

# TO LIMIT NEWS FROM CONGRESS OF PEACE

PARIS, Jan. 15.—The supreme council of the peace congress has decided that hereafter all information concerning the proceedings will be restricted to an official communique prepared jointly by the secretaries of the delegations of the five great powers. The delegates will not comment on or give out any other information.

Hitherto it has been the practice of the governments taking part in the preliminary peace conversations, says a statement given out by the official press bureau today, to issue separate communiqués regarding the proceedings.

## IMPORTANT POSITION OF REDS IS CAPTURED

BERLIN, Jan. 13.—The Silesian railway station, which was the last important Spartacan stronghold in Greater Berlin, now is in possession of the government forces.

Government forces captured the police headquarters after a short bombardment. When the fighting began the troops fired a few shells and then waited to see what effect had been made upon the Spartacans. When the latter failed to show any sign of yielding two men were sent forward with a white flag, demanding surrender. They were fired upon and killed.

Artillery fire was then resumed for a few minutes and the Spartacans began trying to flee. The soldiers thereupon stormed the building and took several hundred prisoners. No government troops were killed. The Bolsheviks are believed to have suffered the loss of 50 killed and many wounded.

Rosa Luxemburg, associated with Dr. Karl Liebknecht in the leadership of the rebellious Spartacan forces in Berlin, has been arrested by government soldiers, according to a report in the Taegische Rundschau.

## CONGRESS OF PEACE CONVENES IN PARIS

PARIS, Jan. 13.—The supreme war council reassembled at the French Foreign Office at 2:30 o'clock this afternoon. President Wilson and French, British, Italian and Japanese delegates were present. It was the first time that the Japanese delegates had attended.

The first business before the supreme council was the new terms of the extension of the German armistice. The terms had been formally drawn up at a meeting this morning of military, naval, economic and financial experts of the allies and the United States. The morning meeting which was presided over by Marshal Foch, reached a complete agreement on the new armistice terms.

Nothing has developed to alter the statement that the American delegates are primarily concerned with the creation of a league of nations and the making of a just peace. Territorial ambitions, local quarrels and rivalry for economic advantages among the European delegates are secondary in the minds of the Americans.

## OLD CABINET OF HUNGARY HAS RESIGNED

LONDON, Jan. 14.—The Hungarian cabinet has resigned according to dispatches received from Budapest today.

The new cabinet, which has not yet been formed, probably will be Socialist, it was reported.

The Bolsheviks have planned a big mass meeting. No disorder has occurred but government troops are ready for any contingency.

The allied food mission has gone to Vienna, another dispatch said.

## WILSON PLANS UNITED STATES TOUR ON RETURN

PARIS, Monday, Jan. 13.—President Wilson is considering a speaking tour of the United States when he returns home. It is said that this trip will take him into many of the principal cities, and it is possible he may touch the Pacific coast.

With congress out of the way early in March, Mr. Wilson would have an opportunity for such a tour before returning to Europe should he follow his original plan, and if his return should be necessary. He would also have time for his proposed trip before the convening of an extraordinary session of congress, should he decide to call one. So far as known, Mr. Wilson has no plans for an extra session, but he still holds to his idea of returning to the peace congress if it is felt his presence is necessary to the success of the league of nations.

## DELEGATES AT LABOR MEETING NAME DEMANDS

CHICAGO, Jan. 15.—A referendum vote on peace conference decisions; unrestricted passport privileges and formation of a soldiers' and sailors' council, are demanded in resolutions to be introduced today at the labor congress on the Mooney case.

Frank Turco of Seattle, Wash., who drafted the resolutions declared he would insist on their passage immediately, even before the conference gets to work on its primary purpose—discussion of methods for the release of Thomas J. Mooney.

Turco asserted the people of the United States want to vote on the decisions of the Versailles conference and that congress should allow a referendum. Concerning the passport demand, Turco said the move was made to give internationalists freer rein in traveling from one country to another.

## PRESIDENT OPPOSES PLANS OF ITALIANS

PARIS, Jan. 11.—While President Wilson has waited for the opening of conversations with the premiers of the allied nations, he has been devoting himself to the close study of the food situation, the acute question of demobilization and the extent to which he will support the claims it is expected Italy will make at the peace congress. American participation is allied intervention in Russia and Poland and other countries and the Bolshevik movement are problems not looked upon as paramount at this time.

