

MOVE MADE TO PROTECT AMERICANS IN MEXICO

WASHINGTON, Feb. 12.—Reports of continued outrages in Mexico against Americans prompted Senator Lewis of Illinois, the Democratic whip of the senate, to launch a movement to strengthen the administration's policy to an extent sufficient to guarantee the safety of American lives and property.

The senator introduced a resolution calling for the addition of "such a course as would be appropriate for the United States government to take that will make secure in Mexico, under the present government, the lives and property of Americans."

AGREEMENT REACHED ON RESTORATION OF SIBERIAN TRAFFIC

WASHINGTON, Feb. 12.—Acting Secretary Polk announced at the state department today that the United States had accepted formally the proposal of the Japanese government in regard to plans for the restoration of railway traffic in Siberia.

"The purpose of the agreement," Mr. Polk's statement said, "is to assist the Russians in Siberia in regaining their normal condition of life and have reached upon a definite understanding that the railways are to be operated for the interests of the people of Siberia."

GERMAN SHIPS WILL BE USED TO CONVEY U. S. SOLDIERS HOME

NEW YORK, Feb. 12.—German ships of approximately 300,000 tons flying the American flag, and furnishing the United States an additional troop-carrying capacity of more than 60,000 men a month, will be ready to put to sea in the next few weeks, according to Edward N. Hurley, chairman of the United States shipping board, who returned today on the transport Leviathan.

Hurley left here last November with Herbert Hoover of the food administration, to make a study of the shipping situation, formulate plans for getting American soldiers home and arrange for sending food supplies to Europe.

GERMAN CITY SCENE OF GENERAL STRIKE EVERYBODY GOES OUT

BERLIN, Feb. 6.—The whole city of Dusseldorf has "walked out." Officials, clerks and other employees in the service of railroads, posts, telegraph, telephone and service lines; bankers, lawyers, physicians, school teachers and other persons engaged in professions have quit work. The strike is in keeping with the threat to the executive council of the communistic government to call a general strike of all bourgeois classes if their demands were not granted. This unique protest is the first of its kind to be applied on a big scale as a retaliation against Spartacan terrorism.

GENERAL STRIKE IN SEATTLE IS ENDED

SEATTLE, Wash., Feb. 10.—At 1 o'clock this afternoon the general strike committee voted to terminate the sympathy strike at noon tomorrow, and called upon those unions which already have returned and are at work to lay down their tools until that time in order to demonstrate the solidarity of labor. Few are answering the appeal, which is counted to be the last row to save some remnant of seeming victory for the leaders.

The end of the sympathy strike does not affect the earlier individual strike of the 25,000 shipworkers, who struck in protest against the Macy award. These will remain out until some definite adjustment is reached, it is announced. As for the sympathy strike, Mayor Hanson maintains that it never was genuine, so far as its commanding spirits were concerned, and that they seized upon it as the pretext for rebellion and the disruption of government and industry.

GERMANS ATTACK POLES
ZURICH, Feb. 1.—German troops have attacked the Poles at several points along the eastern frontier, according to dispatches from G. Magalini, Riverstob, August 1918.

FRUIT JUICE FACTORY FOR SOUTH BEND

SOUTH BEND, WASH., Feb. 10.—At a meeting of the Pacific County Development Congress, held here Friday night, the proposition of securing a fruit juice factory for the county was heartily endorsed. The Northwest Fruit Products company of Olympia and Salem, has been looking over the county with a view to establishing a factory at some point here and desired an expression of the people as to what encouragement the project would get. The company wants at least 200 acres of blackberries and loganberries guaranteed and will pay 6 cents a pound for evergreen blackberries and 4 1/2 cents for loganberries on a five-year contract. The South Bend Commercial club also favored the location of the factory in this county.

SAILING DATE OF PRESIDENT MAY BE CHANGED

PARIS, France, Feb. 8.—The league of nations commission held a special meeting at 10:30 o'clock this morning in an effort to speed work on the draft of the constitution.

It was officially announced that substantial agreement was reached on the chief points discussed at Friday night's meeting, but that the commission has decided to refer decisions it has made to the sub-committees for classification.

Owing to the amount of work in connection with the league that is yet to be completed, the President probably will defer his sailing for home—scheduled for next Friday—to February 16 or 17.

The committee working on internationalization of waterways will get down to business next week. One of its first subjects will be the question of whether the Rhine is to be an open waterway or placed under commission similar to that which will control the Danube.

SENATE VOTE DEFEATS BILL FOR SUFFRAGE

WASHINGTON, Feb. 10.—The senate for the second time during the present congress declined this afternoon to submit the proposed suffrage amendment to the federal constitution to the states for ratification.

The vote was: Yeas, 55; nays, 29.

The vote on October 1, 1918, was 53 to 31, with 12 voting present.

