THE NAUTICAL KNOT WILL BE TIED BY CANBY STUDENTS

CANBY, Or., Jan. 28.—The Nautical Knot, is the name of the operetta to be given by the students of the Canby high school on Saturday evening at the band hall.

This promises to be one of the most successful entertainments ever given by the students, and from the indications there will be a large audience.

Each student has been busily engaged in disposing of the tickets, and the admission is to be 50 cents. The proceeds will go toward the piano fund.

COUNTY CLERK CALLS FOR HELP TO SECURE ELECTION OFFICERS

County Clerk Fred A. Miller says that in spite of his best efforts he has not yet been able to fill up the various election boards in the eleven voting precincts in this city.

Mr. Miller says that he has advertised for volunteers among the citizens of this city to serve on the boards but that so far only one has come forward offering this service.

Mr. Miller said he thought it would be a splendid thing if the Woman's Club of Oregon City would take this matter up as he felt quite sure that the club could quickly secure volunteers for this work if they understood to do it.

He hoped that the club would get in touch with him in the next day or two with this idea in view.

DESSERTION CHARGED TO WIFE

John F. Rennick has brought suit for divorce from Mabel Rennick, charging desertion. They were married in Oregon City in July, 1912.

Hoover Independents

Democratic newspapers, and so-called Independent journals, like one of our Portland neighbors, are wildly enthusiastic over the possibility of Mr. Hoover becoming a candidate for the presidency. "Let's make it unanimous," they cry.

This is very natural. Everybody, with a mind for political analysis, knows that the people of this country are tired of Democratic party misrule. They have long realized that the Southern party has again demonstrated its total incapacity for governmental efficiency, and they clamor for relief from the burdens of high living costs and the payment of excess profits taxes that have fostered waste and encouraged official extravagance.

The New York World, always Democratic and always partisan, started the Hoover ball rolling with the declaration that it would be for Hoover on any ticket against the field. The cuckoo press climbed into the Hoover band wagon in mad haste. They know that the country does not want a Democratic administration, so they decry party politics, mildly criticize the late lamented Democratic congress and sternly denounce the Republican congressional leaders, and shout: "Give us Hoover!"

Mr. Hoover is unquestionably a man of considerable ability. He is reported to have been born in Oregon, with which he had nothing to do, and he was a poor boy, which is in his favor. He was able, by some means, to go out into the world and make a fortune estimated around twenty millions. This is some stunt.

We do not believe, however, that people generally will be fooled by the Democratic press. They were fooled four years ago with the "kept us out of war" propaganda. Labor swallowed the Wilson surrender, not seeing ahead to household conditions that make it difficult for the average family to make both ends meet and to keep out of debt. What the country needs most of all is a strong, purposeful man, armed with courage, tempered with fairness, and endowed with an understanding of the nation's social and industrial problems, and who will be big enough to compel congress to swallow the medicine prescribed.

COUNTY COURT BILL FOR PAID ASPIRANTS MAY HIGHWAY BOARD BE PLENTIFUL NEW PROPOSAL

Prospective candidates for places on the county court are beginning to loom upon the political horizon in Clackamas county, and there is no likelihood of the nominations for either county judge or commissioner going begging. Two aspirants on the Republican ticket for county judge are already in the field. E. L. Pope, of Parkplace, having made a formal announcement of his candidacy and L. L. Porter, of West Linn, having thrown his hat in the ring. It is generally understood that Harvey E. Cross, a representative in the legislature, will also be a candidate for the judgeship, though he has made no announcement and rumor has it that Judge Thomas F. Ryan, for eight years deputy state treasurer, may make a try for the nomination. He served two terms as county judge of Clackamas. Other reports are to the effect that Judge Ryan will be a candidate for state senator.

W. H. Counsell, of Milwaukie, is being urged to become a candidate in the primary election for county commissioner on the Republican ticket. Mr. Counsell has the matter under consideration, it is understood. He has more than a local reputation as a road builder, and the district north of the Clackamas river is said to be for him almost to a man. Mr. Counsell is widely known and is believed to have unusually strong endorsement and would make a first-class county commissioner.

W. H. Mattoon, for eight years a member of the county court, and who retired four years ago, when he was succeeded by W. A. Proctor, may again seek the place. Mr. Proctor has declined to be a candidate for a second term. E. D. Olds, of Oak Grove, and Charles W. Kruse of the Oswego district are possible candidates. If geographical precedent is followed the nomination will go to some candidate north of the Clackamas river.

DEPUTY HUGHES GETS YOUTH WHO SHOT UP LOGGING TRAIN

Deputy H. H. Hughes took into custody Wednesday morning Rea McMains, aged 14, on the road between Oregon City and Boring as the boy who fired the three shots into the Maquire logging train on Tuesday evening about five o'clock as the train was bringing the crew of men into camp from the woods, one of which passed through the shoulder of one of the workmen.

Deputy Hughes was in company with County School Superintendent J. E. Calavan and County Club Leader Miss Snedeker when they met the McMains boy with his father driving into Oregon City.

The father was bringing the boy in to the sheriff's office.

The boy was examined by Deputy District Attorney J. Dean Butler, who said later that the boy claimed that Tuesday evening he was out in the woods close to the track with a new gun, a .22 caliber high power rifle; that he saw a squirrel on a tree and that he fired three shots in rapid succession.

The boy said he saw the train slowly moving about two hundred yards away. He went on home, laid his gun on a post and did his chores.

While engaged in this work some man came up to him and asked him about his shooting and then two more came up and the first man told these two that the boy did the shooting.

On Wednesday morning the boy's father got ready to bring him into the sheriff's office to give him up. They were on the road here when they were met by Deputy Hughes, who took the boy in charge.

Judge Anderson of the Juvenile court has set the hearing of the lad for Saturday, February 7.

COUNTY TREASURER IS BUSY TRANSFERRING AND CLOSING ACCOUNTS

The County Treasurer's office is working overtime just now in its effort to balance all of the special road district funds in preparation for the transferring of the small districts into the large districts formed only recently when all of the districts throughout the county were put into eleven road boundaries covering the entire county.

Miss Dunn said that many of the small road districts had in some cases large sums to their credit and some of the districts were overdrawn but that the credit balances would show up greater than the deficits.

This work has become necessary in anticipation of the issuance of the new issue of road bonds voted at the special bond election a few weeks ago for road improvement in this county.

Miss Dunn also said that when this work is completed she thought it altogether likely that an unusually heavy road warrant call would be made and the warrants paid from the funds that are now on hand with the treasurer.

OLD BANK BUILDING SECOND FLOOR MADE INTO BUSINESS OFFICES

The interior of the building owned by the Bank of Oregon City, and formerly occupied by the Morning Enterprise, is being made into office rooms. Two offices will be occupied by C. Schugel, the attorney, and one by Arthur Beatie, while a rear room will be occupied by E. H. Cooper as an insurance office.

A single room adjoins that of the Cooper office, and which still remains not rented, although there have been several applications for the same.

The third floor formerly used as a bindery by the Morning Enterprise, is to be torn down, and a rear room used as a stock room, and also a room used for the presses will have the floors removed, and will allow the store below more ceiling room and light.

The partition dividing the hallway leading from the stairway has been removed, and the hallway now leads to almost the length of the building.

R. A. Jenken is in charge of the improvements, and expects to have the rooms ready for occupancy by about the middle of February.