It is understood Mr. Wilson has informed Premier Orlando of Italy as to his attitude relative to Italian aspirations east of the Adriatic. He is not expected to approve Italian domination of the Adriatic, but he will probably support Italy's demands that her Eastern coast be made safe from military threats.

## BLAME FOR DELAYS OF MAILED PLACED ON WAR DEPARTMENT

WASHINGTON, Jan. 10.—Blame for delays in the transmission of mail to and from soldiers overseas was placed on the war department today by Second Assistant Postmaster General Praeger in testimony before the senate postoffice committee. Most of the trouble, he said, was due to "carelessness on the part of military officials and the war department's failure to co-operate with the postal authorities."

Mr. Praeger said a report from a postoffice inspector in France said that "carloads and carloads" of mail in France have not been delivered. The witness was unable to recall the exact number, but said there were between eight and ten carloads.

"Thousands and probably millions of letters addressed to soldiers overseas, which have accumulated and have not been delivered will arrive in New York within a few days," Mr. Praeger said, "and will be sent to the dead letter office, where an attempt will be made to return them to the writers."

## FORMATION OF LEAGUE FIRST ON PROGRAM

PARIS, Jan. 14.—The first question to come up before the actual peace conference will be that of the proposed league of nations, and it was made known today that it had been planned for the conferees to devote 12 hours daily to this work, if necessary until it is on the way to completion.

The first plans of the structure of a league of nations probably will be somewhat composite, representative of a consensus of opinion on the part of the American, British and French statesmen. It is intended to serve as a starting point.

Marshal Foch is today on the way to his headquarters at TREVES to meet the German armistice delegates and lay down terms for extension of the armistice. There was some disposition during yesterday's conferences to make the terms of the extension more drastic than had at first been proposed, but this was not carried out.

## U. S. CRUISER LANDS IN NEW YORK WITH MANY WESTERN BOYS

NEW YORK, Jan. 15.—The United States cruiser, St. Louis, bringing the 364th field artillery, 45 officers and 1255 men, arrived here today from Brest. Twenty-six of these were sick and wounded. The regiment, consisting of 1 per cent regulars and 99 per cent conscripted men, was trained at Camp Lewis, Wash. It saw service in Belgium with the 91st division, and returned under command of Colonel Frankenberg.

The men aboard were from Oregon, California, Washington, Montana and Idaho.

## SEVERAL KILLED BY RIOTS IN SOUTH AMERICA

BUENOS AIRES, Jan. 10.—Soldiers and soldiers with rifles and machine guns patrolled the streets today following a night of strike rioting in which many were killed and injured.

In fighting at the Vazna iron works soldiers turned machine guns on the strikers, who replied to this fire with machine guns taken from the arsenal when they raided it. Six were killed and many were wounded.

The Catholic girl's school was set afire by the strikers but none was hurt.

Socialist deputies demanded to know why the government permitted the disorders. This precipitated a fight in congress.

President Irigoyen urged congress to declare military law.

Newspapers were not sold on the streets today, only enough copies being printed for delivery to subscribers.

Half the police went on strike. Others joined them. As a result there were no police on the streets.

Mobs estimated at 150,000 have terrorized the city. Many buildings and one church have been burned.

When the arsenal was raided the guards were overpowered. Large quantities of arms and ammunition were distributed to small groups of rioters throughout the city.

## MORE TROOPS ON WAY HOME FROM FRANCE

WASHINGTON, Jan. 14.—The transport Manchuria has sailed from France for New York with more than 4000 troops and the transport Canada for Boston with about 1200.

NEW YORK, Jan. 14.—The United States cruiser Huntington arrived here today from Brest with 44 officers and 1700 men from the American Expeditionary Forces. The troops included the headquarters company of the 39th coast artillery brigade and the 67th coast artillery regiment complete. Eight men of the regiment were

## PRESIDENT CONFERS WITH PERSHING ON RETURN OF TROOPS

PARIS, Jan. 13.—If President Wilson has his way, all of America's fighting men now in Europe will be back in the United States within the next eight months.

