A statement to this effect, made by at least one of the committeemen after the White House conference, was characterized "as a deliberate falsehood." Mr. Tumulty refused to discuss what the president did say about the Irish question.

Text includes 'PLAY the smokegame with a jimmy pipe if you're hankering for a hand-out for what ails your smokeappetite!' and 'For, with Prince Albert, you've got a new list on the pipe question that cuts you loose from old stung tongue and dry throat worries!'

In 1848 Sir Arthur Garrod proved that in gout (also true in rheumatism) there is deficient elimination on the part of the kidneys and the poisons within are not thrown off.

Prof. H. Strauss attributes a gouty attack to the heaping up of poisons where there is an abundance of uric acid which is precipitated in the joints and sheaths, setting up inflammation. Before the attack of gout or rheumatism there is sometimes headache, or what is thought to be neuralgia, or rheumatic conditions, such as lumbago, pain in the back of the neck, or sciatica.
