

**GOVERNOR MERITS RE-ELECTION**

**Withycombe Has Done Much For State During Administration**

A few of the many reasons why Governor Withycombe should be re-elected.

He is loyally, patriotically American.

He has faithfully cooperated with the President in every war activity.

He was foremost of governors for preparedness and has earnestly supported a vigorous prosecution of the war.

He has stood for and insisted upon a square deal for both labor and capital, industrial development of the state and suppression of I. W. W.ism.

He has for more than 20 years earnestly supported and vigorously advocated woman suffrage and prohibition and has stood for a better and cleaner state.

He did not assist in organizing the Non-Partisan League in Oregon, neither was he ever a worshipper at the shrine of Populism and other organizations of doubtful purpose and loyalty.

He has conducted his office patriotically, fairly and economically—all ways has he placed patriotism and efficiency in the public service above party politics.

He has given his earnest consideration and substantial effort in promoting the happiness and comfort of the boys in the service of their country, and, lastly,

He has a record for a sound, business administration and loyal and earnest effort in the nation's present crisis that should command the approval and support of the whole people.

Re-elect Withycombe—Why experiment?

**SHIPYARD MEN MAY BE INDUCTED INTO MILITARY SERVICE**

PORTLAND, Ore., October 22.—Selective service registrants who have gone into the shipyards since July 23, 1918, or, more strictly speaking, all shipbuilders who were not on the Emergency Fleet list on that date and who are placed in class 1 of the draft are now liable to induction for military service.

An interpretation to this effect was received by John H. Stevenson, of the industrial service section of the Emergency Fleet Corporation, from the national headquarters at Philadelphia. It created some little stir among shipyard owners and employees, as it had generally been supposed that registrants of September 12, 1918, would have a chance to obtain places on the Emergency Fleet list, there to be regarded as "not available for military service."

"The situation arises," said Mr. Stevenson, "from the fact that the order of the Provost Marshal-General of last July, suspending Emergency Fleet listing of class 1 men found fit for general military service, has never been revoked.

"These plants cannot make much of a showing if they have to recruit workers from limited service groups."

**German Leader Wants To Quit Fighting**

It was said that at a recent meeting of the military leaders and the heads of the parties in the Reichstag, Von Hindenburg boldly declared that Germany must have peace at once on the best terms she could get. He said the armies no longer had the necessary munitions and materials to continue the struggle, nor was there any source of supply so far as he was aware.

**GERMANS BOMBED**  
LONDON, Oct. 21.—British flyers successfully bombed the railway junction at Tournai and German aeroplanes in Belgium Saturday night the war office announced today.

**Accuses German Brewers**

Senator Wesley L. Jones, who comes from the prohibition state of Washington, charges that the United Brewers Association, made up largely of men of German birth or extraction, has secretly financed newspapers to aid the cause of liquor. This subject is to be considered at the investigation by the Senate judiciary sub-committee.

**OREGON CITY LOSES FOOTBALL GAME TO M'MINNVILLE HIGH**

Although going down to defeat by an overwhelming score of 43 to 0, the Oregon City high school football team showed considerable improvement over their playing of last Saturday.

The main trouble yesterday seemed to be the calling of plays which were easily interpreted by McMinnville. On these plays McMinnville would get the ball and go through the line for good yardage. Oregon City's line was very weak at the tackle positions and McMinnville would use a fluke play that started around end and cut thru tackle. Coach Tatro shifted his line in the second half and this play was stopped.