It became known Sunday that the president's conference with General Pershing Saturday dealt exclusively with the subject of American demobilization.

The president is known to be deeply interested in the speediest possible return of the American troops. He realizes their home coming affects every freeman in the United States and he is, therefore, anxious to cut the red tape and allow the men to go back to civil life without any delay not absolutely imperative.

## ARTHUR C. DAVIS SENTENCED TO SERVE ONE TO TEN YEARS

PORTLAND, Jan. 13.—Arthur C. Davis, self-confessed bank robber was given an indeterminate sentence of from one to ten years at the State penitentiary at Salem. The robbery of the East Side Bank, from which Davis is alleged to have taken a large sum in negotiable and non-negotiable securities, occurred last November.

Davis will be taken to Salem at once to begin serving his sentence.

A paroled sentence, which was denied by Circuit Judge Stapleton, in sentencing the youth, may start at any time after the minimum term—one year.

Davis, well dressed and groomed, took the sentence without a sign of emotion. His wife was not in court.

The recommendation for such a raise was made by the matter left to the local unions throughout the state. The committee on constitution and bylaws recommended an amendment to provide sick benefits for injured workmen at \$10 per week. At the annual election of officers, M. J. Dunn of Spokane, was made president, A. M. Hall of Aberdeen, vice president, and F. H. Pike of Seattle, secretary-treasurer.

## PADEREWSKI IS WOUNDED BUT NOT FATALLY

VIENNA, via London, Jan. 13.—Ignace Jan Paderewski, the pianist, has been shot and slightly wounded by a Bolshevik. The attempt at his life was made at the hotel where Paderewski is staying. His assailant has been arrested.

The above dispatch does not make clear in what city Paderewski was shot. At last accounts he was in Posen, Prussian Poland.

## GERMANY VERY SLOW IN DELIVERING WAR MATERIAL TO ALLIES

PARIS, Jan. 13.—Yesterday's session of the supreme council of the peace congress was a lengthy one lasting from 2:45 to 6:45 o'clock. One of the matters considered was a report by Marshal Foch on the degree to which the Germans had fulfilled the conditions of the armistice.

It is unofficially stated that under the conditions of the armistice, Germany had up to January 12 repatriated 458,000 French prisoners, leaving 28,000 remaining in Germany; that there are several hundred pieces of heavy artillery yet to be delivered, as well as 300 mine throwers; that 1697 locomotives out of the 5000 stipulated had been turned over, 61,650 railroad cars out of 130,000 and 4,422 motor trucks out of 5000. The 1700 airplanes called for by the armistice conditions have been delivered.

## HASTE IS URGED ON FOOD BILL TO END FAMINE AND UNREST

WASHINGTON, Jan. 13.—President Wilson has sent an urgent message to Senator Martin and Representative Sherry, chairman of the congressional appropriation committee, asking them to present with all possible force and urgency to congress the need for immediate favorable action on his request for an appropriation of \$100,000,000 for food relief in Europe.

The president said European statesmen urged immediate and concerted action as a means of stemming the tide of famine and unrest, and that food relief was the key to the whole European situation and to the solution of peace.

## LUXEMBURG REPUBLIC OVERTHROWN; FRENCH SOON RESTORE ORDER

LONDON, Jan. 14.—The republic of Luxembourg, which was proclaimed on Thursday, lasted only six hours, according to a report to the Express from Brussels, which adds that French military authorities restored order in the grand duchy.

## GOVERNMENT TROOPS CONTROL SITUATION IN BUENOS AIRES

BUENOS AIRES, Jan. 14.—At 4 o'clock this morning, it was said at police headquarters that no serious clashes had been reported anywhere since 10 o'clock last night. At that hour, it was believed the government had the situation in hand. Hundreds were killed Sunday.

Reports from Montevideo say authorities there are strengthening their forces against the Bolshevik movement. Troops have been thrown around Villa de Cerro, localizing strike disorders to that district where there are American packing houses.

