Oil Well Made This Gob a Millionaire, But He Won't Try to Quit Stoker's Job

E. L. Perkins

E. L. Perkins

If you were a gob and had been kept on the jump feeding coal into the capacious maw of the U. S. S. Imperator and somebody drilled an oil well on your ranch in Texas and you suddenly had an income of \$480,000—what would you do? E. L. Perkins, stoker on the giant transport to whom this very thing happened, has two years and five months to serve yet and he says he is not going to seek his discharge. When he is out of the navy he is going to try to do good with his money, he says, and as the oil well is increasing its output it is believed that soon his income will be a million dollars.

OAK GROVE BOYS ARE EXPERT CANNERS IN RECENT CLASS WORK

The Canning club of the Oak Grove school has been holding a series of instruction classes during the past week under the supervision of Mrs. Mary Guthrie, and in conjunction with their instruction work they have canned a large quantity of fruit and berries for the residents of the Oak Grove vicinity.

It is an interesting fact in connection with the session just closed that the boy members of the classes exceeded the girls in number and they have also shown a greater interest in the instruction work and actual canning operations than have the girls.

It is prophesied that the boys of the Oak Grove Canning club will make the members of the other canning clubs of the county exert themselves to the limit to prove themselves on a par with them in the competitive session that will be staged next month.

PHONE OPERATORS TO RECEIVE MUCH RETROACTIVE PAY

SAN FRANCISCO, July 24.—That still further concessions than a slight wage increase were won by the telephone operators of the Pacific coast by the strike just ended was shown today in announcement that they will receive retroactive pay since January 1.

The wire control board in Washington made the award, according to telegrams received today from John P. Noonan, vice president of the International Brotherhood of Electrical Workers.

Approximately 17,000 electrical workers and telephone operators will benefit by the order. The increase, dating from January 1, will offset the loss of wages during the strike.
