The Long Letter a Little Girl Wrote to Her Daddy

When "Daddy" Noonan went to France some time ago for the Knights of Columbus he told his little daughter she must write him often. She did, but her letters were short. He sent her what he wanted a real long letter, and this is the one he got. It was more than six feet long.

MEMBERS OF S. A. T. C. GIVEN FIRST DRILL MANY SUPPLIES ARRIVE

CORVALLIS, Oct. 4.—Members of the S. A. T. C. at the Oregon Agricultural college, who come here from all parts of the state, are being put through their first drill work this week. The 21 regular army officers are assisted by O. A. C. men who attended the special training camp at the Presidio last summer, and many other members of last year's cadet corps. The men in class B who have been in training at the college for the last six weeks are also helping to whip the raw recruits into shape.

POLK COUNTY DRYERS INADEQUATE TO HANDLE LARGE PRUNE CROP

MONMOUTH, Ore., Oct. 4.—Monmouth growers estimate that over 100 tons of prunes will be lost in the southern section of Polk county this year due to the lack of dryers to care for the crop. Although most every grower anticipated an exceptionally large crop, and made arrangements to care for it, the yield has surpassed all expectations, and as a result there are not enough dryers in Polk county to care for the crop as fast as it ripens. Many tons of prunes have already decayed. Conditions are far better in Dallas and other northern sections of the country, as there are many more dryers to care for the crop.

WOMAN'S SUFFRAGE RESOLUTION WHERE IT MAY BE CALLED

WASHINGTON, Oct. 3.—By a viva voce vote the senate today reconsidered the vote by which the woman suffrage resolution was defeated. This puts suffrage in exactly the same status as before its defeat. It can be called up for action any time suffrage forces are strong enough to pass it. There is no intention to call it up unless the November elections change the complexion of the senate.

COL. ROOSEVELT GIVES ADDRESS AGAINST I. W. W.

BILLINGS, Mont., Oct. 5.—America cannot afford to accept the lead of any party, nor of any organization calling itself non-partisan, but really acting as a party, which is not first and foremost American and nothing but American, declared Colonel Roosevelt here tonight in an address in which he outlined various phases of the war and its many sideights. "There are real and grave causes for complaint among the farmers of the Northwest," the former President continued, "many of the remedies proposed are not only false, but mischievous, and very grave harm may be caused by the character of the agitation, conducted by some of the men who profess to be seeking these remedies. "The I. W. W. leaders have been convicted of disloyalty and yet it was to the head of this organization, W. D. Haywood, that the secretary of the Non-Partisan League wrote, on April 5, 1917, a letter in which he spoke of 'this damned war business. "There isn't a German abroad, or a pro-German at home who does not wish success to the Non-Partisan League as at present controlled, and to the I. W. W."

UNIFORM WAGES FOR TRADES IN WAR INDUSTRIES

WASHINGTON, Oct. 3.—President Wilson in the near future will order uniform wages for the different trades in all war industries, it was learned today. The president's proposed action is said to have been prompted by labor turnover in strikes in war plants. Disparities between the wages of like workers in different plants caused extensive movements of labor and discontent among the workers it is pointed out. It is expected that the uniform wage policy to be outlined by the president will establish relatively equitable conditions among the industries and will enable each plant to secure and retain that quota of workers necessary to maintain a proper balance in production. This movement is in concert with the country's war program, which has brought about price fixing of virtually every commodity and a consequent limit to the profit of producers. Within the past week President Wilson has conferred with heads of the various government departments. At the president's request investigations have now been started into the wage conditions of miners, shipyard workers and other trades coming under the jurisdiction of government departments engaged in war work. Felix Frankfurter, chairman of the war labor policies board is supervising the program. A general wage board, to be composed of two representatives of each of the federal wage adjustment boards will be appointed. This board will receive from the government chiefs recommendations of equitable wage scales. The board will sift any wage adjustments that may have been recommended by the war administration and, if necessary, make changes to assure a uniformity of wages.
