his committee: T. W. Sullivan, L. Adams, J. E. Hedges, O. D. Eby and John W. Loder. These men are to arrange for the affair and also make arrangements for the big parade to be held.

For the Fourth Liberty Loan, the people have adopted the plan suggested by the United States Bureau of Education to designate this day, the anniversary of the discovery of our country as Liberty Day. Every school district in the United States, city, town and country-side, are to arrange for the celebration of the discovery of America with this appropriate harvest home festival.

Great plans are to be made and carried out in Clackamas county to have on this day pageants that will be most patriotic and long remembered. Some of the best speakers of the state are to be here, and plans are to be made to secure good music.

John A. Besides the petitioner, there are the following children: William, son, Aurora; Catherine Becke, daughter, Aurora; Mary Ann Steinbach, daughter, Aurora, and Sophie Kell, daughter, Aurora.

The county paving for the year has been discontinued, according to Roadmaster T. A. Roots, after a most active and successful season. Our Weekly Soldier Letter

Letters are commencing to arrive from the Clackamas county boys in France, who were among those to receive the letters of cheer and also a dollar greenback recently forwarded by the committee in charge of the Women's Patriotic Edition of the Enterprise published May 5. The first letters to reach Oregon City from the boys to the committee were Monday afternoon from Willard Montgomery, son of Mr. and Mrs. John F. Montgomery, of West Linn, who is with the Base Censor Office, American Post-office 702, France, and Captain Frank Newton, property officer, and captain of Q. M. U. S. R., son of Mrs. K. L. Newton, Oregon City. So far fifty letters, each containing \$1, have been sent to boys of Clackamas county overseas, with more to send.

The following is the letter from Frank Newton, written September 13: "To the Committee of the Women's Patriotic Edition, "Dear Girls: "I was sure surprised and pleased to receive your more than welcome letter; also the bill, which I will try and keep until my return to the good old U. S. A., then I will try and have a little gathering and proceed to spend the same with the same ones that were so thoughtful of the boys, who are doing their little bit. Only regret I have is that I do not know Kathryn as well as I do the rest of you."

"Girls, I sure would like to tell you just how the conditions are over here in this country, but the powers to be be said 'no', so will have to be content with just being able to thank you and try and keep my promise after my return, although I can tell you girls that we are having the best of care taken of our boys, and getting plenty to eat; a good place to sleep and plenty of work, so I have no 'kick' coming. "I do not get to see much of the country, but expect to take a trip before I leave here. "Before I close, I want to thank you dear girls for what you are doing to help the boys over here, forgetting the distance they are from home, and I am sure each and everyone feels the same as I do. "With best wishes for each of you girls, I am the same old boy, FRANK NEWTON, Captain Q. M. C., "A. P. O. 735."

The letter of Willard Montgomery follows: Paris, Sept. 10, 1918 "The Special Staff, "Patriotic Edition of Morning Enterprise, "Oregon City, Oregon: "Dear friends: "I want to assure you that your gift and your letter were very greatly appreciated. The utility of the gift is unquestioned, and the spirit which sent it contributes greatly to the pleasure it has given me. It was very fine of you to undertake the task, which you did on our behalf, and I know that I for one, am earnestly thankful to you for your gift, because of itself and the evidence it is that the home fires are still burning in Oregon City. "You could not, had you been able to send anything, have made a better selection than that crisp greenback. After continual use of this French money, which we call everything from cigar coupons to funny paper clipping, an American bill is the best thing for weak eyes. Then, too, the government provides us with almost every sort of article at a cheaper rate they can be bought in the states. Thus, we lack less opportunity than the wherewithal of securing comforts. The French restaurants provide fine diversion from army rations also. "I have not decided what I am to do with my gift, but I assure you that it will be well spent. "I am well, and hope that all my friends in Oregon City are equally so. "Gratefully yours, WILLARD MONTGOMERY, Office of Base Censor, "A. P. O. 702, American Forces."

NEWSPAPER MAN MOVES TO CLASS ONE ON REQUEST

J. D. (Jimmy) Olson, well known young newspaper man of Oregon City will receive his induction papers today to enter the army. He has been city hall reporter for the Oregonian for some time and formerly was with the Portland Journal and the Los Angeles Times.

Mr. Olson registered in Los Angeles in 1917, was classified in Class IV, as married man with dependent wife and child. He asked permission of the local board at Los Angeles some time ago to be moved up to Class I, and this request was granted on receipt of word from the war department at Washington. He is to report at Vancouver Barracks on receipt of induction papers to receive his initial "shots" and expects to see active service within the next few months.

ENTERPRISE SCORES AGAIN WITH PEOPLE'S CASH GROCERY ANNOUNCEMENT

We hit the bullseye again! Efficiency counts, according to E. H. Barrett, of the Peoples' Cash Grocery, who placed in Saturday's Morning Enterprise a 4 inch single column advertisement announcing four specials for Saturday only. No other publicity of any other kind was used, and the store was literally swamped with orders all day Saturday. "It's a fine and inexpensive way to secure cash business," said Mr. Barrett, who will carry the same space every morning, except Sundays, announcing different bargains every day.
