

LONDON IS PREPARING FOR VISIT OF WILSON

LONDON, Dec. 25.—All England throbbed on this Christmas day in anticipation of the coming of President Wilson tomorrow. Many persons from far away places are already flocking to the city to attend the ceremonies that will accompany the arrival of the distinguished visitor tomorrow.

The city is profusely decorated with flags of the allies and the buildings on the streets through which the presidential party will pass Thursday are aflame with red, white and blue.

Fair weather is promised Thursday by the forecaster.

The newspapers did not publish today, but long editorials of greetings already have been printed and more are promised tomorrow.

The Christmas bustle probably will be forgotten sooner this year than ever before in the rush of excitement attending the coming of the distinguished visitor.

One of the biggest crowds London has ever seen—a multitude reaching into millions—will greet President Wilson on his arrival.

There will be a double element to contribute to the public interest—the president of the United States, and the public appearance of King George and Queen Mary.

The other English towns which the president will visit are making similar preparations, although on a smaller scale. The sleepy little village of Carlisle, England, where the president and Mrs. Wilson will attend church on Sunday, is in tumult.

BOLSHEVIKI GAINING IN FIGHTING IN RUSSIA

STOCKHOLM, Dec. 24.—Bolshevik troops have captured the important town of Dorpat, 157 miles northeast of Riga, in Livonia, the Estonian government officials announced.

German troops are marching upon Fellin, in Northern Livonia, en route for Riga.

LONDON, Dec. 24.—Capping a grow-wave of suspicion, evidenced in the liberal British press during the past month, the New Statesman today makes the sensational announcement that Bolsheviki, supported now by many former opponents, are effecting a real restoration of Russian order.

The New Statesman, far from being an organ of the extreme radicals, is regarded as being a sober element with a large circulation among liberal intellectuals.

The article has undoubtedly heightened the spreading impression that the full truth has not yet come from Russia.

Agitation is increasing in favor of compelling the government to state explicitly this attitude toward Russia. It is now regarded as practically certain this agitation will result in President Wilson being urged to declare his stand on the Russian situation during his visit here.

HAMBURG SCENE OF RIOTING; 30 KILLED

THE HAGUE, Dec. 24.—Thirty rioters were killed and 83 wounded when revolutionary troops turned machine guns on a mob of 250 drunken soldiers that were plundering shops in Hamburg, according to information from the German frontier today.

Thousands of German strikers are joining the extremists.

BERLIN, Dec. 24.—Marines who revolted when ordered to sea are entrenched in the Royal palace after a battle with the military guard.

Upon receiving their orders several regiments of marines rioted, kidnapping the military commander of the city and holding him prisoner.

In the fighting which ensued, four marines were killed and 10 wounded.

TOUGH LUCK FOR PUPILS

ASHEVILLE, N. C., Dec. 21.—Schools here will be held open on Saturdays and the Christmas holidays are to be cut to one week in order to make up for time lost during the recent Spanish influenza epidemic.

Halfway—Baker Cornucopia post road approved at Washington; will cost \$100,000.

Soldier Revolutionists Patrolling Berlin Streets After Armistice Was Signed, With Machine Guns Mounted on Top of Automobile

Germany's revolution, unlike Russia's, has been practically bloodless, but it required force to turn from anocracy to new conditions. This photograph, one of the first to reach this country, shows German soldiers who went over to the revolutionists patrolling the streets with an automobile atop of which two machine guns are mounted.

REVENUE MEASURE PASSED BY U. S. SENATE

WASHINGTON, Dec. 23.—Without a record vote, the Senate late tonight passed the war revenue bill, reduced to raise about \$6,000,000,000, in 1919, and \$4,000,000,000 in 1920, as compared with the levy of \$3,200,000,000 for next year proposed in the bill passed by the House three months ago.

When the final vote was taken at 10:40 o'clock, the Senate had been in continuous session for nearly 13 hours. Immediately after the passage of the bill the Senate began its holiday recesses until January 2. Absence of a quorum in the House, however, had prevented that body from putting a similar program into effect.

Senator La Follette's revenue substitute bill, which would raise \$6,743,000,000 chiefly by increased rates and surtaxes, was lost, 55 to 6, after the author had spoken for nearly three hours. Senators voting for its adoption were Borah, Gronna, Morris, Nugent, Vandaman and La Follette.

On a final vote of 41 to 23 the Senate sustained its previous action in approving the committee amendment to repeal existing zone rates on second-class mail and substituting a rate of 1 cent a pound within 150 miles and 1-2 cents beyond.