Woman suffrage leaders gave notice immediately after the conclusion of the roll call that they would demand reconsideration of the resolution by the senate before the present session ends.

The vote proved a bitter disappointment to suffragists who had counted on President Wilson and other Democratic leaders to swing the southern Democrats into line.

JAPAN WILL AID RUSSIA SETTLE RED QUESTION

VLADIVOSTOK, Feb. 10.—Reports from Omak state that the Russian government there has accepted an offer from Japan of men, money and arms to settle the Bolshevik difficulty.

This step, it is said, is due to reports that the allies are to withdraw their forces from Siberia and also to a fear that the conference at Princes Islands will result in recognition of the Bolsheviks.

In return for the aid she is to give, the reports state, Japan will secure an

BILL TO CURTAIL POWER OF PUBLIC COMMISSION KILLED

SALEM, Feb. 7.—Virtually all of the afternoon session of the senate yesterday was consumed with debate on Senator Huston's famous bill curtailing the powers of the public service commission. A minority report from the committee on revision of laws recommending that the bill be killed won and it was indefinitely postponed. Eddy, Banks and Moser shouldered the argument against the bill and Senators Huston, Strayer and others spoke for it.

It was intended to deprive the commission of authority to set aside any utility rate fixed by franchise prior to November 7, 1912, and grow out of the commission's order increasing street car fares in Portland from 5 to 6 cents. That case was prominently mentioned in the debate.

THOUSANDS OF MINERS IN BUTTE ARE IDLE

BUTTE, Mont., Feb. 10.—Approximately 12,000 men are idle in Butte tonight and the city is virtually under the control of the militia, due to the strike of members of the Butte Metal Miners' union (independent) and of the Metal Mine Workers' industrial union No. 899 on the Industrial Workers of the World.

Miners who are said not to favor the strike, failed to go to work this morning, due, it was said, to fear of violence.

It also was asserted that many of those heretofore against the strike had decided to join the strikers this morning. The men are striking against the recent reduction in wages of \$1 a day and for abolishment of the "rustling" card system in vogue here.

ALLIED TROOPS TO BE CALLED FROM RUSSIA

PARIS, Feb. 10.—The associated powers are expected within a few days to proclaim formally the principle of non-intervention in Russia, militarily or politically, it was learned from a reliable source today. It is possible to state further in this connection they will carry out their intention to withdraw as rapidly as possible the troops now in Russian territory.

This is the outcome of the Anglo-American representations made to France 10 days ago. Advice from Northern Russia indicate it will be impossible to get boats to Archangel for several weeks as that port is tightly frozen in. The allies do not desire to withdraw their troops from Murmansk while their troops are still on the Archangel front as that would leave the latter exposed to an attack from the west.

MILL WORKERS ATTACK POLICE MANY WOUNDED

LAWRENCE, Mass., Feb. 10.—A pitched battle between several hundred strikers and their sympathizers and a squad of 100 policemen was fought at the gates of the Arlington mills today. It was the most serious disorder since the beginning of the textile strike a week ago. The police used their clubs freely. Clubs and stones were used by the strikers and their sympathizers. Many of the latter were wounded. As fast as they fell, friends gathered them up and took them away.

The vicinity of the mills has been the storm center of the strike. Today

BIG TRANSPORT ARRIVES WITH MANY TROOPS

NEW YORK, Feb. 11.—The transports Metapan, Pasadena, and Duca Degli Abruzzi arrived here this morning with homecoming troops and nurses.

The Metapan brought 119 nurses from the Presbyterian hospital units and five others. The Pasadena had 23 casuals and nine officers.

Aboard the Abruzzi were 194 officers and 1452 men, mostly coast artillerymen.

The Leviathan, with 9925 officers and men, is not expected to enter the bay until late this afternoon. Other troop ships scheduled to arrive today included the United States ship Charleston from Hroat with 54 officers and 1196 regulars; the Hickman, from Bordeaux with 31 men and 10 officers; Woonsocket and Peerless, also from Bordeaux, with 11 officers and 187 men.

According to mail received here recently, the Leviathan has on board 20 aerics. Higham went west 75

MANY SOLDIERS TO START FOR HOME IN VERY NEAR FUTURE

WASHINGTON, Feb. 6.—Departure from France of five transports with more than 650 officers and 15,000 men was announced today by the war department. Among the units aboard are the 371st and 372d infantry complete, parts of several other infantry regiments and the 68th coast artillery regiment, complete. The transports are due to arrive at New York, Boston and Newport News between February 12 and 18.

FIVE PERSONS ARE KILLED IN BERLIN IN BLOODY CLASH

BERLIN, Feb. 10.—Five persons were killed and 30 wounded in a clash between government troops and civilians in the neighborhood of Alexander Platz Saturday evening.

The street had been ordered closed while soldiers searched the houses for arms and ammunition. Street vendors refused to move when ordered to do so. Then both sides were reinforced.

