ALL ALLIES CONTINUE TO GAIN ON ENTIRE LINE

WITH THE BRITISH ARMY, Oct. 9.—The German troops in a 20-mile front have been put to full flight and the British cavalry is reported to be pursuing them, the infantry marching in columns of four through villages hastily abandoned by the enemy.

Cambrai has fallen and the British are now well to the east.

The deepest gain some time ago was at least nine miles on this sector, and there are no signs of the advance slowing up. On the contrary, it is going faster every hour, with clear ground ahead.

Everything that could be burned had been set afire by the enemy before he began what virtually amounts to the routing of no less than 30 divisions the smashing of which was continued furiously today.

PARIS, Oct. 9.—The Anglo-French troops have forced the Germans to a general retreat north and south of St. Quentin. The first attack, pursuing the enemy rearwards, has advanced about five miles to the East of St. Quentin and taken 2000 prisoners.

LONDON, Oct. 9.—The Standard says it learns that the Anglo-American advance between Cambrai and St. Quentin continues and that the big railroad town of Basigny, southwest of Le Cateau, has been taken.

LONDON, Oct. 9.—For all practical purposes the allied troops now hold the Cambrai-St. Quentin railway. The maximum advance at 2 o'clock this afternoon was five miles at Bertry, four miles southwest of Le Cateau.

LONDON, Oct. 9.—The German retreat from the Scarpe river southward to below St. Quentin enabled the British easily to advance from two to three miles this morning.

LONDON, Oct. 9.—In yesterday's attack between Cambrai and St. Quentin the allied troops made 11,000 prisoners and captured 200 guns.

NO OCCASION TO FEAR DELAY SAYS HOOVER

There is no occasion for any farmer becoming panicky over the temporary delay in wheat movement and disposing of his crop at less than government prices, according to a telegram received yesterday by W. B. Ayer, food administrator for Oregon, from Herbert Hoover, federal food administrator.

Mr. Hoover, in his telegram, explains the delay in absorbing the wheat crop as due to an increased demand for supplies by General Pershing because of the rapid advance of the fighting lines. This demand has required that a number of grain vessels be diverted to the transportation of other supplies, thus filling all seaboard and terminal elevators to capacity and checking, for the time being, further shipments.

The delay, Mr. Hoover explains, is only temporary and farmers are asked to have patience in the emergency and hold their wheat for the full government prices.

INFLUENZA CLOSES SCHOOLS

WASHINGTON, Oct. 2.—All public schools in the District of Columbia today were closed for an indefinite period because of Spanish influenza. Fifty thousand children are affected.

"Kamerad!" He Cries

"Kamerad" is the popular German song on the western front these days. The prisoners are becoming so plentiful there is consideration of a proposal to send some of them to the United States. The man here crying the refrain was one of the prisoners taken by the Americans.

YOUNG LADY CARRIERS TAKE MENS PLACES LEARN DUTIES FAST

The first young lady city mail carrier to make her appearance in Oregon City is Miss Alice MacLellan, who is doing her bit for her country, Miss MacLellan is learning her route in quick time, and will soon be able to show the young men employed as mailcarriers to "sit up and take notice." Owing to the large number of packages on several occasions since starting into her work Miss MacLellan has found the two wheeled cart supplied by Uncle Sam to come in handy, and is displaying her patriotic Yankee blood by ignoring several remarks that she has overheard by those less patriotic when she is on her way to make her deliveries.

Another young woman making good with Uncle Sam is Edith Wambaugh, whose territory is Oregon City, Rt. 2, and she is a capable woman, and is delighted with the work. She carries her mail in her automobile, and has become an expert in driving as well as carrying the mail. She is assisting this week Miss Mary Schultz, who is substituting for Hazen Bernard, who is on a vacation. His route is Oregon City, Route 6, and no time is being lost in getting the mail to the patrons on these routes.

Temporary positions in the post office are now being filled by Miss Frances Bowland and Miss Mildred Tschirg. Miss Tschirg is taking the place of Carl Joehnik, who recently resigned his position to take up farm work. Miss Bowland is taking the place of Wm. Lettenmier.

An examination for the city and rural carriers will be held in Oregon City October 22.

BODY FOUND AT MAGONE PARK SOON IDENTIFIED

The body of Mrs. A. H. Tasker, who disappeared from her home in Portland September 22 last, and for whom a reward had been offered, was found Monday afternoon in the Willamette river near Magone's Park, below Oregon City, by the crew of a dredge on the river, and was brought here to the Holman & Pace undertaking establishment, where it was later identified.

Mrs. Tasker was well known in Salem and Portland, where she was prominent in church and Y. W. C. A. activities. She was a woman of education and culture, having been graduated from Hamilton University, Canada and having taught school before her marriage to Mr. Tasker, who is a business man of Portland. They went to Salem from Regina, Canada, and on June 22 of this year moved from Salem to Portland. Mrs. Tasker recently became melancholy and morose, due to ill health, and while in a condition of dependency took her own life.

