

VERA CRUZ GOVERNOR ESCAPES REBELS AND FLEES TO MOUNTAINS

VERA CRUZ, May 17.—General Carranza, governor of the state of Vera Cruz and son-in-law of President Carranza, who has been virtually a prisoner of revolutionary forces near Orizaba for the past week, escaped last night.

It is believed he is trying to join Carranza, who fled into the mountains near Chalchicomula Friday. General Aguilar has with him about 300 of his followers.

Pursuit of Carranza is being vigorously pushed by Generals Pedro Sanchez and Higinio Aguilar, leaders of the revolutionary forces which fought a grim battle with Carranza's army last week. They have a superior force of cavalry.

OMAHA, May 18.—Eight smaller stores today joined the five large establishments which have announced reductions of from 20 to 30 per cent.

A large automobile dealer made reductions of \$250 on open and \$400 on closed car models.

A store which made a 20 per cent reduction announced the cut would extend to its restaurants also.

One of the concerns which started with a 20 per cent cut, announced an additional reduction of 10 per cent.

EMBARGO IS URGED ON SUGAR SHIPMENTS TO CONSERVE SUPPLY

NEW YORK, May 18.—An immediate embargo on all sugar shipments from the United States was urged on Attorney General Palmer today by Armin W. Riley, special assistant attorney general, in charge of profiteering investigation.

Riley telegraphed the attorney general that an embargo was necessary to conserve domestic supplies and "keep prices within reasonable bounds."

He also suggested that congress be asked to pass legislation permitting the department of justice to restrict unnecessary sales of sugar for luxuries such as candy and soft drinks.

SAN QUENTIN, Cal., May 18.—James P. ("Bluebeard") Watson, confessed murderer of nine women he married bigamously, arrived at the state penitentiary here at 9:30 o'clock today to begin a life sentence imposed on him in Los Angeles.

Watson was taken from the train at Point Richmond and allowed to rest for an hour in the Richmond police station, as he appeared to be weak and nervous. It was determined that he should leave the train at Richmond in order to avoid the possibility of meeting curious crowds in San Francisco.

BRITISH SENDING MORE SOLDIERS TO WEST CORK

LONDON, May 17.—More than 2000 British troops were landed at Bantry, Ireland, about 50 miles west and south of Cork, according to advices here today.

The troops will be distributed throughout West Cork at points five miles apart.

The British soldiers went ashore near the same point where French forces attempted invasions of Britain through Ireland in 1689 and 1786.

A detachment of 150 soldiers unexpectedly occupied the town of Skibbereen, 12 miles south and east of Bantry. They commanded several buildings, including the town hall.

The movement was believed here to be the first indication of new repressive measures planned by General Macready, commanding British forces in Ireland.

The government is sending and will continue to send troops to Ireland whenever the authorities ask for them, Andrew Bonar Law, government spokesman, told the house of commons late today.

SIMS CHARGED WITH UTILIZING FORGED CABLE

WASHINGTON, May 18.—Secretary Daniels today charged Rear Admiral Sims with introducing a forged cablegram as evidence in the senate naval investigation.

The cable, as offered by Sims bore the signature of "Daniels," but the secretary today offered the original copy of the cable and denied it bore his name. The dispatch in question related to the convoy system and held that vessels having armed guards were safer sailing independently. Daniels said the original bore the signature of A. F. Carter of the bureau of naval operations.

The investigation into the attempt to fix upon the civilian secretary a telegram signed by another official ought to be produced by Admiral Sims, who produced this altered telegram and who owes an apology to me and to the country for the impression undertaken to be made by his testimony based upon a false signature," Daniels told the committee.

HOUSER FOUND NOT GUILTY OF FRAUD CHARGES

PORTLAND, May 13.—Max H. Houser, second vice president of the United States grain corporation, has been exonerated of charges of manipulation of the grain market during his term of office as an official of the federal grain corporation.

The investigation into the conduct of the grain corporation's affairs in these Pacific Northwest has been conducted by the department of justice at the request of Houser himself. It followed a report by a United States grand jury at Spokane criticizing the grain corporation for alleged price manipulating and suggesting that Houser, who is president of the Portland Flouring Mills company, had profited, with other millers, as a result of his government position.