The troops fired the first volley over the heads of civilians, but the next volley was aimed pointblank.

Numerous red soldiers and sailors joined the civilians, shouting "Down with the bloodhounds!"

CONGRESS URGED TO KEEP GUARANTEE ON PRICES OF WHEAT

WASHINGTON, Feb. 6.—"It is unthinkable that congress, having placed a guarantee on the price of wheat, should in any manner neglect to keep faith with the farmers of the country," Julius Barnes, president of the food administration grain corporation, told the house agricultural committee Wednesday.

As further argument for maintaining a guarantee upon the price of wheat, Mr. Barnes protested "that America shall not place the power to name the value of its product in the hands of any concentrated buying agency (foreign) no matter how friendly."

It was made clear that no rationing system for this country is contemplated nor regulation of retailers.

RULER OF ENGLAND IN FAVOR OF LEAGUE

LONDON, Feb. 11.—"I rejoice particularly that the powers assembled at the peace conference have agreed to accept the principles of a league of nations, for it is by progress along that road that I see the only hope of saving mankind from a recurrence of the scourge of war," said King George in an address today opening parliament.

Reviewing the situation at the close of the war King George declared that in order to reap the full fruits of victory and safeguard the peace of the world adequately, an army must be maintained.

It was after this declaration he made reference to the peace conference at Paris.

HUGE WAVE WASHES MANY OVERBOARD AS TENDER IS STRUCK

BELLINGHAM, Wash., Feb. 10.—Seven men were washed overboard and drowned late Saturday night, 10 miles south of here, from the cannery tender Uwanta of the Pacific American Fisheries Co., according to the best estimates available here. Five men were known to have been drowned and it was believed that two others also suffered death.

There were about 25 persons aboard when the vessel was struck by a great wave which washed a number of the passengers overboard. Some are known to have reached the shore in safety but until a careful check of the employees has been made, it will not be known definitely how many were victims of the tragedy.

GORDON HOTEL SCENE OF MURDER SOMETIME SATURDAY MORNING

PORTLAND, Oregon, Feb. 10.—With her throat cut from ear to ear, and her neck and face bearing the imprints of the assassin's hands, Mrs. Lula Deuvel, known also as Mrs. Louisa Schreiber, 32 years old, who had said she was the wife of a traveling salesman, was found dead in her room in the Gordon hotel, West Park and Yamhill streets, Sunday afternoon by Mrs. N. L. Hays, manager of the house. The woman was last seen alive Friday night, and believed to have been murdered some time early Saturday morning.

A dark complexioned youth, whom the woman previously had introduced as a childhood friend from California, and again as her nephew, who was the last person seen in her company, is being sought by the police. Jealousy is given as the cause of the murder. Valuable jewelry, both on her person and in the room, was untouched.

POLICE IN BUTTE MONTANA RELEASED FOR LACK OF FUNDS

BUTTE, Mont., Feb. 10.—Mayor Maloney announced this morning that owing to lack of funds in the city treasury he would lay off all firemen and policemen at noon. The street car men at 7 A. M. took their cars to the barns. If the mayor follows out his threat regarding the police, the city will be left with only the protection of United States troops at a time when it is threatened with a general strike similar to the one at Seattle.

The commander of the United States army forces here today issued a proclamation guaranteeing protection to all miners who wish to work. Only a few engineers are now working in the mines.

GIGANTIC TAX BILL SUBMITTED CONGRESS

WASHINGTON, Feb. 6.—The biggest tax bill in American history was submitted to congress today for final approval.

When Representative Kitchin, chairman of the house ways and means committee, presented the conference report on the war tax bill to the house he announced it will gather from the people \$6,070,000,000 in taxes for the fiscal year ending July 1, 1919, and in succeeding years a little less than \$4,200,000,000.

While big incomes and swollen profits bear heavy taxes, the man of small and moderate means has a heavy burden.

Senator Lodge, Republican leader, has publicly expressed the fear that it "imperils business"; which, he says, is facing a very difficult year.

STRIKE IN TACOMA IS DECLARED OFF BY LABOR COUNCIL

TACOMA, Feb. 10.—Following the decision of the Central Labor council last evening, the general strike is off in Tacoma today and members of the unions who went out in the sympathetic strike went back to work at 8 o'clock this morning.

With the exception of shipyard workers, all strikers returned to their jobs promptly at 8 o'clock this morning, and Tacoma's so-called general strike became a thing of the past.

RESERVES OF NAVY ARE TO BE RELEASED
WASHINGTON, Feb. 5.—Rear Admiral Victor Blue, chief of the bureau of navigation, wrote Chairman Padgett of the house naval committee today that the navy department had directed to date the release of 40 per cent of the reserves, 40 per cent of the men who enlisted for the war only