Severe fighting occurred at a sugar refinery in Rosario yesterday following the declaration of a general strike. Civilian guards with rifles and drawn revolvers patrolled Buenos Aires Sunday.

It is announced that 150 persons aiming at the overthrow of the government had been arrested.

**PAY FAR BEHIND**  
WASHINGTON, Jan. 12.—Of 2,500,000 checks for dependents' allotments and allowances deducted from soldiers' pay for November and December, only \$30,000 have been mailed. Secretary Glass said today all October payments had been made and checks for the next two months would be out.

## EXTRA PAY IS ASKED AT CONVENTION FOR DISCHARGED TROOPS

PORTLAND, Jan. 10.—Most important of the many resolutions which will be presented to the state reconstruction convention now in session at the Public Auditorium is one memorializing congress to immediately provide for an allowance to each soldier, sailor or marine of \$50 for civilian clothes and one month's pay at the time of discharge, and an allowance of five months' pay to be paid monthly, and also transportation to the point of registration or to his home town, at the election of the discharged soldier, sailor or marine.

These resolutions were drafted by a committee appointed yesterday afternoon by Mayor Baker, chairman of the convention, consisting of City Commissioner Bigelow, J. M. Hawkins, of Albany; James D. Stewart, of Fossil, and Mayor Bell, of Hood River, after attention of the convention had been called to the manner in which men in the service are being discharged without any funds to meet immediate wants.

Repeated warning that only an immediate solution of the unemployment enigma will serve to nip in the bud the poison plants of I. W. W. and Bolshevik propaganda was sounded again at yesterday's session of the Oregon State Reconstruction Convention, while delegates bent every effort toward advancing feasible solutions.

Somewhat out of order by the rules of the convention, which were suspended with acclamation, the assembled delegates waited not for the end of the session, but passed a resolution, addressed to Congress, asking that alien residents who evaded the selective draft be forever debarred from citizenship.

## COLUMBIA COUNTY EDITOR ON TRIAL FOR ALLEGED LIBEL

ST. HELENS, Jan. 13.—Ham Kurtzman, publisher and editor of the Columbia Herald, is on trial in the circuit court. Twenty-one indictments alleging libelous and obscene utterances in his paper face the editor. The regular jury panel was exhausted and a special venire summoned. Sheriff Stanwood was excused from summoning the jury on account of his being one of the persons libeled.

The court appointed U. S. Despain as editor over the protest of Kurtzman's attorneys, who claimed Despain was prejudiced against their client. The objection was overruled. Friday morning Kurtzman's attorneys filed an affidavit from H. Spencer which stated Despain had remarked that he knew more about the jurymen than the attorneys would.

The fact that Despain was not sworn in as an editor was also taken as a reason why the special venire he summoned should be discharged. Judge Eakin took the matter under advisement and discharged the special venire and appointed the court bailiff to summon a special venire.

## BOLSHEVIKI REPULSED BY BRITISH AT RIGA

WASHINGTON, Jan. 14.—British expeditionary forces have landed at Riga and have "successfully encountered the Bolshevik forces," according to information received at the state department today from Helsingfors, Finland. These advices also assert that Estonian forces have occupied a line along the Valge river, having been successful in the use of armored trains. Lithuanian press bureau reports of the capture of Vilna by the Bolsheviks announce that the enemy's advance has been checked and that the government has been safely removed to Kovno.

## UKRAINIAN SOLDIERS MASSACRE OVER 2000

WARSAW, Jan. 14.—Bolshevik advance guards approached to within 170 miles of Warsaw Sunday. It was reported here today. They have captured Orany and Ukarlo. The main force reached the general line of Lida and Baranovitch.

GENEVA, Jan. 14.—Two thousand persons have been killed at Przemysl, Galicia, by the Ukrainians, according to a dispatch to the Neue Freie Presse of Vienna, a copy of which has been received here.

The Ukrainians have been bombarding Przemysl for several days past by land and by air, and conditions in the town are described as terrible.

The gas and electric plants have been destroyed and there is no light in the town. Water and food also are lacking.

LONDON, Jan. 14.—An unconfirmed wireless message from Kiev says that the Ukrainian directorate has fallen. The power in the city now is in the hands of the Bolsheviks.
