

30,000 SOLDIERS TO BE MUSTERED OUT OF SERVICE EACH DAY

WASHINGTON, Nov. 25.—Discharge of soldiers on this side is expected to reach a daily rate of 30,000 by the end of this week or early next week.

Machinery for demobilizing them has been speeded up now that the initial organization work is completed. The system for releasing men, while fairly intricate, is in charge of experienced personnel officers at each camp and cantonment, and no difficulty is being experienced anywhere.

With the flow at 30,000 or better a day, the new year should find more than 1,000,000 men mustered out, both in this country and abroad. The situation with respect to demobilization overseas is complicated by the tonnage situation. England is understood to desire to withdraw some of her transports from the American service quickly, hence this may slow up home comings. The eight divisions already ordered back should be under way very soon, however.

Army men were of the opinion today that the 30 division limit on the army of occupation would be quickly reduced after the 13 divisions above that limit are sent back. The German army is unable to renew the war. It is held here that probably few more men than 30 divisions can adequately police the Rhineland.

The 30 divisions will be stripped of certain auxiliary units unnecessary to occupation, therefore it is likely that the strength of the remainder will not run over 900,000 or 1,000,000.

Belgian Orphan Adopted by U. S. Transport Crew

Francois Gabecloux, ten years old, formerly of Belgium, is to become an American. After having seen his father, mother, brother and sister killed by the Huns, he wandered the streets of Brest for several years until the crew of an American transport adopted him, took up a collection and established a fund for his support and education. He is now in a boys' school at Germantown, Pa.

U. S. BOYS ROUT REDS' MEETING IN NEW YORK

NEW YORK, Nov. 25.—Hundred of soldiers, sailors and marines broke through a cordon of police surrounding Madison Square Garden tonight and attacked International Socialists, who had attended a mass meeting at which Bolshevik doctrines were expounded. The men and women leaving the hall broke and fled as the men in uniform charged past the police, but were pursued into the side streets in all directions.

The attack on the Socialists came at the close of a meeting which threatened from the moment it began to break into a riot.

It was called ostensibly to protect against the execution of Thomas J. Mooney, but Scott Nearing, who presided, and the other speakers devoted most of their attention to pleas for the release of "political offenders."

Several men and women were arrested for displaying red flags smuggled into the garden in defiance of an edict by Mayor Hylan. Large numbers of men in uniform entered the building before the doors were locked with the avowed determination of preventing attacks upon the Government. They were restrained with difficulty by police and detectives from making an assault on the stage. Scores of fist fights were interrupted by officers.

Soldiers and sailors who were unable to get into the meeting sent out patrols to round up all the men in uniform who could be found. Madison Square was the rallying point for the military. They were cheered by men in uniform and civilians. When someone called up "loyal Americans" to charge the garden and attack the Internationalists several hundred responded. They were driven back, however, by mounted police. Realizing that they had failed in the first fight the soldiers and sailors resumed their meeting and awaited the arrival of reinforcements, probably 1000 men of both branches of the service were assembled by the time the meeting adjourned.

The opening of the doors of the Garden was the signal for a second charge which the police were unable to repel. The soldiers and sailors fought their way past swinging night sticks and attacked the Socialists.

Mounted police, reinforced by automobile loads of reserves, rushed from every station house within a radius of miles, struggled valiantly to clear the square, but made little progress.

REMAINDER OF GERMAN FLEET MUST DISARM

LONDON, Nov. 25.—A flotilla of British mine sweepers left the Firth of Forth at 9 o'clock this morning for Kiel to open up a passage for one battleship and a squadron of destroyers, which will soon be dispatched to the German people to see that the remainder of the German fleet is disarmed and interned, according to the terms of the armistice.

The British squadron will be commanded by Vice Admiral Browning and will comprise the dreadnaught Hercules and 10 destroyers.

American, French and Italian admirals will accompany Vice Admiral Browning. Wilhelmshaven will be visited as well as Kiel.

PARLIAMENT ENDS

LONDON, Nov. 25.—King George dissolved parliament today.

The national election of a new parliament will be held on December 14.

BRITISH INTERESTED IN NAVAL PROGRAM

LONDON, Nov. 25.—The British press is displaying tremendous interest in the American naval program, as cabled by Washington correspondents of leading English journals.

The Globe carried a long dispatch about the American program under a "streamer" headline: "Two Mistresses of the Sea."

PRESIDENT SCORED BY SENATORS FOR ACTION

WASHINGTON, Nov. 21.—President Wilson's actions in taking over control and operation of marine cable systems and express agencies was vigorously criticized today in the Senate by Republican Senators, who said it was part of a plan to establish permanent government ownership.

The speakers were Senator Watson of Indiana, Kellogg of Minnesota and Sherman of Illinois.

The President was criticized for his decision to go to Europe, and George Creel, chairman of the committee on public information, who, it has been reported, is to accompany the President, was also attacked.

Senator Watson denounced the President's action in taking over cable lines as a breach of faith, and charged that their control was inspired by a desire for government censorship of dispatches during the peace conference, so that the representatives of the European nations at the peace table may not know what is being said in the American Congress about the conference.