United States Attorney Humphreys, who has been conducting the investigation into the grain corporation's affairs, refused to give out information on the department of justice report until he is authorized to make an official announcement from Washington, but there is believed to be no doubt of the nature of the government's findings.

RESOLUTION TO END WAR WITH HUNS IS ADAPTED

WASHINGTON, May 15.—The republican resolution to end the state of war with Germany and Austria was adopted today by the senate and now goes to conference.

By a vote of 43 to 38, the senate previously had substituted the Knox resolution for that recently adopted by the house. The vote on adoption was 43 to 38.

Three Democrats—Reed of Missouri, Shields of Tennessee and Walsh of Massachusetts—supported the resolution. Two Republicans—McCumber of North Dakota, who was paired, and Nelson of Minnesota—opposed the measure.

CONGRESS SURPRISED BY VETO OF PRESIDENT

WASHINGTON, May 13.—President Wilson's veto of the legislative, executive and judicial appropriation bill today took congress by surprise. The surprise appeared not so much to be the fact of a veto, but that Mr. Wilson should complain of "encroachment" by congress on executive authority.

This appears to be Mr. Wilson's answer to charges long ago made by Republicans and now re-echoed by leading Democrats, that the executive has usurped every kind of authority that he could find and has been seeking something new to usurp. It will be conceded, doubtless, however, that some of the president's points are well taken because in its attempt to put a check on waste and extravagance in printing and in the administration of public buildings, congress, inadvertently may have stepped over the line in a few places.

SUPPORT OF DEMOCRATS IN OREGON IS DIVIDED

WASHINGTON, May 13.—It was evident from private telegrams reaching Washington today from Oregon that a number of Democrats in that state favor making a clear-cut issue between Senator Chamberlain and the president.

The view of these Democrats appears to be that since the telegram sent by Secretary Tumulty yesterday to H. J. Smith, chairman of the Oregon Democratic state central committee, there is nothing to do but accept the challenge and say to every Democrat in the state, "You must either stand for Chamberlain or the president. You cannot support both at the same time."

It was late today before many of the leading Democrats had seen the Tumulty telegram to Chairman Smith, which, to their minds, clinched the fact that the president's telegram of last Sunday night sent to Gilbert R. Hamaker of Portland, anti-Chamberlain leader, was for the purpose of injuring Senator Chamberlain.

Escaped Convicts Taken at Mill City

SALEM, Ore., May 17.—"Cherokee" James, a guard of the Oregon state penitentiary, negotiated the capture at Mill City Saturday of Al Meadows and W. J. Jenkins, trustees who escaped from the Aumsville wood camp a week ago. Mill City is in Marion county.

Meadows was convicted for implication in a train robbery at The Dalles in 1914, was later paroled, and violated his parole by leaving the state in company with Frank Wagner, who cracked a safe at Astoria. They were captured at St. Joseph, Mo.

Jenkins was convicted in Union county for forgery and received at the state prison January 18, this year.

The blimp, carrying a crew of four men, 336.00; W. H. Bonney, 40.46; S. F. left North Island at 9:45 A. M. and returned here at 3:30 P. M., having maintained an average altitude of 800 feet.

JURY FREES YOUTH OF MURDER CHARGE AT THIRD TRIAL

MARSHFIELD, Ore., May 17.—Harold Howell, 16, was acquitted by a jury yesterday of the murder of Lillian Leuthold, who was found dead in the woods near Bandon July 27, 1919. The boy faced trial for the death of the girl three times, the two former hearings resulting in disagreements of the jury. The jury which gave Howell his freedom was reported to have stood seven to five in favor of acquittal on the first ballot.

The principal evidence against the defendant related to the bullet taken from the girl's head, which witnesses testified could have been fired from a rifle used by Howell. The boy's frank manner on the witness stand is believed to have gone far toward winning the verdict.

REDS ARE PLEDGED TO DOWN GOVERNMENT SAYS MILITARY MAN

SPRINGFIELD, Ill., May 17.—"There are 50,000 organized reds in the Chicago district, the northern tier of the counties—pledged to overthrow this government. Within that 50,000 there is an armed red guard, copied after the Russian soviet."

So asserted Adjutant General Frank S. Dickson, head of the military forces of Illinois. Twice during his speech he said: "I know whereof I talk and am responsible for what I say."

He, with Colonel Milton J. Foreman, state commander, were speakers before the American Legion.