R. H. WARFIELD GIVEN SENTENCE OF 3 MONTHS

PORTLAND, Ore., Dec. 23.—Robert H. Warfield, contract manager of the Home Telephone company, was sentenced to three months in the county jail by Federal Judge Bean Monday for importing liquor into Oregon.

Gus Emeric was sentenced to two months and George Pifer to 30 days. Emeric and Pifer were co-defendants with Warfield.

The men agreed to plead guilty to a misdemeanor rather than stand trial for a felony.

John B. Stevenson, E. E. Meres and F. H. Wilton, attorneys for the defendants, pleaded eloquently but unsuccessfully with the court in the effort to have fines imposed and save the men from imprisonment. It was represented that Warfield was a man with a family, was struggling to pay off a mortgage on his home, was a victim of the liquor habit for years, had entered into the conspiracy with Emeric and Pifer only in the hope of gaining whiskey to satisfy his own craving, but not for profit, and had otherwise led a blameless life.

TWO SOLDIERS KILLED SUNDAY IN AUTO WRECK

PORTLAND, Dec. 23.—Two men were killed and seven others were injured when the police patrol, driven by Patrolman Ralldahl, collided with another automobile at East Seventh street and Hawthorne avenue shortly before 1 o'clock Sunday morning.

The dead men are Private Bert Heller, of the 11th Spruce division, and Corporal James Jardin of the same unit. Those injured were: Roy E. Barnes, medical detachment, Vancouver barracks, who suffered a broken clavicle and was badly cut and bruised about the chest and head; Patrolman Ralldahl, seriously bruised and cut about the head and body; Patrolman Bruening, lacerated hand; Patrolman Gell, lacerations about head and face; George W. Randall, of 20 North Twentieth street, lacerations about the head, and F. K. Stewart, of Thirteenth and Jefferson streets, lacerations about the head.

According to the story told by the policemen the patrol was headed west on Hawthorne avenue. At East Twelfth they had picked up the soldiers and civilians as they were all waiting for a car.

PROBLEMS OF RUSSIA ARE TO BE FACED

LONDON, Dec. 24.—The British government will lay before President Wilson all information it has gathered respecting the Russian situation.

Dispatches from Archangel point out that Bolsheviki forces there are well supplied. Any serious reverse to the allies in northern Russia, who have an enormous front to guard, would result, it is said, in the territory being overrun by the Bolsheviki and probably the massacre of those Russians who have been friendly to the allies.

It has been suggested that more seasoned troops should be sent to Russia. Sections of public opinion here and in France, however, are opposed to entering into a further large venture into Russia which might mean the starting of a new war.

TAXES ON LUXURIES FAVORED BY CONGRESS

WASHINGTON, Dec. 23.—The senate finance committee sustained its first defeat in the consideration of the 1919-20 revenue bill this afternoon when, by a vote of 38-22, the senate rejected its recommendation that a majority of the luxury taxes, adopted by the house, be stricken from the bill.

Determined to pass the 1919-20 revenue bill so that members may leave Washington promptly for the Christmas holidays, the senate prepared today to remain in continuous session until the final vote is taken.

Senator Kenyon criticized the senate for its "inattention to this important bill."

As many as 13 senators have been here at one time while this bill was being discussed," he exclaimed. "If the people of the country could look down from the galleries, they would wonder why we have a senate at all. When the time comes for a vote, senators rush in here and get the word of the chairman of the finance committee that a vote 'aye' is a vote to sustain the committee. Then they fall all over themselves to sustain the committee. What is the use of having anything more than a finance committee to frame a revenue bill?"

ALLIES AND U. S. TO FEED WHOLE WORLD

PARIS, Dec. 24.—Allied intervention in Russia is essential, declares V. N. Kokovsov, formerly Russian Premier, in a statement to this morning's newspapers.

"A military dictatorship," he said, "must be established. Should the allies not intervene, it would permit the Germans to strengthen and extend their grip on Russia and finally bring about close political relations between the two countries."

"Will the allies intervene? Frankly, I hardly think so. I bring from London a rather pessimistic impression. In that capital, they aspire above all to complete the settlement of the catalysis which upset the world and seem afraid of the mere idea of fresh complications."

LODY GEORGE PREPARING FOR CONFERENCES

LONDON, Dec. 24.—Premier Lloyd George has arrived in London to prepare for the momentous conferences which will be held between the state ministers and President Wilson on Friday.

It was learned on good authority today that these discussions are expected to result in the closest cooperation between Great Britain and America upon naval policies.

The situation regarding the freedom of the seas has already begun to clear up as the time for the president's arrival draws near.

There is a feeling of confidence that President Wilson understands England's position and will acquiesce in a degree, thus eliminating possible opposition to the proposed league of nations.
