OREGON MILLS DID NOT CONTRACT FOR GOVERNMENT ORDER

Oregon, Washington and California were in the market for 70,000 minnows for the season and the total contract will be in the neighborhood of $4,500,000. The late contract was made for prairie chokers. For fresh fish, the Union Pacific had a contract, which was filled by these companies. For salmon, the Pacific Coast orders will be for a total of $2,500,000.

It was reported by the consensus that the minnow contracts were executive orders of the German government to meet the war conditions.

Another note from the German government was received by the union officials yesterday and the German government has made the following arrangements:

1. The payment of $1,000,000 for the purchase of an interest in the Union Pacific.
2. The purchase of $5,000,000 worth of goods from the Pacific Coast.
3. The purchase of $10,000,000 worth of prairie chokers from the Union Pacific.

This note was understood to be in support of the war effort, according to the statement of the union officials, and the arrangements have been made in accordance with the desires expressed.

President Wilson was present at the meeting and it was reported that he would be present at the union meeting to be held tomorrow. President Wilson is expected to be in the city for the meeting and the arrangements have been made in accordance with the wishes expressed.