In the midst of the debate Senator Lewis of Illinois, the Democratic whip, sought to reply to the Republican Senators, but did not get recognition. He did, however, offer a resolution which would put Congress on record as favoring government ownership of railroads and telegraph and telephone lines.

In declaring his belief that the President's action was a breach of faith, Senator Watson said Congress voted this extraordinary power for war purposes only.

RAIL ROAD MEN WANT M'ADOO FOR DIRECTOR

WASHINGTON, Nov. 25.—Employees of railroads operating out of St. Louis have "chipped in" to keep William McAdoo on the job as director general of railroads. They telegraphed McAdoo today that they had pledged themselves for \$2000 per month as part of his salary.

"Employees of the various railroads operating out of St. Louis pledge themselves for \$2000 per month as part of your salary," the telegram said. "We are opposed to your resignation and are heartily in sympathy with your financial straits."

The telegram was signed by Q. M. Sumner of the Missouri Pacific and H. J. Garrison and J. H. Kirkland, both of the Wabash.

The elimination of Bernard J. Baruch as a possible successor to Secretary of the Treasury McAdoo, and evidence that friends of John Skelton Williams are active in his behalf as director general of railroads were the outstanding features of the developments in circles concerned with the consideration of changes which the McAdoo resignation make necessary.

POLITICAL SITUATION IN GERMANY IS SERIOUS

LONDON, Nov. 25.—The whole control of Germany is now in the hands of the Berlin workmen's and soldiers' council and a proclamation to that effect has been issued.

Latest reports from Germany indicate that the internal situation there has reached a critical stage.

The proclamation states that the council at Berlin will provisionally govern Germany in order to suppress all counter-revolutionary attempts and a congress of workmen and soldiers will be summoned as soon as possible, though at present there is no talk about a national assembly.

The decision has caused tremendous excitement throughout Germany and the final result is that an independent republic has been formed in Northern Germany with Hamburg as the capital.

This republic includes Oldenburg, East Prussia, Bremen, Hamburg and Schleswig-Holstein.

South Germany—Wuerttemberg and Baden, as well as Bavaria—are declaring they will not submit to the terrorism of the dictators in Berlin, who have replaced the kaiser and militarism.

It appears also that the cry, "Away from Berlin," is being raised even in Prussia itself, especially as the feeling is gaining ground that the tyranny exerted by the rulers in Berlin may shortly be supported by revolutionary militarism.

FEDERAL COURT JURY FINDS DR. M. EQUI GUILTY OF SEDITION

PORTLAND, Nov. 21.—After deliberating two hours and 40 minutes, a jury in Federal Judge Bean's court room found Dr. Marie D. Equi, I. W. W. lecturer and sympathizer, guilty of five counts in an indictment charging her with violation of the espionage act.

The maximum sentence that can be imposed upon her under the law is a fine of \$50,000 or 99 years' imprisonment, or both. The minimum sentence is at the discretion of the trial judge. Attorneys for the defense at once notified Judge Bean that they would file a motion for a new trial.

SECRETARY M'ADOO IS TO RESIGN POSITION

WASHINGTON, Nov. 23.—William Gibbs McAdoo, Secretary of the Treasury, director-general of railroads and often discussed as one of the Presidential possibilities of 1920, has resigned his office to return to private business.

President Wilson has accepted his resignation. Mr. McAdoo will give up the Treasury portfolio as soon as a successor has been selected. He wished to lay down his work as director-general of railroads by January 1, but will remain in the President's office until then chosen a successor.

Upon the Secretary of the Treasury, whoever he may be, will devolve the task of financing the nation through the transition period of war to peace, which probably will include at least two more liberty loans and possibly a further revision of the system of war tax.

Letters between President Wilson and Mr. McAdoo, made public today with the announcement of the resignation, give Mr. McAdoo's reasons for leaving the Cabinet solely as a necessity for replenishing his personal fortune and express the President's deep regret at losing his son-in-law from his official family.

VILLISTAS MAKE RAID

EL PASO, Texas, Nov. 25.—Eighty Villa followers, said to be under command of General Holguin, attacked and set fire to Villa Ahumada, 80 miles south of Juarez, early Sunday morning, after wrecking a southbound freight on the Mexican Central railway by explosives, according to reliable advices here early today.

FIGHTING MEN HAVE RECORD FEED ON DAY OF THANKSGIVING

CHICAGO, Nov. 28.—America's fighting men in the United States and abroad today were to attack the greatest Thanksgiving dinners in the history of the nation. For the first and possibly the last time Uncle Sam has been called upon to feed more than 4,000,000 men on this holiday.

Typical of the preparation for these dinners in the United States, the menu for the 30,000 bluejackets at Great Lakes naval training stations called for:

Twenty-two thousand pounds of turkey.
Fifty thousand pounds of sweet potatoes.
Fifty thousand pounds of Irish potatoes.
Twenty thousand pounds of celery.
Twenty-three thousand pounds of peas.

Seventy-five hundred pumpkin pies.
Eight thousand pounds of cranberries.
Fifty thousand oranges, besides apples and nuts.
Two hundred cakes, each measuring 18 by 24 inches.