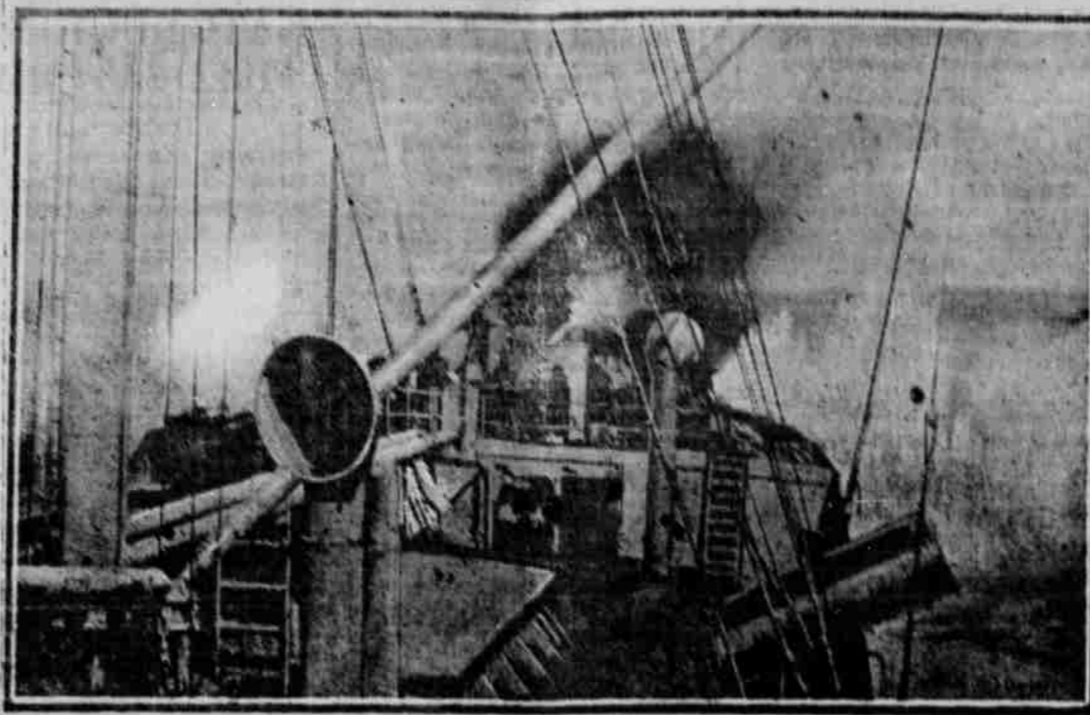

The star of the game for Oregon City was Gordon Ramstead at right half. Time after time he torn through the line and got his man and several times he stopped a touchdown by stellar work. Gillett, in the last half of the game, put up a good exhibition. McMinnville also made good gains through center in the first part of the game, but again Coach Tatro shifted his men and the difficulty was overcome.

No one was seriously hurt, but Hutchinson suffered a broken nose and Calif a sprained ankle. Both boys will be able to be about by Monday.

Superintendent Hug of McMinnville, formerly a star at U. of O., and an all-Northwest man, stated after the game that the score was not a fair representation of the teams, as Oregon City was composed of green men while McMinnville had five of six veterans.

Coach Tatro is doing exceptionally well with the material he has to work with and before long he will have a team that Oregon City may well be proud of. It is not to be expected that anyone can take a bunch of boys who are new to the game and make a winning team at once.

**CLACKAMAS TO RAISE \$26,700 FOR WAR WORK**

No explanation need be given of the usages of this big sum of money. Any person who reads the accounts of the great war activities are learning daily evidences of the splendid purposes to which the money is being expended. Each organization is filling its particular office among the soldiers and sailors and conflicting in no manner whatever, and every cent subscribed will be used in war work, being the means of maintaining and raising the splendid morale of the men at the battle front, in the camps and cantonments. It will signify the nation's backing of the men at the front, a tribute from the hearts of the people to the boys who are offering their lives that liberty shall not perish from the face of the earth.

Be prepared for a visit from the committeemen in your district, but better yet hunt them up and make a voluntary subscription, and see that it is just as large as you can make it.

**VOTERS OF OREGON**

Justice F. A. Moore of the Supreme Court died last month, too late for the name of any candidate to succeed him to be placed on the ballot. This condition makes it necessary to write in the name of your candidate.