She was born in Davis, Ill., and was 50 years of age. She is survived by her husband and two sons, Robert J., a student in Washington high school, Portland, and Homer G., who is attending the Students' Army Camp at Willamette University, Salem. The remains will be shipped to Big Stone City, S. D., for interment.

CAMPBELL URGED AS CANDIDATE SUPREME JUDGE

The bar of Oregon City is 100 per cent in favor of James U. Campbell, circuit judge of the fifth judicial district, being elevated to the supreme bench, as is evidenced by a petition circulated Thursday addressed to Judge Campbell and signed by every one of the 27 resident attorneys.

Ever since the death of Supreme Justice Frank A. Moore and the appointment by the governor of Conrad F. Olson, of Portland, the entrance of Judge Campbell into the race has been a probability. He has served on the circuit bench since Justice Thomas

A. McBride was appointed, succeeding McBride in the fifth district, then composed of Clackamas, Clatsop, Washington, and Columbia counties.

Under the conditions prevailing in the state, the candidates for Supreme Justice will not be printed on the ballots, but the voters will have to write in their choice. The petition presented to Judge Campbell by his associates here follows:

"Whereas, Hon. Frank A. Moore, a Justice of the Supreme Court of Oregon, has recently died and left a vacancy in that high tribunal, and the Governor of the State of Oregon has by appointment temporarily filled said vacancy until the next general election in Oregon, and

"Whereas in the death of Justice Moore no regular nominee of either the Republican or Democratic party can be placed before the legal voters at the next general election, it is therefore necessary that a candidate be placed before the legal voters of the State of Oregon, as an independent candidate, to fill the vacancy caused by the death of said Justice Moore; and

"Whereas, you having served as Circuit Judge for a long period of time, and have become familiar with judicial duties, and by reason of your experience, honesty and fairness the people of your district, county and state have confidence in your honesty and integrity; and

"Whereas, in your younger days when the flag of our nation was assaulted, and our young men were called upon to volunteer and defend the honor of our nation, you responded and went to the front and remained upon the firing line until the Spanish aggression was subdued, and therefore by reason of your past record, we, the members of the bar association in and for the fifth judicial district of Oregon most respectfully petition you to allow your name to be used and written upon the ballot for associate justice of the Supreme Court of Oregon at the next general election to be held in Oregon in November, 1918."

Latourette, John N. Sievers.

Circuit Judge J. U. Campbell, who was urged Thursday by all of the 27 attorneys in Oregon City to become a candidate for associate justice of the state supreme court, Friday afternoon announced that he would make the race. His friends here and in other sections of the state will make an energetic campaign in his behalf.

The petition urging Judge Campbell to become a candidate was circulated by Grant B. Dimick.

Judge Campbell has been on the circuit bench nine and one half years. He was appointed when Judge McGonigle was elevated to the supreme bench and has twice been elected, both times without opposition, having been endorsed by the Democratic and Progressive parties. Originally his district embraced Clackamas, Washington, Columbia and Clatsop counties and later was made into a district of Clackamas and Washington, but several years ago Clackamas was created as a separate judicial district.

In 1893 Judge Campbell, then a member of the Oregon National Guard, went to the Philippines as top sergeant of Company I, and while in the island was promoted to second lieutenant

These are some of the Serbs to whom indefatigable fighting for more than four years is due the Bulgarian collapse. During the whole war the Serbs have been without a home, and

ant and came home as a first lieutenant of the same company. His promotions were exceptional as he was the only Oregon enlisted man given a first lieutenancy in the Philippines. He is a member of Scout Young Camp, Spanish War Veterans.

Judge Campbell is a self-made man. He has long been a resident of Clackamas county and worked in the iron foundry in Oswego when a young man. He was admitted to the bar here and was a practicing attorney for many years before being placed on the circuit bench. He served three terms in the House of Representatives, twice from Clackamas, and once as Joint Representative from Clackamas and Multnomah.

MILITARY BURIAL IS GIVEN LATE ALVA P. AMRINE

The funeral services of the late Alva P. Amrine were conducted from the home of the young man's parents, Mr. and Mrs. Mallon Amrine, of this city, Wednesday afternoon at 3 o'clock. Rev. W. T. Milliken, pastor of the Baptist church, officiated at the services, at Mountain View cemetery. The young man was given a military funeral, and a squad of military police was in Oregon City to assist with the impressive service. Taps were sounded over the grave. At the Amrine residence a quartet from the Baptist church composed of Mr. and Mrs. John W. Loder, Miss Marie McLarty and Rev. W. T. Milliken sang "He Leadeth Me," and this was followed by a vocal solo, "When Morning Dawns," impressively sang by Mrs. Frank Schoenborn. The pallbearers were C. A. Baxter, Roy Trullinger, F. A. Burdon, Lloyd Nickelson, Dewey Hammond and Mr. Huggett.

