of the Red Cross Christmas seals for that part of Clackamas county from Milwaukie to Jennings Lodge both inclusive of the schools, clubs, stores and individuals are assisting in the sale of the seals. Miss M. Campbell is chairman of the district from the club and the supplies for Oak Grove are in charge of Mrs. V. G. Benzie. Mrs. H. W. Stevens has charge of Jennings Lodge district and Mrs. J. J. Gross for Concord and Miss Campbell for Milwaukie.

The Community Improvement club held its regular meeting Monday night with a fair attendance. The recent election of bonding the county for roads was discussed at length and a committee appointed to investigate the legality of the issue.

The proposed election which was to have been held Saturday, December 6 and called off was discussed and since it has been found that the former commission elected some two years ago still existed, a committee was appointed to further investigate this and learn what should be done to further the installation of the water system. L. H. Harris was elected as vice president to fill a vacancy in that office and G. E. Baker was elected on welfare committee. The next meeting will be held two weeks hence at which time reports of above committees will be heard.

Governor Calkins Urges Government Securities for Presents Instead of Luxuries

Governor John U. Calkins of the San Francisco Federal Reserve Bank has written a letter to all banks and trust companies in the Twelfth Federal Reserve District urging them to promote, wherever possible, the sale of War Savings Stamps and Treasury Savings Certificates for Christmas presents this year.

The increased demand for these Government securities, the Treasury Savings Certificates being similar to War Savings Stamps in denominations of \$100 and \$1000, is apparent from the fact that the Federal Reserve Bank supplied \$60,200 worth of Treasury Savings Certificates to eighteen banks in the district on November 20, which is the largest amount sold in one day since the close of the war. On the face of the demand of these eighteen banks and the increased call for the securities from all postoffices throughout the Twelfth Federal Reserve District, it would seem that the Government's holiday slogan, "Give a War Savings Stamp or a Treasury Savings Certificate for Christmas," is being followed out.

From left to right standing, Kendall, John Montgomery, Wallace Mass, Ed Lavier, Clyde Montgomery, Arthur Beattie, Harry Soller, Antone Stanich. Seated from left to right, Earnest Mass, Rayle, Wayne Hampton, George Story, Willard Montgomery.

This team went through the 1919 season with but one defeat. Its record is an enviable one. They defeated Oswego 32 to 0, Astoria 20 to 0, Albin 20 to 0, and were defeated by the Chemawa Indian team 7 to 0.

Christmas presents in place of the usual needless and expensive gifts. It seems to me that the responsibility of leading men's minds along the ways of thrift and simple living rests to a great extent upon the bankers of the country and in asking you to push the sales of Treasury securities during the Christmas holidays, I am asking you only to take advantage of an opportunity to meet this responsibility.

In addition, Christmas posters carrying an appeal to give War Savings Stamps and Treasury Savings Certificates for Christmas presents will be distributed throughout the Twelfth Federal Reserve District, and all banks have been asked to include a similar appeal in their advertising.

A Seattle labor leader buys War Savings Stamps "because," he says, "the interest on them will offset the war taxes I have to pay whenever I buy anything."

Wood Aids Episcopal Campaign To Fight Elements of Disorder

GENERAL LEONARD WOOD Who Aids Nation-Wide Campaign in Opposing Bolshevism.

"The church should go systematically and vigorously after the elements of disorder, after the red flag," declares Major General Leonard Wood in a recent message as leaders of the nation-wide campaign of the Episcopal church. General Wood, who is an Episcopalian, is among the thousands of laymen working in the nation-wide campaign, the climax of which will be Sunday, December 7, when a minimum of \$12,000,000 was sought in an every-member canvass among the one million communicants of the church in America.

"We see every day what anarchy means and we are likely to have many evidences of it in this country," continues General Wood's message. "There should be energetic preaching throughout the land on the subject; it will help tremendously because the whole world is in a state of unstable equilibrium."

Low Temperature Over Middle West

CHICAGO, Dec. 10.—Below zero temperatures prevailed today in virtually all districts from Mississippi valley to Rockies and a cold wave was sweeping eastward.

Many middle west towns are out of fuel and suffering its'utense. Record snowfalls are reported in many middle western states, while high winds added to terror.

INCREASED USE OF TRUCKS AND TRAILERS WILL HELP OUT COST OF TRANSPORTATION

Fresh Country Produce Being Loaded Into Truck for Quik Shipment Into Near-by City.

Our faulty distribution of food-stuffs and other necessities of life is responsible to a considerable degree for high prices to consumers. Official investigations show that it costs as much to deliver farm products from railroad terminals at New York to city consumers as to ship them by rail from points as distant as Buffalo, or to deliver a ton of coal in Chicago as to ship it from the mines in southern Illinois.

High Cost of Hauling.
On the other hand the cost of hauling products from the farm to the shipping points and to take manufactured goods back to the farm is double or triple what it need be. These transportation costs at both ends of the rail haul must be added to the prices charged for farm and factory products and the consumer "pays the freight."

Rail and water haul are the cheapest forms of transportation and there is no prospect of any substantial reduction of freight charges. The only possibility of lowering the cost of transportation materially lies in the

SALEM, Dec. 10.—Action of the governor in announcing he would call a special session of the Oregon legislature on the second Monday in January, 1920, primarily to consider legislation tending toward more liberal financial relief for injured workmen under state compensation act and providing funds with which to meet demands of the soldiers, sailors and marines educational aid law, apparently has opened way for avalanche of bills, if early indications are any criterion of future.

News that the governor had decided to call an extraordinary session of lawmakers had hardly been given out when C. H. Gram, state labor commissioner, announced that he would go before legislators and ask for a law providing for the creation of so-called safety commission.

Other bills to be introduced are measures to amend the gasoline law to permit sale of gasoline of lower specific gravity than at present; bills to curb profiteers; a number of labor measures and some local county bills. These have all come into the open already and it seemed probable today many others would develop.