This is the most important position in the judicial system of the State. It is essential to choose a man of extensive legal training, of high character, and of broad vision. We commend for your consideration and vote

**J. U. CAMPBELL OF OREGON CITY**

Resident of the State 39 years; lawyer for 25 years; veteran of Spanish-American War and Philippine Insurrection, having served with 2nd Oregon Regiment; member of Oregon Legislature in 1907 and 1909 sessions; Judge of the 5th Judicial District 2 1/2 years.

In all these positions he has made good. His record as a private citizen and public official has been above criticism.

Write in his name at the General Election Nov. 5th.

For Justice of the Supreme Court to fill vacancy caused by the death of Justice Frank A. Moore.

Vote for One

Write the name of J. U. Campbell in the above space and place an X in front of his name.

**CASUALTY LIST TO BE ISSUED MORE PROMPTLY**

WASHINGTON, Oct. 21.—More than 2,000,000 American soldiers are now embarked overseas or are on French or other foreign soil members of the senate military affairs committee were informed at a conference yesterday with war department officials.

General March explained that he was making increased effort to bring the casualty list up to date. His effort are badly hampered. In the case of the lost transport Otranto, for instance, muster rolls were lost with the vessel. The troops on board were casualties and replacement units not attached to any division. The result was that the entire list of men on board had to be cabled from the port of embarkation to be checked with the survivors and then the list of missing will be cabled back here.

From now on all lists of dead and missing will be cabled at once and made public immediately after the relatives are notified. All other casualties will be rushed here by courier and also will be made public.

Telegram notifying relatives will be followed up with letters giving all possible details of wounds, etc. The additional letters will be sent by the Red Cross workers, who are to aid the department in keeping relatives informed of the exact nature of all casualties, etc. Letters from wounded soldiers to relatives will also be expedited in every way possible.

**RECORDS IN ALL DRIVES MADE BY THE WEST**

WASHINGTON, Oct. 21.—In the records of the Liberty loan campaigns from the first to the fourth, and with special emphasis in the third and fourth, the West has written a proud record. It has finally answered the onetime saying, prevalent along the Atlantic coast, that "the West has not yet fully realize this war."

Measured in the support given in men and money, the West needs no further testimonial. When credits were given for volunteers in the first draft, the Third congressional district in Oregon was the only one in the United States which was not called upon for drafted men, and in the Liberty loan contests Oregon and Iowa saw-awed for first place.

Earlier in the war it was also a common saying that the agricultural sections were not awake. Now the reports come steadily that it is the agricultural sections which have first made their quotas. The centers of population and wealth have been slower in responding.

**PRESIDENT MAY AWAIT DECISION OF COUNCIL**

WASHINGTON, Oct. 22.—The prevailing belief here tonight is that any action President Wilson may take as a result of the new German note will await and be largely guided by a decision of the supreme war council in France.

Shrewd diplomatic observers and some officials take this view, though no intimation of his own attitude has come from the President, because admittedly the one question immediately at issue is a military problem—that of the evacuation of invaded territory by the German armies as the only condition on which the plea for an armistice even will be given consideration.

The Germans now are evacuating Belgium and Northern France as rapidly as they can move before the sweep of the allied and American soldiers and still maintain their organization.

Since the government at Berlin says they want to get out without further fighting, apparently the issue is one for the allied war council to determine—whether it shall be suggested through President Wilson that General Foch be applied to for terms, or whether without further diplomatic parley the approach of a white flag from the German lines shall be awaited.

The official text of the German note reached the Swiss legation here by cable early today, but it was not delivered at the State Department because the entire day was spent at the legation on the tedious task of decoding and translating it.

**SHIP MAKING ORDER NOT TO AFFECT OREGON**

WASHINGTON, Oct. 23.—While the shipping board will eliminate 15 or 20 wooden shipbuilding plants, this decision will not affect Portland, or as far as can be learned any Oregon yards. All the yards that are to be cut from further government orders are the ones that are inefficient and the ones that have not produced according to program. The West Coast's yards lead the world and Oregon yards are at the front.

Sixty-nine wooden steamers by January, 1919, is the ambitious program set by the Oregon district. When this program was fixed part of these ships had been delivered to the government fully equipped and supplied for operation and all in commission.