The floral tributes were beautiful and in large quantities.

Mr. Amrine died at Camp Sherman, Ohio, from a four days' illness of pneumonia. The body was escorted to Oregon City by a sergeant of the young man's company.

THIRTY FIVE BODIES FOUND MORE MISSING

NEW YORK, Oct. 9.—Thirty-five bodies have been taken from the ruins of the Gillespie Loading company's plant at Morgan, N. J., destroyed early Saturday by explosions, according to an announcement made today. The total number of missing men in the district is placed at 84. Of the 700 buildings comprising the plant, 325 were totally destroyed, it was officially stated.

T. A. Gillespie, rejecting the theory that the initial explosion occurred in the amatol kettles in the loading room, expresses the belief that the disaster might have been due to an inadvertent act on the part of one of the operators.

FIRST INFLUENZA CASE APPEARS IN THIS COUNTY

The first case of Spanish influenza to make its appearance in Clackamas county, is at the home of Mr. and Mrs. Frank Hutchins, of Logan, whose son, Wilbur, who has been at the student training camp at Oregon Agricultural College, is the victim. The young man left for the training camp a few days ago, and on Monday became ill. Starting for his home Monday noon, he arrived in Oregon City, but was too ill to proceed to Logan, and remained here until Tuesday. He was then removed to the home of his parents, and Dr. M. C. Strickland, of this city, the family physician consulted, who at once pronounced it the Spanish influenza. The young man was reported better today, and a speedy recovery is looked forward to. The Hutchins family is one of the most prominent in the county, and the illness of their son has caused some uneasiness in their neighborhood.

Four cases of Spanish influenza in Benson Polytechnic school for soldiers were reported to the city health bureau Monday night and another case in Linton was reported yesterday. Six other soldiers at Benson are believed to be afflicted.

VANCOUVER, Wash., Oct. 9.—Three or four new cases of Spanish influenza have developed here, and several cases are reported to be under observation at Vancouver barracks.

SALEM, Or., Oct. 9.—Spanish influenza has made its appearance at the Salem Indian Training school at Chemawa near here, where 12 students are isolated. The disease has not yet appeared in Salem, but the local chapter of the Red Cross and the city health department are preparing to combat the epidemic.

ANSWER IS EXPECTED OF GERMANY VERY SOON

WASHINGTON, Oct. 9.—An early response to President Wilson's note of inquiry to the German Chancellor is expected by American officials.

While realizing that an answer to the three pertinent questions put to the Prince of Baden will be very difficult if the original proposal of the German government was not sincere, officials are confident that internal conditions in Germany and the tremendous exigencies of the military situation will force speedy action by the Chancellor if he hopes to prolong the existence of his Cabinet beyond a few days.

So far as the hold of the government on the people is concerned, conditions in Austria are even far worse than those in Germany.

"This fact is calculated to affect strongly the German government, which is understood to entertain grave doubts of the strength of purpose of the dual monarchy and to fear that Austria, or perhaps Hungary acting independently, will follow Bulgaria in seeking unconditional peace.

This would leave Germany to wage the war alone, for it is a foregone conclusion that Turkey already is lost to the central alliance.

The pointed inquiry directed to Prince Maximilian as to whether he is speaking merely for the constituted authorities of the empire who have so far conducted the war will, it is believed, be very embarrassing.

If the response is in the affirmative, Germany's proposal will be rejected, as the President has already given notice that he will have no dealings with such authorities.

PORTLAND BUILT BOAT SUNK IN COLLISION SIX LIVES ARE LOST

WASHINGTON, Oct. 9.—Six men were lost when the steamship West Gate was sunk 500 miles off the American coast in collision with the steamship America, the navy department announced this afternoon. The American is proceeding to port with the survivors. The West Gate was in the naval overseas transportation service.

The West Gate was launched in the yards of the Columbia River Shipbuilding corporation January 25, this year. Like the other ships built by this company, she was a steel cargo ship of 2800 tons, the third of the yard's fleet.

She sailed from Portland on her maiden voyage April 29, under command of Captain Alexander Watson, who formerly was a skipper in the service of the American Wine company, from New York to Portland.

BILLION DOLLARS IS DECIDED ON FOR BIG GUN PRODUCTION

WASHINGTON, Oct. 9.—Huge increases in the artillery program have been decided on by the ordinance department, which today asked the house appropriations committee to add \$1,100,000,000 to its estimate of \$2,667,000,000 to carry out its part of the enlarged army program.

The war department has decided to provide more big guns for each of the 80 divisions that America expects to have in France next year.
